	<i>List of Participants</i>	285
	<i>Index</i>	289

Acknowledgments

The conference at which the papers in this book were presented was funded by a grant from the National Science Foundation to the National Bureau of Economic Research. Maureen Kay, Martin Feldstein, and Charles McLure of the Bureau did much of the hard work for the conference. I am indebted to David Modest, John Huizinga, and Matthew Butlin for substantial assistance at different stages in the editing of the book.

S.F.
