 Harris Poll, 60
 Harrison, David, Jr., 11, 45*n*
 Hauser, Philip M., 65*n*
 Henning, John A., 65*n*, 190 &*n*, 208 &*n*
- Heterogeneous housing stock, 73, 83, 284, 290–293
- Home ownership, 118–126, 135–136; and capital accumulation, 148–150; and demand for housing attributes, 247; and expenditures, 155–156, 160–161, 163, 177–178, 288; and income, 139–142, 148–153; and mobility, 122–123, 126–130, 134–135, 289–290; and neighborhood change, 35; and racial discrimination, 137–153, 295; renting versus, 122, 320–323; and wealth, 148–153; *see also* Dwelling units, owner-occupied
- Home purchase, 118–120, 122–123, 126–127, 130–136; and mobility, 126–127, 134–135, 290; and neighborhood change, 34–37; probabilities of, 130–136, 138–144, 290; and racial discrimination, 138–144
- Households: age of head of household, 125–126, 130–132; life-cycle concept, 121–122, 124–126; mobility, *see* Mobility; size, *see* Family size and composition
- Housing attributes, 12, 14–20, 190–282; of black and white households, demand for, 240–255; demand for bundles of, 256–282, 291–293, *see also* Housing services; demand for individual attributes, 231–255; and dwelling-unit size, 195, 217–228; equations, 202–217, 357–373; in ghetto and outside, 208–217; and housing demand, 25–26; and
- Housing attributes:
 housing production, 21–23; measures of, 195–202; prices of, 231*n*, 257–260, 274–275, 286–287, 336–339; and quasi rents, analysis, 45–55, 285; and racial discrimination, 203 &*n*, 209, 233, 241, 251–255; value of, 190–230, 273–279
- Housing consumption: decisions, 9; and distance from center, 21; and racial discrimination, 137
- Housing demand: and equilibrium price ratios, 46–48, 50–55; for heterogeneous stock, 290–293; individual choice in, 25–26; and racial discrimination, 142; and residential location, 25–30; supply and demand, analysis, 47–52; and transportation costs, 27–29
- Housing expenditures, 13, 14, 154–189, 287–289, 293–297; of blacks and whites compared, 161, 164, 165, 172–189, 293–297, 323 &*n*; elasticity of, 154, 155; full model, 157–167, 178–183; in ghetto, 161; as measurement of housing output, 14; models with permanent income, 183–188; and racial discrimination, 142 &*n*, 144 &*n*; rent and ownership compared, 155–162, 168–170, 172, 173, 289–290; simple model, 167–172, 177–178; weighted models, 324–335
- Housing location, *see* Residential location
- Housing market: findings summarized, 283–300; studies of, 1, 3–4; theories of, 2–3, 9–13, 283; transition from white to black occupancy, 72–82
- Housing prices: analysis, 30–34; and distance from workplace, 21; equilibrium price ratios, 46–48, 50–55; and individual demand, 26; and neighborhood change, 34–37; production related to, 21, 22, 24; racial discrimination markups, 61–72, 90–91, 137, 138, 142, 148–150, 293–294; San

- Housing prices:
 Francisco-Oakland, 20;
 transition from white to black
 ownership, 72-83; and
 transportation costs, 28-29, 31-
 34, 44
- Housing production, 20-25; and
 demolition, 23-24; new
 structures, 24; and prices, 21, 22,
 24; and stock transformation, 23-
 25
- Housing services, 13-15, 283-286;
 bundles of, analyzed, 13-20, 25-
 33, 45-55, 190-191, 194, 216-
 217, 256-281, 285; demand for,
 154, 155, 284-285; discrimination
 markups, 137, 216-217, 293-294;
 and individual consumption, 21-
 22, 43-44; *see also* Housing
 attributes
- Housing stocks: capital, 22-25, 44-
 48, 286; in ghetto, 62-63, 83;
 heterogeneous, 73, 83, 284, 290-
 293; supply and demand
 relationships, 49-50;
 transformation, 23-25, 35, 45,
 46, 47
- Housing units, *see* Dwelling units
- Houston, 84, 148
- Howe, John, 75*n*
- Income: of blacks, 149 &*n*, 297-299;
 and demand for housing
 attributes, 231, 234-237, 242,
 247, 264, 266-267, 270, 281, 291,
 292; and distance from Central
 Business District, 11, 236-237;
 and education, 180; and home
 ownership, 139-142, 148-153;
 and segregation, 58; and
 transportation cost, 11
- Income elasticity: and housing
 demand, 11, 154-155; and
 housing expenditures, 156, 160,
 161, 169, 171, 177; in weighted
 expenditure models, 329, 334-
 335
