

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Public Finances: Needs, Sources, and Utilization

Volume Author/Editor: Universities-National Bureau

Volume Publisher: NBER

Volume ISBN: 0-87014-303-4

Volume URL: <http://www.nber.org/books/univ61-1>

Publication Date: 1961

Chapter Title: Indices

Chapter Author: Committee for Economic Research

Chapter URL: <http://www.nber.org/chapters/c5808>

Chapter pages in book: (p. 505 - 512)

Author Index

- Allais, M., 468n.
Allin, Bushrod W., 441n.
Anderson, William, 137n., 175

Subject Index

- Agriculture, 6, 9, 207, 209, 219
- Air transport: federal expenditures for, 207-208; projection of federal expenses, 14, 52, 54, 57-59
- Allocation: budget funds, *see* Decision-making process; Defense Department, budgetary allocations for resources, 306, 320, 323, 355; city sites, 133-135; effect of fiscal activity on location, 92-93, 120-129, 132-133 public goods, *see* Public goods, spatial aspect of; *see also* Welfare economics
- Assessments, 28, 33-35, 64, 72, 76-77, 139, 143, 184, 280; *see also* Taxes, property
- Asset holdings, 67-68, 136
- Benefit-cost analysis, 461-463, 479-495, 498, 501
- Benefit principle, 80-81, 87, 89, 115n.; interarea effects and equality, *see* Fiscal residue; marginal vs. total analysis of, *see* Fiscal residue; related to spillover, 95
- Borrowing: state and local government, 135-136, 179-181; effect of inflation on, 64-65; federal-state relations, 181, 187; projection of, 57-64, 68, 74
debt redemption, 135-136; *see also* Interest payments
- Budget classifications: breakdown of costs in, 340-346, 356; gains side of, 346-352, 354-362, 363; recent progress in, 353-355; *see also* Decision-making process, accepted norms; Defense department, budgetary classification of
- Budget constraints, *see* Constraints
- Canada, 141
- Capital gains and loss, state laws concerning, 151
- Capital intensity, 492-493
- Central fisc: relation to individuals, 97-98, 116ff., 122ff., 132-133
relation to member states: equalization plans, 99-111, 113-116; incentive plans, 111-114
see also Incentive effect, central fisc; Redistribution, by central fisc
- Cities: causes of fiscal problems, 230, 239, 288
envying-equity principle, 241, 256, 276, 284;
functional differentiation, 244, 246-247, 261-265, 272, 276-277, 285-287; territorial differentiation, 244, 246-247, 249-261, 272-276, 280-285
spatial organization of, 230-239; suburban-urban population growth, 251-255; surrender of fiscal independence, 267ff., 277, 279, 283, 291; use of nonguaranteed bonds by, 266-267
- Commission on Intergovernmental Relations, 137n., 176-177, 184n., 189, 194, 204n., 213, 219-220
- Community development, *see* Urban development
- Compensation criterion, *see* Redistribution, as problem in welfare economics
- Competition among areas, 151, 170, 222-224, 289
- Constraints: lack of in defense budget, 373, 380-387, 395, 400-402, 412; in recent models, 479ff.; theoretical importance of, 452-453; types of, 450-451, 467
- Consumer surplus, 120n., 133; *see also* Benefit principle; Fiscal residue
- Cordiner report, 384-385
- Cost-type budget statement, 354; *see also* Budget classifications, breakdown of costs in
- Death taxes, *see* Taxes, estate and inheritance
- Decision-making process: bottleneck method, 305-306, 312; characteristics of, 295-296; city problems affected by, 239-247, 249; incremental method, 305-313, 318-319, 324-327, 329-334, 363;
norms: accepted, 297-298; applicability of, 299-312; *see also* Budget classifications
partisan mutual adjustment, 312-318, 318ff., 334ff.; "satisficing" method, *see* "Satisficing" method; stable and unstable majorities, 245-246, 249
- Deductibility: federal income tax, 147, 157, 224; nonbusiness taxes, 224; property tax, 139; state corporate tax, 153; state income tax, 151
- Defense Department, budgetary allocations: biases against efficiency in,

SUBJECT INDEX

- 380-387; description of, 373;
 effect of absence of trading, 389-390, 414-416; effect of interaction, 400-406; views about efficiency in, 374-379, 394-400, 406ff.; *see also* Decision-making process
- budgetary classifications, 341-352, 388-391
- organization: impermanence of staff, 393-394; interservice rivalry, 356-373, 415; noncorrespondence with objectives, 391-393
- Defense Reorganization Act of 1958, 369, 415ff.
- Disincentive effect, *see* Incentive effect
- Distributional effect, *see* Redistribution
- Economic growth: alternative models of, 10-18, 493-494; effect of government expenditures, 4-5, 9, 44-45; effect on interest rates, 454-456, 458, 495, 497; effect on revenues, 6, 25, 28, 31-34, 60-64, 74; *see also* Elasticity (GNP) of tax revenue
- Economies of scale, 79, 81, 83-87, 91, 121; created by cities, 234, 247; *see also* Public goods, cost of; Public goods, spatial aspect of; Welfare economics, optimum allocation
- Education: effect of equality on, 130; effect of population growth on, 45, 70, 75 expenditures on, 207; by local governments, 281, 282; effect of income on, 264-265; effect of a single purpose government on, 262-265, 277-278, 286-287; measuring gains from, 357-358, 361; projection of, 8, 13-14, 18, 42-43, 45-48, 57-59, 65, 75
- federal grants for, 203-205, 207, 209, 214, 219, 268; effect of regional-income differences on, 190, 196-197, 202, 219
- state grants for, 268-269, 287; user charges for, 425-426, 431ff., 433
- Effective tax rate: definition of, 28; effect on revenue, 32, 63; of various taxes: death and gift, 39; property, 29-30, 32, 72-73; sales, 29; state income, 30, 36-37
see also Tax base; Progressiveness; Elasticity of tax revenue
- Efficient postures, 399; *see also* Defense department, budgetary allocations for
- Elasticity (GNP) of expenditures, 62
- Elasticity (GNP) of tax revenue: meaning of, 29-31
- of taxes, 30-32, 62, 64; death and gift, 30, 38; property, 30, 33-36, 72-73, 75-76; sales, 30, 38; specific, 30, 38; state corporate income, 30, 38; state income, 30, 37-38, 73, 76
- Elasticity (income) of demand, 106, 112n.
- Elasticity (price) of demand, 112n., 265
- Employment-residence ratio, 248-250, 252-253, 258-259
- Employment security: federal grants to states for, 203-205, 207; effect of regional-income differences on grants, 190, 202, 219
- Envy-equity principle, *see* Cities, causes of fiscal problems
- Equalization plans, central fisc, 99-111, 113-116
- Equity: city vs. suburbs, 256-261; federal immunity to taxation, 141, 143; horizontal, 117, 118-120, 123ff., 132-133; vertical, 117, 119n., 120; *see also* Central fisc, relation to member states; Cities, causes of fiscal problems; Envy-equity principle; Redistribution; Welfare economics
- Exclusion principle, 362; *see also* Public good, definition of
- Exemption from taxation, 139; estates, 161, 167-169; securities, 144, 181-182, 185-186, 226; *see also* Immunity from taxation
- Expected utility, 471-475, 500-501
- Expenditures: all governments, projection of, 7-19; local governments, 229-230, 284, 292; state and local government, projection of, 8, 40-56
- External effects: effect on user price vs. tax financing, 422-437; effect on welfare economics, 442-445, 449; *see also* Spillover effect
- Federal aid, 135-136, 138, 148n., 187-221; aims of, 225-226; projection of, 57-61; *see also* Federal grants; Subsidies
- Federal Aid Highway Act of 1956, 171
- Federal grants, 21, 98, 194; block grants, 189, 194, 225; compared to shared tax, 148n.; compared to tax credit, 174-175; compared to tax cuts, 219-220; described by categories, 199-208; effect on state expenditures, 210, 211; incentive effect of, *see* Incentive effect, federal grants; matching grants, 98, 111, 192-193, 205, 211; projection of, 9; redistributional effect, *see* Redistribution; related to regional and income differences, 189-202, 205-206, 219; size of, 188; specific grants, 189, 194, 221;

SUBJECT INDEX

- *see also* Central fisc, relation to member states; Federal aid; State grants; Subsidies
- Fiscal capacity: of local governments, 135, 257-259, 272, 274, 288; effect of property tax on, 139n.; effect on state aid, 279
 - of member states, *see* Central fisc
- Fiscal federalism, 79, 97-98, 103; disadvantages of, 121; economies of scale, *see* Economies of scale; effect on migration, *see* Allocation of resources; types of, 97-98, 116-117; unequal resource endowment, 136-137; *see also* Central fisc; Incentive effect; Public goods; Redistribution, by central fisc; Welfare economics
- Fiscal need, *see* Central fisc
- Fiscal residue: defined, 89, 118, 122; effect on allocation, 92-93; interarea effects and equity, 118-129, 132-133; marginal vs total analysis of, 119n., 123-129, 133; *see also* Allocation, resources; Benefit principle; Consumer surplus
- Functional budgets, 341, 346; *see also* Budget classifications, breakdown of costs in

- Game theory, 405-406, 476-477
- General government: federal aid to, 209; projection of expenditures, 16
- Grants-in-aid, *see* Federal aid; Federal grants; State grants; Subsidies
- Guarantees of state and local securities, 185; *see also* Cities, use of nonguaranteed bonds by

- Highway construction: expenditures, 65, 210
 - federal grants, 170-171, 191, 198n., 203-205, 207-210, 219; effect of regional-income differences on, 190, 196-197; effect on state expenditures, 210-211 as problem for local governments, 274-275; projection of expenditures, 8, 14, 18, 42-43, 48-49, 57-59 user-prices vs. taxes for, 426-431, 433
- Horizontal equity, *see* Equity
- Hospitals, *see* Public Health
- House Committee on Government Operations, 141n., 221n.
- Housing: expenditures, 65-66, 207-208; federal aid, 207-208; projection of expenditures, 8, 15-16, 18, 52, 54, 57-59; urban vs. suburban growth, 251-252

- Ideology, effect on public services, 242-243
- Immunity from taxation, federal property, 139-144, 226; *see also* Exemptions from taxation
- Imputed income, 37
- Incentive effect: central fisc, 98, 100, 102-106, 108, 110-114, 118; *see also* Central fisc, relation to member states
 - federal grants to states: highways, 210-211; mental health, 216-217
- Incremental method, *see* Decision-making process, incremental method
- India, time preference in, 456-459
- Inflation: effect on property tax, 33-36, 72; effect on state and local finances, 31-32, 64-65
- Insurance on state and local securities, 184-185
- Interest payments, projection of state and local, 60-61
- Interest rates: attempts to avoid use of, 460-461, 489, 499, 502; effect of productivity of capital on, 496-498, 504; effect of risk on, 429, 434-435, 469, 480, 482, 497, 499-501, 503; as measure of opportunity costs, 429-430, 434-435, 461-463, 486, 489, 498
 - as measure of time preference, 453-560, 480-481, 483, 485-486, 495-497; effect of rate of growth on, 454-456, 458, 495, 497; effect of mortality rates on, 456-460, 495
- Interservice rivalry, *see* Defense department, organization of

- Jenkins Act, 173-174
- Joint Federal-State Action Committee, 169n., 174, 189, 194, 220, 223
- Joint costs, *see* Budget classifications, breakdown of costs in
- Joint products, political effect of, 241-242, 272, 285-286; *see also* Decision-making process, city problems affected by

- Lagrangian Multiplier, 439, 490
- Land values, 133-135
- Linear programing, 490
- Loss carryover, state laws concerning, 151

- Maximization of welfare, *see* Welfare economics
