1. Economic research—United States. I. Title.

HB0119.N3

MATERIAL SUBMITTED BY PUBLISHER NUC76-36129

**The National Bureau of Economic Research** was organized in 1920 in response to a growing demand for objective determination of the facts bearing upon economic problems, and for their interpretation in an impartial manner. The National Bureau concentrates on topics of national importance that are susceptible of scientific treatment.

The National Bureau seeks not merely to determine and interpret important economic facts, but to do so under such auspices and with such safeguards as shall make its findings carry conviction to all sections of the nation.

No report of the research staff may be published without the approval of the Board of Directors. Rigid provisions guard the National Bureau from becoming a source of profit to its members, directors, or officers, and from becoming an agency for propaganda.

By issuing its findings in the form of scientific reports, entirely divorced from recommendations on policy, the National Bureau hopes to aid all thoughtful men, however divergent their views of public policy, to base their discussions upon objective knowledge as distinguished from subjective opinion.

The National Bureau assumes no obligation toward present or future contributors except to determine, interpret, and publish economic facts for the benefit of the nation at large, and to provide contributors with copies of its publications.

RELATION OF THE DIRECTORS  
TO THE WORK AND PUBLICATIONS  
OF THE NATIONAL BUREAU OF ECONOMIC RESEARCH

1. The object of the National Bureau of Economic Research is to ascertain and to present to the public important economic facts and their interpretation in a scientific and impartial manner. The Board of Directors is charged with the responsibility of ensuring that the work of the National Bureau is carried on in strict conformity with this object.

2. The President of the National Bureau shall submit to the Board of Directors, or to its Executive Committee, for their formal adoption all specific proposals for research to be instituted.

3. No research report shall be published until the President shall have submitted to each member of the Board the manuscript proposed for publication, and such information as will, in his opinion and in the opinion of the author, serve to determine the suitability of the report for publication in accordance with the principles of the National Bureau. Each manuscript shall contain a summary drawing attention to the nature and treatment of the problem studied, the character of the data and their utilization in the report, and the main conclusions reached.

4. For each manuscript so submitted, a special committee of the Board shall be appointed by majority agreement of the President and Vice Presidents (or by the Executive Committee in case of inability to decide on the part of the President and Vice Presidents), consisting of three directors selected as nearly as may be one from each general division of the Board. The names of the special manuscript committee shall be stated to each Director when the manuscript is submitted to him. It shall be the duty of each member of the special manuscript committee to read the manuscript. If each member of the manuscript committee signifies his approval within thirty days of the transmittal of the manuscript, the report may be published. If at the end of that period any member of the manuscript committee withholds his approval, the President shall then notify each member of the Board, requesting approval or disapproval of publication, and thirty days additional shall be granted for this purpose. The manuscript shall then not be published unless at least a majority of the entire Board who shall have voted on the proposal within the time fixed for the receipt of votes shall have approved.

5. No manuscript may be published, though approved by each member of the special manuscript committee, until forty-five days have elapsed from the transmittal of the report in manuscript form. The interval is allowed for the receipt of any memorandum of dissent or reservation, together with a brief statement of his reasons, that any member may wish to express; and such memorandum of dissent or reservation shall be published with the manuscript if he so desires. Publication does not, however, imply that each member of the Board has read the manuscript, or that either members of the Board in general or the special committee have passed on its validity in every detail.

6. Publications of the National Bureau issued for informational purposes concerning the work of the Bureau and its staff, or issued to inform the public of activities of Bureau staff, and volumes issued as a result of various conferences involving the National Bureau shall contain a specific disclaimer noting that such publication has not passed through the normal review procedures required in this resolution. The Executive Committee of the Board is charged with review of all such publications from time to time to ensure that they do not take on the character of formal research reports of the National Bureau, requiring formal Board approval.

7. Unless otherwise determined by the Board or exempted by the terms of paragraph 6, a copy of this resolution shall be printed in each National Bureau publication.

*(Resolution adopted October 25, 1926 and revised February 6, 1933,  
February 24, 1941, and April 20, 1968)*

## National Bureau of Economic Research

### OFFICERS

Arthur F. Burns, *Honorary Chairman*  
Theodore O. Yntema, *Chairman*  
Walter W. Heller, *Vice Chairman*  
John R. Meyer, *President*  
Donald B. Woodward, *Treasurer*  
Donald S. Shoup, *Director of Research Services and Planning*

Victor R. Fuchs, *Vice President-Research*  
F. Thomas Juster, *Vice President-Research*  
Douglas H. Eldridge, *Vice President-Administration*  
Hal B. Lary, *Director of International Studies*

### DIRECTORS AT LARGE

Joseph A. Beirne, *Communications Workers of America*  
Wallace J. Campbell, *Foundation for Cooperative Housing*  
Erwin D. Canham, *Christian Science Monitor*  
Robert A. Charpie, *The Cabot Corporation*  
Solomon Fabricant, *New York University*  
Frank W. Fetter, *Hanover, New Hampshire*  
Eugene P. Foley, *Dreyfus Corporation*  
Marion B. Folsom, *Rochester, New York*  
Eli Goldston, *Eastern Gas and Fuel Associates*  
Crawford H. Greenewalt, *E. I. du Pont de Nemours & Company*  
Gabriel Hauge, *Manufacturers Hanover Trust Company*

Walter W. Heller, *University of Minnesota*  
Vivian W. Henderson, *Clark College*  
Albert J. Hettinger, Jr., *Lazard Frères and Company*  
John R. Meyer, *Yale University*  
J. Irwin Miller, *Cummins Engine Company, Inc.*  
Geoffrey H. Moore, *Bureau of Labor Statistics*  
J. Wilson Newman, *Dun & Bradstreet, Inc.*  
Robert V. Roosa, *Brown Brothers Harriman & Co.*  
Boris Shishkin, *AFL-CIO*  
Gus Tyler, *ILGWU*  
Donald B. Woodward, *Riverside, Connecticut*  
Theodore O. Yntema, *Oakland University*

### DIRECTORS BY UNIVERSITY APPOINTMENT

Moses Abramovitz, *Stanford*  
Charles H. Berry, *Princeton*  
Francis M. Boddy, *Minnesota*  
Arthur F. Burns, *Columbia*  
Tom E. Davis, *Cornell*  
Otto Eckstein, *Harvard*  
Walter D. Fisher, *Northwestern*  
R. A. Gordon, *California*

Douglas G. Hartle, *Toronto*  
Robert J. Lampman, *Wisconsin*  
Maurice W. Lee, *North Carolina*  
Lloyd G. Reynolds, *Yale*  
Robert M. Solow, *Massachusetts Institute of Technology*  
Henri Theil, *Chicago*
