

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Trade and Protectionism, NBER-EASE Volume 2

Volume Author/Editor: Takatoshi Ito and Anne O. Krueger, editors

Volume Publisher: University of Chicago Press

Volume ISBN: 0-226-38668-6

Volume URL: [http://www.nber.org/books/ito\\_93-2](http://www.nber.org/books/ito_93-2)

Conference Date: June 19-21, 1991

Publication Date: January 1993

Chapter Title: List of Contributors, Indexes

Chapter Author: Takatoshi Ito, Anne O. Krueger

Chapter URL: <http://www.nber.org/chapters/c8084>

Chapter pages in book: (p. 437 - 450)

### **The Political Economy of Tax Reform**

*Edited by* TAKATOSHI ITO *and* ANNE O. KRUEGER

Experts from Taiwan, Korea, the Philippines, Japan, and Thailand, as well as the United States, Canada, and Israel, address the importance of the East Asian region for the international economy. Focusing on the complexities of tax reform, the contributors examine the problems of interdependence in a global economy.

NBER—East Asia Seminar on Economics, Volume 1

### **Trade with Japan: Has the Door Opened Wider?**

*Edited by* PAUL KRUGMAN

In what way is the Japanese economic system different from that of other nations? Is it to be emulated or challenged? Addressing common misconceptions, contributors from both the United States and Japan provide serious analyses of Japanese trade patterns, market structure and trade, financial markets, and industrial and trade policy.

An NBER Project Report

### **Perspectives on Trade and Development**

ANNE O. KRUEGER

These selected papers focus on the relationship between trade and exchange rate policies and overall economic development. "One of the leading American authorities on the relation between foreign trade and economic development draws together 16 papers, empirical and theoretical, that throw much light on her subject."—*Foreign Affairs*
