Prefatory Note

THIS volume of *Studies in Income and Wealth* contains most of the papers presented at the Conference on the Size Distribution of Income and Wealth held on March 24–25, 1967 at the Annenberg School of the University of Pennsylvania. The Program Committee consisted of Irving B. Kravis, chairman, Dorothy S. Brady, Edwin D. Goldfield, Robert J. Lampman, and Joseph A. Pechman. We are indebted to Lee Soltow who served as conference editor and to Gnomi Schrift for preparation of the manuscript for press.
