## PREFATORY NOTE

This volume of *Studies in Income and Wealth* contains the papers presented at the Conference on Production Relations held in October 1965 at the Carnegie International Center in New York City. The Program Committee consisted of Alfred Conrad, Evsey Domar, S. A. Goldberg, James F. Knowles, and Murray Brown, who served as chairman and conference editor. In addition we are indebted to Ester Moskowitz for editorial work and H. Irving Forman for charting.

*Relation of National Bureau Directors to  
Publications Reporting Conference Proceedings*

Since the present volume is a record of conference proceedings, it has been exempted from the rules governing submission of manuscripts to, and critical review by, the Board of Directors of the National Bureau. It has, however, been reviewed and accepted for publication by the Director of Research.
