- AD. *See* Antidumping (AD)
- AFTA. *See* ASEAN Free Trade Agreement (AFTA)
- Agglomeration theory, 181–82, 182n4
- Agreement on Textiles and Clothing (ATC), 368. *See also* Multi-Fiber Agreement (MFA)
- Agriculture, protectionism and, 5–6
- Air freight, 377–78
- Andean Pact, investment creation and, 160, 161
- Andean Trade Preference Act (ATPA), 369n4
- Antidumping (AD): East-Pacific nations and, 356–58; filing patterns and success rates for, 340t; general trends for initiation of, 346t, 347–49; general trends for targets of, 345–47; growth in use of, 336; growth of new users of, 338–45; industry patterns for, 349–52; intensity of filings of, 338, 339f; long-run perspective on, 336–38; macroeconomic determinants of new and traditional users of, 352–56; number of worldwide cases of, 337f; as protectionism, 334–35
- Antidumping (AD) law, 331–32; growth of, 341. *See also* Dumping
- Antidumping (AD) policy, 5, 329–30; Asian-Pacific countries and, 330–31; as back-burner topic, 330
- Apparel, 367–68; effect of U.S. trade policy on prices of imports of, 378–83; extent of protection in, 370–76; trade, demand for timeliness and, 376–78; U.S. trade policy in, 368–70. *See also* Multi-Fiber Agreement (MFA)
- ASEAN Free Trade Agreement (AFTA), 2, 157, 161, 217–20
- Asia. *See* East Asia
- ATPA. *See* Andean Trade Preference Act (ATPA)
- Banking crises, 254; effects of, on trade, 274–76, 275t; frequency of, by country, 260–63, 261t, 262f; impact of, 256–59. *See also* Currency crises; Financial crises
- Basic Survey of Business Structure and Activity (MITI), 207
- Bilateral investment treaties (BITs), 146
- Binding quotas, effects of, 378–83
- Border delays, 6; directions for future work on, 400; model of trade with, 392–95; policy implications of, 400–401; Russian case study of, 395–400
- Brunei, 218
- Cambodia, 187, 218
- Capital-labor ratios: in Japan, 3; measuring, 91
- Caribbean Basin Initiative/Caribbean Basin Economic Recovery Act (CBI/CBERA), 369–70
- CER. *See* Closer Economic Relations (CER)

- CGE. *See* Computable general equilibrium (CGE) assessments
- China, 1, 219–20; DSU negotiations and, 318–19; free trade agreements and, 219; GATT and, 288, 290–91; Multi-Fiber Agreement and, 368–69; Taiwanese FDI in, 115–17; trade arrangements and, 2; WTO disputes involving, 316–18, 317t
- Closer Economic Relations (CER), 138; investment creation and diversion of, 157, 161; trade creation and diversion by, 150
- Clothing. *See* Apparel
- Computable general equilibrium (CGE) assessments, of PTAS, 139–40
- Corporate firms, internationalization theory of, 182–83
- Corruption, border delays and, 394
- Countervailing duty, 336
- Currency crises, 254; effects of, on trade, 274–76, 275t; frequency of, by country, 260–63, 261t, 262f; impact of, 259–60. *See also* Banking crises
- Custom clearance delays, 6. *See also* Border delays
- Customs unions, 134
- Development, changing strategies for, 179–80. *See also* Research and development (R&D)
- Dispute settlements, GATT: in East Asia, 288–95; involving Japan, 292–95; involving Korea, 292, 292t; involving Thailand, 291–92, 291t. *See also* Dispute settlements, WTO
- Dispute settlements, WTO, 1–2, 5; East Asia in dispute settlement understanding negotiations and, 318–20; history of, 287; involving China, 316–18; involving Philippines, 315, 315t; involving Taiwan, 316–18; involving Thailand, 315–16, 316t; Japan as complainant in, 297–99, 298t; Japan as respondent in, 298t, 299–300; Korea as complainant in, 301t, 307–15; Korea as respondent in, 300–307, 301t; overall statistics for, in East Asia, 295–97; procedures for private parties and, 320–21. *See also* Dispute settlements, GATT
- Dispute settlement understanding (DSU) negotiations, East Asia and, 318–20
- Distribution networks, 177–78; economic logic supporting, 180–83; formation of, in East Asia, 178; policy issues, in East Asia, 202–5. *See also* Production networks
- Domestic employment. *See* Employment
- DSU negotiations. *See* Dispute settlement understanding (DSU) negotiations
- Dumping, 332–33. *See also* Antidumping (AD)
- East Asia: AD actions in, 356–58; in DSU negotiations, 318–20; free trade agreements in, 218–20; GATT dispute settlements in, 228–95; machinery trade in, 183–87; nominal and effective rate of protection in, 227–29; overall statistics for WTO dispute settlements in, 295–97; simulation analysis impacts of FTAs on economies of, 220–29; simulation results of impacts of FTAs on economies of, 229–44; trade flows in, 183–87; trade patterns in, 222–27. *See also individual countries*
- East Asia Vision Group, 219
- EC/EU. *See* European Community/European Union (EC/EU)
- Eclectic paradigm (Dunning), 83
- Economic growth. *See* Growth
- Effective rate of protection (ERP): defined, 246; in East Asia, 227–29
- EFTA. *See* European Free Trade Agreement (EFTA)
- Employment: domestic, foreign investment and, 4; effects of FDI on domestic, 109–11; estimating effects of FDI on domestic, 117–25; exports and, 109–10; investment location and, 115–17; overview of manufacturing, in Taiwan, 111–13; statistics on, in Taiwan, 113–15
- Employment Status Survey* (Japan), 38
- ERP. *See* Effective rate of protection (ERP)
- European Community/European Union (EC/EU), 2, 138; investment creation and diversion of, 160–61; trade creation and diversion by, 150–51
- European Free Trade Agreement (EFTA), 151; investment creation and diversion of, 157, 160, 161
- Exporters: learning and Korean, 63–74; performance of Korean, 59–63; productivity of, 56

- Export propensity, measuring, 92
- Exports: employment and, 109–10; financial crises and, 5; forces behind, 3; productivity and, 54–56
- Factor contents, changes in, in Japan's trade, 19–27
- Factor proportions, 3
- “Fair” value, 332–33
- Far East: activities of Japanese firms in, 199–202; regional economic integration in, 202–5
- FDI. *See* Foreign direct investment (FDI)
- Financial crises: data for, 260–61; effects of, 5, 254; estimation results for study of, 264–80; gravity model for, 263–64; literature review of, 254–56; overview of, 253–54; types of, 254
- Firm nationality approach, 199–202
- Foreign direct investment (FDI), 81–82; competitiveness and, 109; domestic employment and, 4; effects of, on domestic employment and, 109–11; effects of, on Taiwanese employment, 117–25; job loss and, 109; overview of, in Taiwan, 111–13; statistics on, in Taiwan, 113–15; in Taiwan, 115–16
- Fragmentation: defined, 181; of production, in Japan, 27–28; theory, 180–81, 181n2
- Free trade agreements (FTAs), 134; in East Asia, 218–20; growth of, 217–18; simulation analysis for impact of East Asia, and East Asian economies, 220–29; simulation results for impacts of, and East Asian economies, 229–44
- Free trade areas, 217, 217n1
- Free trade associations, 217n1
- FTA. *See* Free trade agreements (FTAs)
- GATT. *See* General Agreement on Tariffs and Trade (GATT)
- General Agreement on Tariffs and Trade (GATT): accession for East Asian members to, 289t; antidumping and, 331–32; China and, 290–91. *See also* Dispute settlements, GATT; World Trade Organization (WTO)
- Global Trade Analysis Project (GTAP) model, 5, 220–22
- Gravity model, 140–42
- Growth: international trade openness and, 56; sources of, Japan vs. U.S., 7–9, 8t
- Hong Kong, machinery trade in, 185t
- Horizontal intraindustry trade (HIIT), 183
- Human capital deepening, in Japan, 10–15
- Imports, financial crises and, 5
- Indonesia, 218; GATT and, 288; machinery trade in, 185t
- Innovation networks, 86
- Integration, trade and, 4–5
- Internationalization theory of corporate firms, 182–83
- International linkages, 86
- International trade, 1; dispute resolution and, 1–2; effects of financial crises on, 254; as equilibrium phenomenon, 2; in Japan, 15–19
- Intraindustry trade (IIT) index, defined, 245–46
- Investment location, effect of, 115–17
- Israel-U.S. trade agreement, 161
- Japan, 1, 219–20; activities of firms in, in Far East, 199–202; analysis of determinants of factor intensities for, 32–36; capital-labor ratios in, 11–13, 11t; changes in factor contents in trade in, 19–27; as complainant, in WTO disputes, 297–99; DSU negotiations and, 318; free trade agreements and, 219; GATT and, 288; GATT disputes involving, 292–95; international fragmentation of production in, 27–28; international trade in, 15–19; machinery trade in, 184t, 188–99; physical and human capital deepening in, 10–15; as respondent in WTO disputes, 299–300; rising capital-labor ratios in, 3; sources of economic growth in, vs. U.S., 7–9, 8t; subcontracting system in, 188, 188n10; trade arrangements and, 2; WTO disputes involving, 298t
- Japan-Singapore FTA, 218
- Korea, 1, 219–20; as complainant in WTO disputes, 301t, 307–15; data on exporting plants in, 57–59; DSU negotiations and, 318; free trade agreements and, 219; GATT and, 288–90; GATT disputes involving, 292, 292t; machinery trade in, 184t; performance of exporters vs. nonexporters in, 59–63; as respondent in WTO disputes, 300–307,

- Korea (*cont.*)  
 301t; selection and learning of exporting plants in, 63–74; study on exporting and productivity in, 55–56; trade arrangements and, 2; trade dispute settlement and, 5
- Laos, 187
- Learning effect, 54–55
- Local capital investment ratios, measuring, 91–92
- Local content ratios, measuring, 91, 98–99
- Local industrial R&D capabilities, measuring, 92–94
- Locational advantage, 83; of Taiwan, 84–85
- Machinery trade: in East Asia, 183–87; in Japan, 188–99
- Malaysia, 218; DSU negotiations and, 319; machinery trade in, 185t
- Manufacturing functions, 85–86
- Market linkage effects, 99–100
- Member Liberalization Index (MLI), 138
- MERCOSUR. *See* Southern Common Market (MERCOSUR)
- Mexico, 370, 383
- MLI. *See* Member Liberalization Index (MLI)
- MNCs. *See* Multinational corporations (MNCs)
- Multi-Fiber Agreement (MFA), 6, 329, 367–68; effects of, 383. *See also* Apparel; Protectionism; Trade agreements
- Multinational corporations (MNCs): internationalization advantages of, 84; motives for offshore R&D by, 86–88; ownership advantages of, 84; R&D by, in Taiwan, 88–90; R&D facilities of, 81–82
- Multinationals, R&D and, 3–4
- Myanmar, 187, 218
- NAFTA. *See* North American Free Trade Agreement (NAFTA)
- Networks. *See* Distribution networks; Production networks
- Nominal rate of protection (NRP): defined, 246; in East Asia, 227–29
- Nonbinding quotas, effects of, 380–83
- North American Free Trade Agreement (NAFTA), 2, 138; apparel and, 369–70; investment creation and diversion of, 161; investment creation of, 160; trade creation and diversion by, 150
- NRP. *See* Nominal rate of protection (NRP)
- OLI. *See* Ownership, location and internationalization (OLI)
- One-way trade, 183
- Openness, international trade, economic growth and, 56
- Outsourcing, 27–28, 85; correlations for, and VIIT share, in Japan, 31–32; effect of, on wage inequality, 32–36; measures for, 40–44; share of, by industry, in Japan, 28–31
- Ownership, location and internationalization (OLI) theory, 182–83, 182n5
- Perfect substitution theory (Mundell), 110
- Performance, of plants: exporting and, 59–63; Korean exporters and, 63–74
- Perishability, borders delays and, 394–95
- Philippines, the, 218; machinery trade in, 184t; trade arrangements and, 2
- Physical capital deepening, 10–15
- Plant performance. *See* Performance, of plants
- Plant total factor productivity, measuring, 75–76
- Population Census of Japan*, 37–39
- Predatory pricing, 332
- Preferential trading arrangements (PTAs): breadth of coverage of, 137–39; computable general equilibrium (CGE) assessments of, 139–40; conclusions about, 162–64; gravity model of, 140–47; investment creation and diversion of, 157–62; static welfare effects of, 164–66; theoretical review of, 133–37; trade creation and diversion of, 147–56
- Production networks, 177–78; economic logic supporting, 180–83; form of, in East Asia, 178; policy issues, in East Asia, 202–5. *See also* Distribution networks
- Productivity: exporting and, 54–55; research on, 3
- Protectionism, 2; agriculture and, 5–6; anti-dumping and, 334–35; custom clearance delays and, 6; effect of U.S., prices of apparel imports and, 378–83; textile industry and, 6. *See also* Multi-Fiber Agreement (MFA)
- PTAs. *See* Preferential trading arrangements (PTAs)

- Quotas: effects of, 378–83; incidence of, 372–76
- Rapid replenishment strategy, 377–78
- RCA. *See* Revealed comparative advantage (RCA)
- R&D. *See* Research and development (R&D)
- Regionalization indexes, defined, 245
- Regional trade agreements (RTAs), 217n2.  
*See also* Free trade agreements (FTAs)
- Research and development (R&D), 3; empirical results for factors determining intensity of foreign affiliates for, 95–100; internationalization of, 83–84; literature on, 82; location choice and, 3–4; methodology for exploring factors determining intensity of foreign affiliates in Taiwan for, 90–95
- Revealed comparative advantage (RCA), defined, 246
- Russian trade, border delays and, 395–400
- Service link costs, 181
- Singapore, 218; machinery trade in, 185t; trade arrangements and, 2
- Southern Common Market (MERCOSUR), 2; investment creation and diversion of, 11; trade creation and diversion by, 147, 150–51
- South Pacific Regional Trade and Economic Cooperation Agreement (SPARTECA), investment creation and diversion of, 157, 161
- Statistics on Overseas Chinese and Foreign Investment, 83
- Taiwan: DSU negotiations and, 318–19; effect of foreign investment on domestic employment in, 4; effect of investment location and, 115–17; effects of FDI on employment in, 117–25; empirical results for factors determining intensity of R&D by foreign affiliates in, 95–100; FDI in, 115–16; GATT and, 290; locational advantages of, 84–85; methodology for exploring factors determining intensity of R&D by foreign affiliates in, 90–95; overview of FDI and manufacturing employment in, 111–13; R&D by foreign corporations in, 88–90; R&D decisions in, 3–4; R&D in, 85; statistics on FDI and employment in, 113–15; WTO disputes involving, 316–18, 317t
- Tariffs, apparel industry and, 375
- Textile industry, protectionism and, 6
- Thailand, 218, 291–92; DSU negotiations and, 318, 319–20; GATT disputes involving, 291–92, 291t; machinery trade in, 184t; trade arrangements and, 2; trade dispute settlement and, 5
- Timeliness, demand for, apparel trade and, 376–78
- Total factor productivity, measuring plant, 75–76
- Trade: effects of banking crisis on, 274–76, 275t; effects of currency crises on, 274–76, 275t; effects of financial crises on, 278–80; evidence on creation and diversion of, 147–55; integration and, 4–5; patterns, in East Asia, 222–27
- Trade agreements, 5; Asians and, 2. *See also* Apparel; Multi-Fiber Agreement (MFA)
- Trade barriers, 2
- Trade flows, in East Asia, 183–87
- Trade patterns, factor proportions and, 3
- Trading arrangements, effects of, 4. *See also* Preferential trading arrangements (PTAs)
- United States: effect of trade policy of, prices of apparel imports and, 378–83; share of apparel imports in, 374–75, 374f; sources of economic growth in, vs. Japan, 7–9, 8t; trade policy in apparel of, 368–70
- US-Israel trade agreement, 161
- Value added contents, 199–200
- Vertical intraindustry trade (VIIT), 28, 183; correlations for, and outsourcing, in Japan, 31–32; data sources for, 39–40; measurement methods for, 39; share of, by industry, in Japan, 28–31
- Vietnam, 187, 218
- Wage inequality, effect of outsourcing on, 32–36
- World Trade Flows database, 142
- World Trade Organization (WTO): accession for East Asian members to, 289t; antidumping and, 331–32. *See also* Dispute settlements, WTO; General Agreement on Tariffs and Trade (GATT)
