

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Economic Analysis of Environmental Problems

Volume Author/Editor: Edwin S. Mills, ed.

Volume Publisher: NBER

Volume ISBN: 0-87014-267-4

Volume URL: <http://www.nber.org/books/mill75-1>

Publication Date: 1975

Chapter Title: Index

Chapter Author: Edwin S. Mills

Chapter URL: <http://www.nber.org/chapters/c2844>

Chapter pages in book: (p. 461 - 472)

Index

- Abatement. *See* Residuals management and control
- AFL-CIO (American Federation of Labor-Congress of Industrial Organizations), 374, 382, 383
- Air pollution. *See* Air quality
- Air pollution, acute episodes of: in Donora, Pa., 325, 327; in London, 325, 327, 444; in Los Angeles County, 329; in Meuse Valley (Belgium), 325; morbidity during, 326-327; mortality during, 325, 326-328; in New York City, 326-327, 328. *See also* Atmospheric inversions; Health effects of air pollution
- Airport and Airway Development Act of 1970, 367
- Airports: in Chicago, 361; factors affecting location of, 360-394; in London, 390-392, 394 (*see also* Roskill Commission); in Minneapolis-St. Paul area, 352-394 (*see also* Joint Committee; Metropolitan Airports Commission; Metropolitan Council; Wold-Chamberlain Field); in New York, 390
- Airport Zoning Act, 370
- Air quality: atmospheric factors affecting, 181-183, 213, 328, 330, 333-343 *passim*, 348; benefits of improving, 137-141; control of, 3, 118-119, 123, 240-242, 244-245, 248, 256, 266, 442-447; effect of, on health, 4, 100, 108n, 139-141, 325-350, 442, 443, 445, 446; effect of, on land values, 141; programs and policies to protect, 442-447; regional differences in, 131-132, 160, 171-172, 442-443, 444; residuals affecting, 123, 181-183, 202-212, 262-263, 325-345 *passim*, 442. *See also* Atmospheric dispersion models; Atmospheric inversion; Environmental quality; Health effects of air pollution; Residual materials; Residuals management and control
- Air Quality Implementation Planning Program (U.S.), 182
- Air Transportation Association, 359
- Alkali Act (U.K.), 445
- Almon technique, 341, 342
- Aluminum Association, 124
- American Iron and Steel Institute, 124
- Anderson, R., 141
- Andrews, R. N. L., 438n
- Appropriation. *See* Ownership
- Army Corps of Engineers, 122
- Arrow, K., 29, 44, 66, 72, 94
- Assimilation of wastes, 31, 99, 100, 101
- Atmospheric dispersion models, 181-183, 214-215, 230, 235, 443
- Atmospheric inversions, 128, 328, 330
- Availability: vs. appropriation, 77-79; forced, 81-82, 86, 87; and production, 79-82
- Aynsley, E., 312n
- Ayres, R. U., 243n, 278n
- Baumol, W., 3, 93, 101n, 102, 128-131 *passim*, 161, 166, 397n, 402n, 417n, 421n, 429n, 430n, 431
- Becker, G., 137, 164
- Becker, W. H., 327
- Benefits: diminishing marginal, 114; of environmental control policies, 113-114, 118-119, 134-135, 136-141, 146-150, 156-157; of increase in stock of social capital, 20; methods of estimation of, 133-134, 156, 166; social compared with private, 71; sociographic distribution of, 172. *See also* Cost-benefit analysis
- Benefit-cost analysis. *See* Cost-benefit analysis
- Benstock, M., 121n
- Black, R. J., 208n
- Bohm, P., 133
- Borgelt, M., 374, 375, 379, 383
- Bowen-Samuels requirement, 25

- Bower, B. T., 4, 102n, 105, 110, 116, 117, 121, 122, 171n, 175n, 199n, 234n, 276n, 277n, 278n, 279n, 303n, 319, 322, 323n, 437n
- Boyd, J. H., 171n
- Bradford, D., 402n
- Bradley, W., 326, 327
- Bramhill, D., 105
- Brooks, Mrs. G., 366, 381
- Brown, G., 133n
- Buchanon, J., 133
- Cahill, W. J., Jr., 312n
- Caldwell, L. K., 435n
- Carlos Avery Wildlife Management Area (Minneapolis-St. Paul), 360, 361, 362, 368, 370, 378, 379
- Capital, private: allocation of, 17, 48; compared with social overhead capital, 9-10, 11; demand for, derived from environmental services, 48, 103, 245, 248; investment in, 17-18, 45, 46; relationship of, to output, 11-13; stock of, 14, 15, 17-22, 31-32, 46
- Capital, social overhead: allocation of, 16, 17; compared with private capital, 9-10, 11; compared with pure public goods, 10-11; cost of services of, 14; definition of, 9, 16-17; depreciation of, 20; investment in, 17-22; management of, 9-10, 11; neutrality of, 12, 13, 14, 15; relationship of, to output, 11-13; social product of, 15; stock of, 14, 15, 17-22
- Centralized and decentralized economies, 43, 76
- Chicago, Illinois: airport in, 361; air quality in, 131-132, 158, 333, 334, 336-343, 344, 345, 349
- Choguill, C., 239n
- Christy, F. T., Jr., 398
- Chrysler Corporation, 125
- Ciriacy-Wantrup, S. U., 133
- Citizens League (Minneapolis), 366
- Clarke, E., 133, 159
- Clean Air Act: U.K. (1956, 1968), 444, 445, 446; U.S. (1970), 442
- Climatological conditions: effect on air quality of, 99, 128-129, 165-166, 182; and health effects of air pollution, 326-344 passim, 348. *See also* Exogenous environmental factors
- Coase, R. H., 2, 78, 79, 96-97, 132, 160, 400, 411, 418
- Coca-Cola Midwest, Inc., 124
- Common property, natural resources of, 398, 399. *See also* Public goods
- Companion, M., 374, 383-384
- Compensation for external effects, 157, 161; and adjustment of trade patterns, 402-404; agencies for, 387-388, 390, 394; and asymmetry in gains and losses, 406-407; forms of, 76, 387, 390, 408, 412, 428, 433; transnational systems for, 399, 400, 421. *See also* Negotiation of payments for externalities
- Computer costs and capability: as limitation on model size, 174, 176, 178, 193, 213, 230-233; and nonlinear models, 190-191, 231-232
- Conflicting interests, resolution of, 384-389, 390-391, 457, 459-460
- Congestion: in use of social overhead capital, 11, 12, 13, 24; increasing costs of, 98-99
- Constraints on functional relationships: air quality, 446; budget, 23, 51, 74, 137, 408, 409; capital stock, 31; in decomposed models, 179-180; in environmental models, 183-187, 215-216; environmental quality, 32, 192, 236-237, 277, 393, 437, 443; waste treatment, 29-30; water quality, 448-449, 453-454
- Consumers, gross income of, 51, 52. *See also* Households
- Consumption: as constrained by ownership, 75; definition of, 74; vs. ownership, 74-75; effect of, on utility levels, 13, 23, 74
- Continuous Air Monitoring Program, 331
- Control Data Corporation, 362
- Cootner, P. H., 207n, 276
- Cost-benefit analysis: application of, to airport location problems, 389, 391-393, 394; application of, to comparison of environmental policies, 142-157, 164, 436-437; application of, to households, 135-136, 137-141; application of, to

- political process, 456; need for, 3, 93, 133-134; use of, in formulation of government policies, 441-448 passim, 451, 452-453. *See also* Cost-effectiveness models
- Cost conditions: availability of data on, 284; effect of effluent charges on, 119; effect of emission regulation on, 144-145, 164, 306-308, 312-316, 317, 318; effect of externalities on, 134-135, 136-137, 164, 404-405; effect of residuals management practices on, 277, 284, 285, 286-288, 300-301, 302-305, 306-308, 312-316, 319; effect of, on size of industry, 60; of firms vs. industry, 319, 322-324; increasing of emission regulation, 107, 154, 164, 262, 263, 268, 297, 299; increasing, of environmental damage, 98-99; of new vs. existing plant, 318, 319, 322-323, 324
- Cost-effectiveness models, 241, 243, 266, 267, 272, 274, 315
- Costs, administrative: of direct regulation, 105-106; of distributing social services, 16, 103; of effluent charges, 103; of mixed policy programs, 108, 245; of varying emission levels, 160. *See also* Costs, transaction
- Costs, social: divergence of, from private costs, 71, 78; effect of random factors on, 115; effect of substitution and firm scale on, 153-154; internalization of, 67, 88, 95, 96, 160-161; of pollution control activities, 101, 102, 113-114, 141-142, 144-147, 151-155, 240-243, 244-248, 264; sociographic distribution of, 172; of use of social capital, 14, 15, 16, 17, 20, 22. *See also* Costs, transaction; External effects
- Costs, transaction: of government policies, 3, 122; and institutional changes, 72-73, 88; of private negotiation, 96, 414, 416, 432-433; as reason for market failure, 3, 94; and supply of public goods, 131; and transfrontier externalities, 417-419
- Council of Economic Advisers, 438
- Council of Environmental Quality, 317, 438
- Credit instruments, market for, 50, 51, 52
- Crocker, T., 141
- Dales, J. H., 76, 133
- Damage functions: definition of, 99-100; flow vs. stock, 98, 101-102; forms of, 98-99
- Damages: legal, 71; transnational, 399-400, 406-430
- d'Arge, R., 4, 427-434
- Davis, O., 1
- Delaware River Basin Commission, 209, 212n, 213
- Delaware River Estuary, 119, 200, 448, 451; characteristics of, 212, 213; residuals inputs of, 209-212
- Delaware Valley region: atmospheric quality of, 213; geographical description of, 174, 199-202; sources of residuals in, 178, 200, 202-212
- Delson, J. K., 207n, 277n
- Demsetz, H., 67, 72, 94
- Denver, Colorado, 331, 333, 334, 336, 349
- Department of the Environment (U.K.), 391, 440-441
- Depletability: definition of, 82-83; lack of, 86; of private goods, 87, 91; of public goods, 92
- Direct regulation: combined with effluent charges, 113-115, 128; compared with discharge fees or taxes, 3, 102, 103, 106, 119-120, 125, 130-131, 238; compared with output restriction, 142, 150-151, 164-165; compared with subsidies, 105n, 121; costs of, 97n, 105-106, 114-115, 119, 122, 123, 125, 144-154; enforcement of, 106, 122; flexibility of, 108, 126, 129, 159-160; forms of, 61, 97-98, 121-123, 134, 144-150; optimal use of, 114-115; success of, 122-123, 125
- Discharge fees: adjustment to, 111-112, 197-208; combined with environmental quality standards, 107-108, 113-115; compared with direct controls, 3, 102, 103, 106, 119-120, 125, 130-131, 238; compared with other taxes, 27, 54, 128; compared with subsidies, 105; to control air quality, 118-119; to control water quality, 116-118, 119-120; costs and

- benefits of, 102, 103, 104, 113; effectiveness of, 116-121; effect of changes in, 48-49, 53-54, 62-63, 297, 299; effect of, on allocation of resources, 27, 48, 237; effect of, on price levels, 53, 62-63; elasticity of emissions with respect to, 117-118; and environmental quality standards, 36, 49, 54, 61-62; as imputed prices, 35, 49, 266; optimal rate of, 114-115, 166; as policy tool, 2, 3, 27, 36, 95; revenues from, 61, 121; shifting of, 104, 129; use of, in regional models, 174-175; variations in, 104, 128-129, 159, 165-166
- Discount rate, on social investment, 22
- Disposability, 76, 80
- Dolbear, F. T., Jr., 408
- Dominance principle, 68, 71, 83, 84-85, 88, 91
- Donora, Pennsylvania, 325
- Dorr, J. L., 372, 379
- Dreze, J. H., 89
- Dunne, D., 372, 379, 383, 384
- Eckhardt, R. B., 328
- Effluents. *See* Residual materials
- Effluent charges. *See* Discharge fees
- Effluent standards. *See* Environmental quality standards
- Electric energy: fuel used in production of, 253-254; reduction in consumption of, 118; residuals in production of, 118-119, 262. *See also* Industry studies: coal-electric energy, electric utility
- Elliot, R., 117, 118n
- Ellsaesser, H. W., 330
- Emissions. *See* Residual materials
- Emission controls. *See* Direct regulation; Residuals management and control
- Emission rights, sale of, 159, 165
- Emission standards. *See* Environmental quality standards
- Emission taxes. *See* Discharge fees
- Employment: effect of environmental policies on, 44, 54; in imperfect labor markets, 52-53. *See also* Labor; Wage rates
- Environmental impact statements, 367, 438, 439, 460
- Environmental policy, in U.K.: on air quality, 444-447; broadening of, 440-442, 453; compared with U.S., 440-441, 447, 450; of Labour and Conservative governments, 440; on water quality, 450-453
- Environmental policy in U.S.: on air quality, 442-444; broadening of, 437-439, 453, 460; compared with U.K., 440-441, 447, 450; state implementation of, 458-460; on water quality, 447-450
- Environmental Protection Agency, 119, 154, 178n, 181, 207, 208n, 209, 219n, 317, 331, 438, 439, 443, 444, 449
- Environmental quality: and assimilation of wastes, 31; imputed prices for, 34-35, 454; measurement of, 3, 30-31, 57; national policies concerning, 435, 438-460; regional differences in, 131-132, 158-159, 160-162, 163, 444, 445-446, 448; shifts in, 128-129; and utility levels, 32, 63; variation in, over time, 160, 163. *See also* Environmental quality standards
- Environmental Quality Act of 1969, 367
- Environmental Quality Standards: for air, 239, 242, 269; combined with discharge fees, 36, 49, 54, 61-62, 108, 119-120, 238; costs of, 144-146, 312-316, 317-318; effect of changes in, 55, 146, 147, 304-306, 319, 322, 323; effect of exogenous factors on, 113; maximum vs. minimum, 129; methods of achieving, 102, 241, 459; as policy tool, 28, 54-55, 101-102, 106-107, 129, 237, 318, 437, 450, 452-453; variation in, 129-130, 134, 154-155, 159-160, 163, 165, 306, 308n; for water, 116-117, 119-120, 447-448
- Ethridge, D. E., 117, 118n
- Euler-Hamilton equations, 37
- Euler-LaGrange conditions, 20, 31
- Exclusion principle: applied to social institutions, 67, 72, 82; and liability, 92, 94; and ownership, 75, 77, 79, 85-86, 88
- Exogenous environmental factors: effect of, on atmospheric conditions, 112, 113, 182; effect of, on social costs, 115; and flexibility in controls, 108, 128-129, 134, 158-160, 163, 165-166; health effects of, 326-344 *passim*, 348; modification of, 235; uncertainty caused by, 99, 100, 103,

129. *See also* Climatological conditions
- External effects: caused by pollution, 2-3, 23-24, 398; definition of, 23, 25, 65, 71, 73, 91, 92, 93, 94, 397-398; and forced ownership, 78-79, 92; as function of private consumption, 23-25, 94, 401, 407-408, 431; as function of production, 24-25, 94, 401; institutional correction of, 87, 91, 92, 93, 398; internalization of, 67, 88, 95, 96, 160-161, 398, 399; market regulation of, 96, 398; national vs. transnational, 428-429; and nonrejectability, 77, 81, 92, 94; nonuniformity in, 159-160; and perfect selectivity, 80-81, 92; real vs. monetary, 94; and size of market, 92-94; substitution between, 157; taxes or bribes to correct, 76, 408, 412, 428, 433; transfrontier, 397-434. *See also* Compensation for external effects; Costs, social
