

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Developing Country Debt and Economic Performance, Volume 3: Country Studies - Indonesia, Korea, Philippines, Turkey

Volume Author/Editor: Jeffrey D. Sachs and Susan M. Collins, editors

Volume Publisher: University of Chicago Press

Volume ISBN: 0-226-30455-8

Volume URL: <http://www.nber.org/books/sach89-2>

Conference Date: September 21-23, 1987

Publication Date: 1989

Chapter Title: Biographies, Indexes

Chapter Author: Jeffrey D. Sachs, Susan M. Collins

Chapter URL: <http://www.nber.org/chapters/c9069>

Chapter pages in book: (p. 809 - 822)

Biographies

Merih Celâsun is a professor of economics at the Middle East Technical University in Ankara, Turkey.

Susan M. Collins is an associate professor of economics at Harvard University and a faculty research fellow of the National Bureau of Economic Research.

Robert S. Dohner is a visiting professor at the Graduate School of Business, Stanford University.

Ponciano Intal, Jr. is an assistant professor and chairman, department of economics, University of the Philippines at Los Banos.

Anwar Nasution is lecturer in monetary economics, Faculty of Economics, at the University of Indonesia.

Won-Am Park is a fellow of the Korea Development Institute.

Dani Rodrik is an associate professor of public policy at the John F. Kennedy School of Government, Harvard University and a faculty research fellow at the National Bureau of Economic Research.

Jeffrey D. Sachs is the Galen L. Stone Professor of International Trade at Harvard University and a research associate at the National Bureau of Economic Research.

Wing Thye Woo is an assistant professor of economics and head of the Pacific Rim Studies Program at the University of California, Davis.

Books of Related Interest

International Economic Cooperation

Edited by MARTIN FELDSTEIN

This volume makes available the proceedings of an NBER conference organized to investigate the efforts to coordinate economic policy among the developed nations. Included are background papers prepared by Stanley Fischer, Richard C. Marston, J. David Richardson, and Jeffrey D. Sachs; personal statements by individuals prominent in government and business, including W. Michael Blumenthal, Alan Greenspan, Edmund T. Pratt, Jr., Helmut Schmidt, and Robert S. Strauss; and summaries of the discussion that followed presentations.

Economic Adjustment and Exchange Rates in Developing Countries

Edited by SEBASTIAN EDWARDS and LIAQUAT AHMED

Influential economists use rigorous models to tackle various exchange rate issues—in stabilizing programs, adjustment processes, and liberalization reform—while illuminating policy implications that emerge from their analyses. Contributors include Sweder van Wijnbergen, Michael Mussa, Joshua Aizenman, Jacob A. Frenkel, Rudiger Dornbusch, Guillermo A. Calvo, Maurice Obstfeld, Sebastian Edwards, William H. Branson, Louka T. Katseli, Jorge Braga de Macedo, Arnold C. Harberger, and commentators.
