

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Anatomy and Consequences of Exchange Control Regimes

Volume Author/Editor: Jagdish N. Bhagwati

Volume Publisher: NBER

Volume ISBN: 0-884-10487-7

Volume URL: <http://www.nber.org/books/bhag78-1>

Publication Date: 1978

Chapter Title: Indexes

Chapter Author: Jagdish N. Bhagwati

Chapter URL: <http://www.nber.org/chapters/c4570>

Chapter pages in book: (p. 222 - 231)

Author Index

- Baldwin, Robert E.: on allocations among claimants, 30, 32, 35; on entrepreneurship, 193; on faked invoicing, 68-70; and QRs vs. tariffs, 43-44
- Behrman, Jere: on allocations among claimants, 30-31; on capacity utilization, 105-106; on export performance and growth, 196-97, 214; on income distribution, 198-99; and private foreign investment, 163; on protection and growth, 98; on restrictive vs. liberalized regimes, 84; on saving, 130-31, 141, 147-51, 154-55, 160, 173
- Bhagwati, Jagdish N.: on faked invoicing, 68-69; on monopoly, 10-11; on MPI theory, 179 n.73
- Bhagwati, J. and E. Grinols, 170
- Bhagwati, J. and B. Hansen, 78
- Bhagwati, J. and K. Nashashibi, 91, 96
- Bhagwati, J. and T.N. Srinivasan: on allocation among claimants, 26, 32-33; on export performance and growth, 192-96; on illegal transactions, 69, 78; and QRs vs. tariffs, 44; on trade regime and domestic saving, 160-61, 172; on transferability restrictions, 37
- Bhagwati, J. and C. Wibuswadi, 22
- Bose, S.R. and H.H. Clark, 116
- Cairncross, Alex, 206-207
- Chenery, Hollis, 136
- Clark, H.H. and S.R. Bose, 116
- Cooper, Richard, 7
- Cournot-Johnson, 11
- Diaz-Alejandro, Carlos: on aid-tying, 13-15; and allocations among claimants, 27, 29; and capacity utilization, 107; on export-import links, 24; on export performance and growth, 196, 198; on export price measures, 47; and export regulations, 39; and growth and protection, 98; on illegal transactions, 77; on import regulations, 13-15, 17, 24; on income distribution, 199; on itemwise specification, 17; and transferability restrictions, 37
- Falvey, Rodney, 78
- Fishlow, Albert, 212, 218 n.14
- Flatters, F. and G. Fishelson, 11
- Frank, Charles R.: on export regulations, 39; on foreign capital inflow, 181 n.91; on import regulations, 25-26; on protection and growth, 98; and saving, 151, 159-60; on tariffs to mop up premiums, 45
- Frankena, Mark, 194

- Gaathon, A.L., 83
 Grinols, E. and J. Bhagwati, 170
 Guisinger, S., 98
- Haberler, Gottfried, 206
 Hansen, Bent and J. Bhagwati, 78
 Hansen, Bent and Karim Nashashibi, 33, 91, 113, 120
 Harrod-Domar model, 135-36, 166
 Heckscher-Ohlin model, 129-30, 132, 212
 Hicks, George, 68, 118
 Houthakker, H.S., 139, 147, 154, 159
 Hutcheson, Thomas L., 98
- Islam, Nurul, 27-28, 105, 116-17, 156
- Johnson, H.G. and R. McCulloch, 11, 78
- Kayra, Cahid, 69
 Kendrick, John W., 83
 Kidron, Michael, 121
 King, Timothy, 71
 Kravis, I. and R. Lipsey, 89, 191
 Krueger, Anne: on allocation criteria, 87; and capacity utilization, 109; on cheap imports, 114-16; and DRCs, 90-91; on excess inventory holdings, 111-12; on export performance, 182-84, 214; on illegal transactions, 67, 69-70, 78; on import regulation, 18, 23; on income distribution, 199; on liberalization, 56; and QRs vs. tariffs, 42-43; on saving, 140-41, 146-47, 156; on transition to EP strategy, 3, 5, 216
- Landau, Luis, 158
 Leith, Clark: on allocations among claimants, 26, 32, 34-35; on bilateral trade agreements, 15; and capacity utilization, 108-109; and cheap imports, 114; on excess inventory holdings, 112; and illegal transactions, 66; on import regulations, 15, 18, 26, 32, 34-35; on productivity, 83; and QRs vs. tariffs, 44
 Lipsey, R. and I. Kravis, 89
 Little, I.M.D., 207
- McCabe-Michalopoulos theory, 115
 McCulloch, R. and H.G. Johnson, 11
- MacDougall, G.D.A., 214
 McKinnon, Ronald, 138
 Mahalanobis-Feldman models, 135-37
 Maizels, A., 131-33, 142-43
 Marshall, 8, 10-11
 Michaely, Michael: and import regulations, 14, 17-18, 25; on productivity, 83-84; and QRs vs. tariffs, 44; on saving, 156-58, 162-63, 178 n.54
 Michalopoulos, C., 115
 Mundell, R.A., 213
- Nashashibi, Karim and J. Bhagwati, 91, 96
 Nashashibi, Karim and Bent Hansen, 33, 91, 113, 120
 Nurske, Ragnar, 5, 206, 216
- Oyejide, 98
- Papanek, 156, 165, 167
 Pattanaik model, 129-30, 142
 Pelcovits, 11
- Rodriguez, C., 11-12
- Salter-Pearce model, 132-33
 Samuelson, Paul, 78, 136, 202 n.7
 Scheffman, David, 70
 Scitovsky, Tibor, 207
 Scott, Maurice, 207
 Shaw, Edward, 138
 Shikh, Munir, 69-70, 78
 Srinivasan, T.N. and J. Bhagwati: on allocations among claimants, 26, 32-33; on export performance and growth, 192-96; on illegal transactions, 69, 78; and QRs vs. tariffs, 44; on trade regime and domestic saving, 160-61, 172; on transferability, 37
 Steel, W.F., 108
- Tower, E., 11-12
- Vernon, Raymond, 179 n.73
 Viner, Jacob, 106
- Weisskopf, Thomas, 137, 142, 158-59
 Wibulswadi, C. and J. Bhagwati, 22
 Williamson, Jeffrey, 139-40, 154, 159, 197
 Winston, Gordon, 103-104

Subject Index

- Advance deposits, 3, 41
Agriculture, 92-97, 116-17, 146, 153, 200
Aid-tying, 13-14, 16, 40, 121; "double-tying," 54
Allocations: among claimants, 3, 21-25, 25-35, 57; criteria, 86-87, 90; inefficient, 87-97; resource, 55, 85-101
Andean Common Market, 15
Argentina, 141
AU licenses (actual use), 18, 22, 24, 32-33, 156; and capacity utilization, 107-108; and transferability restrictions, 37
Automatic approval (AA) umbrella, 20

Balance of payments, 2, 42, 138, 218 n. 14; and EP strategy, 211-12; in trade regime phases, 56-57, 59, 221
Barter, 136
Bhagwati-Krueger phases, 4, 56-62, 220-21
Bias, export, 59, 182-83, 202 n. 3, 211; reduction, 191, 209, 211
Bilateral trade agreements, 14-15, 38, 121; and export regulations, 38; and import licenses, 14-15
Black market, 68, 73-76
Bogota Agreement, 15
Brazil: balance of payments, 218 n. 14; and exchange auctions, 41; "export-led" growth, 212; trade regime phases, 60-62
Bureaucratic delays, and license allocations, 119-20
Business. *See* Industry

Canada, 72-76
Capacity: creation of excess, 4, 101-103, 151, 211; targets, and import licenses, 31-33, 35, 85-86, 100; utilization, 33, 55, 82-83, 103-10, 121
Capital: and excess capacity, 105; flight, 65, 71-76, 164; flows, 40, 65, 71, 142, 162-65, 165-73; foreign, xii, 65, 71, 163-65, 211-14; formation, 153, 174; imports, 156-57; markets, 159-60
Capital account controls, 40
Capital goods: cheap imports, 113-17; and excess capacity, 102; imports, 21-23, 86-87, 100, 113-17, 121; and interfirm allocations, 34; and inter-industrial allocations, 31-33; and saving, 135-37
Capital-income ratio, 104
CG licenses (Capital goods), 22-23, 108
Chile: allocation criteria, 86-87; capacity utilization, 105-106; DRCs, 92; export performance, 185-86; export performance and growth, 196-97; growth and protection, 98, 214; illegal trans-

- actions, 69; import licenses, 15-16, 24-25; income distribution, 198-99; private foreign investment, 163; productivity, 83-84; public vs. private sector, 30-31; QRs vs. tariffs, 42; regional allocations, 30; saving, 131, 141, 147-51, 154-55, 159-60, 173; trade regime phases, 60-62
- Claimants: domestic vs. foreign, 3, 35; and import licenses, 66; interfirm, 34-35; interindustrial, 31-34; in Phase II, 57; public vs. private, 30-31; regional, 29-30; size of, 3, 26-29, 34, 67, 104, 197-98, 215
- Colombia: allocation criteria, 86-87; capacity utilization, 107; DRCs, 92; export-import links, 23-24; export performance and growth, 196; growth and protection, 98; illegal transactions, 77; import licenses, 13-15, 17, 20, 23-24; income distribution, 199; inter-industrial allocations, 31; public sector vs. private sector, 30; QRs vs. tariffs, 42; regional claimants, 28; size of claimant, 26-27; trade regime phases, 60-62
- Commercial licensing, 28, 38
- Commodity composition, 16-20, 38-39, 70. *See also* Itemwise specification
- Competition, 4, 35, 55, 90; elimination of foreign, 117-19; and exports, 183-84, 191, 194, 215
- Conspicuous consumption imports, 135
- Consumer goods, 21-23, 33, 43-44; and saving, 135-37
- Controls: direct, 3, 8-12, 38, 214; in phases, 56-58. *See also* Import regulations; Price measures
- Corporate sector, and saving, 132-33, 142, 145, 147-52, 156
- Costs, 4, 88-89, 118-19
- Currency: domestic, in Phase II, 58; non-convertibility of, 15-16
- Current account controls, 40, 59
- "Debt-led" model, 212
- Debt rescheduling, 58
- Devaluation: defined, 219-20; and exports, 132, 183; and income distribution, 141, 174 n. 2; with liberalization, 58-59; and saving, 132, 141; and trade balance, 132
- Developed countries (DCs): and import structure shift, 22; and saving, 139, 142-43
- Differential effects, 55-56, 58, 87
- Directorate General of Technical Development (DGTD), 49 n. 24
- Domestic claimants vs. foreign claimants, 3, 35
- Domestic currency, 58
- Domestic markets, 16-18, 77, 183, 193, 212-13, 215
- Domestic policy, 3-4, 54-55, 192-93
- Domestic products: vs. cheap imports, 113-17; and equivalence theory, 10-12; vs. export production, 23-25; QR protection for, 100, 117-19, 192
- Domestic resource costs (DRCs), 83, 87-101, 122 n. 12, 124 n. 39, 220
- Domestic saving: empirical evidence, 138-60, 174; and foreign capital, 165-74; possible links, 128-38, 174
- Duties, 41
- Dynamic consequences, of exchange control regime, 2, 4, 82, 127
- Economic consequences, of exchange control regimes, 53-56, 62, 65
- Economic performance: and foreign trade strategy, 206-10, 216; and superior export performance, 210-16
- Economies of scale, 215
- Economy: and private foreign investment, 165, 167; and saving, 128-29, 131, 133, 136, 138
- Effective exchange rate (EER), 4, 58-59, 182-83; defined, 202 n. 2, 219; and import substitution vs. export promotion, 207-11; and saving, 155-58
- Effective rate of protection (ERP), 88-96, 101, 198, 220
- Efficiency, economic: and DRC, 91; effects of exchange control regimes on, 2, 8, 10, 12, 82-83, 119, 121, 160, 165, 174; and export price measures, 47; and export-promotion strategy, 212-13, 215; and "fair shares" doctrine, 34-35; and investments, 83-84, 86-88; and reduced competition, 119; and trade regime phases, 56
- Egypt: allocation criteria, 86-87; DRCs, 92-93, 96; export regulations, 38-39; import-licensing

- policy, 121; import structure, 22; interindustrial allocations, 33; public vs. private sector, 30; trade regime phases, 60-62
- EI licenses (Established importer), 23, 38
- "Elasticity pessimism," 184
- End use, in import licenses, 21-35; during Phase II, 57; and services regulation, 40
- Entrepreneurship, 192-93; equality of access, 197-98; and excess capacity, 105. *See also* Growth effects
- Equivalence proposition, 8-10
- Excess capacity, 4, 101-103, 151, 211
- Exchange auctions, 41, 130; as mop up for premiums, 130
- Exchange control regimes, 2, 4-5, 8, 214; conventional theory of, 8-12; defined, 6 n. 4, 65; general propositions for, 53-56; and illegal transactions, 65-79. *See also* Trade regime phases
- Exchange rates: defined, 219; overvaluation of, 128, 130, 132-34, 137-38, 182-83, 209, 216. *See also* EERs
- Explicit tariffs, 43-45, 183, 199, 201, 220
- Export bonus voucher, 25, 38, 54
- Exporters, 25, 211
- Export industries, 163-64
- Export licenses, 57
- Export performance, 182-91; and economic performance, 210-15; and growth performance, 184, 191-92
- Export promotion: defined, xi; degrees of, 210-15; vs. import substitution, xi-xii, 5, 206-209, 210-15; patterns of, 209-10
- Exports: bias, 182-83, 202 n. 3, 211; and bias reduction, 191, 209, 211; and capacity utilization, 104, 108; growth of, 184; and illegal transactions, 67, 72-76; -import links, 23-24, 38, 41, 47, 52 n. 99; vs. imports, and capital flight, 72-76; price measures for, 3-4, 46-47, 58, 183-84, 200, 214-15; regulation, 38-40, 214; and saving, 131-32, 137; subsidies, 3, 54, 58, 130
- Export sector, and saving, 131-33, 137, 141-47
- Factor supply, 89-90
- "Fair shares" doctrine, xiii, 29-30, 34-35, 66, 107. *See also* *Pro rata* allocations
- Faked invoicing, 65, 67-70, 74-76, 80 n. 22, 164
- Fifth Five Year Plan, 70
- Fiscal policy, and saving, 136-37
- Foreign aid, 48 n. 12, 172-73, 181 n. 91; and domestic saving, 137, 158, 165-66; and private foreign investment, 165
- Foreign capital inflow, and EP strategy, 211-14
- Foreign credits, 36
- Foreign direct investment, 20, 162-65, 211-12; in Taiwan, 218 n. 16
- Foreign exchange: controls, 2-3, 38, 56-58, 214; crisis, 33; and equivalence proposition, 9-10. *See also* Balance of payments; Exchange rates; Import controls
- Foreign saving, 161-74; and EP strategy, 211-12
- Foreign trade constraint, and saving, 135-37, 158-59
- Foreign trade regime. *See* Exchange control regime; Trade regime phases
- Foreign trade strategy, 206-209, 216
- Free trade policy, 207, 213, 215
- GDP. *See* Gross domestic product
- General propositions, for economic consequences, 53-56
- Ghana: capacity utilization, 108-109; cheap imports, 114; domestic claimants vs. foreign, 35; DRCs, 89-91, 93; end use regulations, 21; excess inventory holdings, 112; export performance, 187; export regulation, 39; illegal transactions, 66, 70; import licenses, 13, 15, 18; interfirm allocations, 34; interindustrial allocations, 32; productivity, 83; public sector vs. private sector, 30; QRs vs. tariffs, 44; size of claimant, 26; trade regime phases, 60-62
- GNP, 155-56, 158, 163, 211
- Government: budgets, xii; and excess capacity, 105; and saving, 138, 146-47, 148-52, 154-58, 172-73, 178 n. 54
- Gross domestic product (GDP), 142-43, 198-99

- Growth performance: and export performance, 191-97, 212; and foreign trade regimes, 3, 192-97; and IS strategy, 214
- Growth rates, 98-101. *See also* Import substitution
- Guarantee deposits, 58
- Hétéroskedasticity, 143-44
- Honduras, 80 n. 22
- Households, and saving, 147-51, 159
- Illegal economic transactions, 57, 164; and exchange control regime, 4, 65-79, 178 n. 50; and import regulation, 20; resales, and capacity utilization, 108; and transferability restrictions, 38
- Implicit licensing, 38
- Implicit tariff rates (ITRs), 98, 100-101
- Implicit tariffs, 43-45, 68, 183, 198, 201, 220
- Import Control Act (1950), 35
- Import controls: and allocation among claimants, 3, 26-35; and capacity utilization, 107-108; and capital flows regulation, 40; and domestic vs. foreign claimants, 3, 35; and faked invoicing, 68-69; and illegal transactions, 65-66; and interfirm claimants, 34-35; and interindustrial claimants, 31-34; and payment conditions, 36; and public vs. private sector, 30-31; and regional claimants, 29-30; and services regulation, 40; and size of claimant, 3, 26-29, 34; and transferability restrictions, 36-38
- Importers/traders, 28, 34-35; illegal, 78-79; and size of claimant, 28-29
- Import licenses: aid-tying, 13-14, 16; allocations among claimants, 3, 26-38, 57; allocation criteria, 86; bilateral trade agreements, 14-15; and capacity utilization, 101-103, 107-109; categories in India, 22-23; and cheap imports, 113-17; and domestic vs. foreign claimants, 35; by end use, 21-35; and excess inventory holdings, 110; illegality in awarding, claiming, and disposing, 65-67; and interfirm allocations, 34-35; and interindustrial allocations, 31-34; and non-convertibility of currency, 15-16; and preferential trade agreements, 15; public vs. private claimants, 30-31; in QR regime, and saving, 155-56; regional allocations of, 29-30; as remittance links, 21, 25; resale of, 108; as reward, 25; and size of claimant, 26-29, 34; and source of imports, 13-16, 121; transferability restrictions, 36-38; windfall premiums, 45-46, 58
- Import lists, 18-20
- Import premiums, 55-56, 58-59, 79, 211; defined, 220; and equivalent tariffs, 48 n. 8; and growth, 100-101; vs. landed cost, 42-44; in QR regime, 58, 79, 155-56, 211; and tariff mop ups, 45-46, 55-56, 128, 130. *See also* Protection; Windfall profits
- Import regulation, 3, 12-38; by commodity composition, 16-20; by end use, 21-35; by payment conditions, 36; by source, 13-16; by transferability restrictions, 36-38. *See also* Import controls
- Imports: advance deposits on, 3, 41; of capital goods, 21-23, 86-87, 100, 113-17; cheap, 113-17; of consumer goods, 21-23, 33, 43-44; defined, 48 n. 9; -export links, 23-24, 38, 41, 47, 52 n. 99; vs. exports, and capital flight, 72-76; of intermediates, 23-25; of luxury goods, 33-34, 43; in Phase II and III, 58; price measures for, 41-46, 58
- Import structures, shift in, 22-23
- Import substitution: and capacity utilization, 104-105; defined, 207-209; degree of, 210-15; and DRCs, 91, 97; vs. export promotion, xi-xii, 5, 198, 206-209, 210-15; pattern of, 91, 97, 209-10, 216; and protection, 118; ratios, 98-101; and saving, 137, 140, 142, 144-46, 151; and technical change, 195-96; change, 195-96
- Incentives: for capacity utilization, 105-107, 109; and EP strategy, 210-11; for excess capacity, 101-103; for illegal transactions, 65, 67, 69, 71; for industry growth, 100; and IS strategy, 209, 212; in Phases III and IV, 58-59; and *pro rata* allocations, 55

- Income distribution, 8, 10, 197-201; functional, 128-31, 139-41, 174 n. 3; and saving, 128-34, 139-54; sectoral, 131-34, 141-54; shifts in, 177 n. 43
- INCOMEX, 14, 17; allocation among claimants, 26-27, 29; and capacity utilization, 107; and export-import links, 24, 52 n. 99; and export price measures, 47; and export regulations, 39; and illegal transactions, 97; and transferability restrictions, 37
