THE SMOOTHING OF TIME SERIES

National Bureau of Economic Research, Inc.

Publications in the order of their issue

- INCOME IN THE UNITED STATES**
By WESLEY C. MITCHELL, WILLFORD I. KING, FREDERICK R. MACAULAY
AND OSWALD W. KNAUTH
Volume I. A summary of an investigation of the Amount and Distribution of Income in the United States, 1909-1919. 152 pages. \$1.58.
Volume II. Details. 310 pages. \$5.15.
- DISTRIBUTION OF INCOME BY STATES IN 1919**
By OSWALD W. KNAUTH
The share of each state in the national income. 32 pages. (Out of print.)
- BUSINESS CYCLES AND UNEMPLOYMENT**
By the staff of the Bureau with 16 collaborators. 105 pages. \$4.10.
- EMPLOYMENT, HOURS, AND EARNINGS IN PROSPERITY AND DEPRESSION**
By WILLFORD I. KING
147 pages. (Out of print.)
- THE GROWTH OF AMERICAN TRADE UNIONS, 1880-1923**
By LEO WOLMAN
Membership year by year; fluctuations with business cycles. 170 pages. \$3.
- INCOME IN THE VARIOUS STATES**
By MAURICE LEVES AND WILLFORD I. KING
Gives income for each state, in 1919, 1920 and 1921. 206 pages. \$3.
- BUSINESS ANNALS**
By WILLARD L. THOMP AND WESLEY C. MITCHELL
Covers 17 countries, 36 to 136 years. 384 pages. \$4.
- MIGRATION AND BUSINESS CYCLES**
By HARRY JEROME
A century of American experience. 256 pages. \$3.50.
- BUSINESS CYCLES: THE PROBLEM AND ITS SETTING**
By WESLEY C. MITCHELL
Here Dr. Mitchell explains the numerous processes involved in business cycles; shows how our present economic organization was evolved; describes how to use statistics in the study of business cycles and how to use business annals; and concludes with a working concept of business cycles. (Eighth printing.) 312 pages. \$6.50.
- THE BEHAVIOR OF PRICES**
By FREDERICK C. MILLS
A pioneer study of individual commodity prices. 598 pages. \$7.
- TRENDS IN PHILANTHROPY**
By WILLFORD I. KING
A study of a typical American city. 78 pages. \$1.75.
- RECENT ECONOMIC CHANGES**
By EDWIN F. GAY, WESLEY C. MITCHELL, AND OTHERS
Conditions in the United States, 1922-1928. 2 volumes. \$7.50 per set.
- INTERNATIONAL MIGRATIONS**
Vol. I. Compiled by Imre Ferenczi, International Labour Office. 1,112 pages. \$10.

January 29, 1920

ITS ORGANIZATION AND PURPOSES

THE National Bureau of Economic Research was organized in 1920 in response to a growing demand for exact and impartial determinations of facts bearing on economic, social, and industrial problems.

It seeks not only to find facts and make them known, but to determine them in such manner and under such supervision as to make its findings carry conviction to Liberal and Conservative alike.

Entire control of the Bureau is vested in a Board of Directors, representing universities, learned and scientific societies, financial, industrial, agricultural, commercial, labor, and technical organizations.

Rigid provisions in the Charter and By-Laws guard the Bureau from becoming a source of profit to its members, directors, or officers and from becoming an agency for propaganda. No report of the Research Staff may be published without the approval of the Directors, and any Director who dissents from any finding approved by a majority of the Board may have such dissent published with the majority report.

The members of the Board of Directors are as follows:

DIRECTORS AT LARGE

Oswald W. KNAUTH, Executive Vice-President, R. H. Macy and Company, New York, *Recording Secretary*.
H. W. LAIDLER, Executive Director, League for Industrial Democracy, *President*.
T. W. LAMONT, Member of the firm of J. P. Morgan and Company, New York.
L. C. MARSHALL, Institute for the Study of Law, Johns Hopkins University.
GEORGE O. MEAD, Member of the firm of Price, Waterhouse and Company, New York.
ELWOOD MEAD, Commissioner of Reclamation, Washington, D. C.
GEORGE SOULE, Director, The Labor Bureau, Inc.
N. I. STONE, Industrial Consultant, New York.
MATTHEW WOLL, Vice-President, American Federation of Labor.

DIRECTORS BY UNIVERSITY APPOINTMENT

THOMAS S. ADAMS, Professor of Political Economy, Yale University, *Chairman of the Board*.
JOHN R. COMMONS, Professor of Economics, University of Wisconsin.
EDWIN F. GAY, Professor of Economic History, Harvard University, *Director of Research*.
HARRY ALVIN MILLIS, Professor of Economics, University of Chicago.
WESLEY C. MITCHELL, Professor of Economics, Columbia University, *Director of Research*.
JOSEPH H. WILLIAMS, Professor of Industry, Wharton School of Finance and Commerce, University of Pennsylvania.

DIRECTORS BY APPOINTMENT OF OTHER REPRESENTATIVE ORGANIZATIONS

HUGH FRAYNE, American Federation of Labor.
DAVID FRIDAY, American Economic Association.
LEE GALLOWAY, American Management Association.
CHESTER H. GRAY, American Farm Bureau Federation.
GEORGE F. ROBERTS, American Bankers Association, *Treasurer*.
M. C. RORTY, American Statistical Association.
A. W. SHAW, National Publishers' Association, *Vice-President*.
ROBERT B. WOLF, American Engineering Council.

PIERCE WILLIAMS, *Executive Director*.

G. R. STAHL, *Secretary*.

RESEARCH STAFF

EDWIN F. GAY, *Director*
MEREDITH B. GIVENS
HARRY JEROME
SIMON KUZNETS
FREDERICK R. MACAULAY

LEO WOLMAN

WESLEY C. MITCHELL, *Director*

RELATION OF THE DIRECTORS TO THE ECONOMIC WORK OF THE BUREAU

- 1—The object of the Bureau is to ascertain and to present to the public important economic facts and the interpretation thereof in a scientific and impartial manner, free from bias and propaganda. The Board of Directors is charged with the responsibility of ensuring and guaranteeing to the public that the work of the Bureau is carried out in strict conformity with this object.
- 2—The Directors shall appoint one or more directors of research chosen upon considerations of integrity, ability, character, and freedom from prejudice, who shall undertake to conduct economic researches in conformity with the principles of the Bureau.
- 3—The director or directors of research shall submit to the members of the Board, or to its executive committee when such is constituted and to which authority has been delegated by the Board, proposals in respect to researches to be instituted; and no research shall be instituted without the approval of the Board, or of its executive committee.
- 4—Following approval by the Board, or its executive committee, of a research proposed, the director or directors of research shall as soon as possible submit to the members of the Board, by written communication, a statement of the principles to be pursued in the study of the problem and the methods to be employed; and the director or directors of research shall not proceed to investigate, study, and report in detail, until the plan so outlined has been approved by the Board or the executive committee thereof.
- 5—Before the publication of the results of an inquiry the director or directors of research shall submit to the Board a synopsis of such results, drawing attention to the main conclusions reached, the major problems encountered and the solutions adopted, the nature of the sources from which the basic facts have been derived, and such other information as in their opinion shall have a material bearing on the validity of the conclusions and their suitability for publication in accordance with the principles of the Bureau.
- 6—A copy of any manuscript proposed to be published shall also be submitted to each member of the Board, and every member shall be entitled, if publication be approved, to have published also a memorandum of any dissent or reservation he may express, together with a brief statement of his reasons therefore, should he so desire. The publication of a volume does not, however, imply that each member of the Board of Directors has read the manuscript and passed upon its validity in every detail.
- 7—The results of any inquiry shall not be published except with the approval of at least a majority of the entire Board and a two-thirds majority of all those members of the Board who shall have voted on the proposal within the time fixed for the receipt of votes on the publication proposed; such limit shall be 45 days from the date of the submission of the synopsis and manuscript of the proposed publication, except that the Board may extend the limit in its absolute discretion, and shall upon the request of any member extend the limit for a period not exceeding 30 days.
- 8—A copy of this memorandum shall, unless otherwise determined by the Board, be printed in each copy of every work published by the Bureau. Resolution adopted Oct. 25, 1926.

ACKNOWLEDGMENTS

The manuscript of this book has been read by Members of the Research Staff of the National Bureau and by the Bureau's Directors. I wish to acknowledge with thanks the helpful comments made by these gentlemen—Colonel M. C. Rorty in particular. I also desire to thank Dr. Henry Schultz, of the University of Chicago, who kindly read the manuscript. My obligations to Mr. Robert Henderson for specific suggestions are acknowledged in the text.

My sincere thanks are due to Miss Celeste Nason, who aided me in the earlier stages of the study, and to Miss Dorothy Achilles, my assistant in the later work. Miss Achilles not only made all the calculations and drew all the charts, but also read the manuscript with critical care.

F. R. M.

TABLE OF CONTENTS

CHAPTER	PAGE
INTRODUCTION	17
I. THE SMOOTHING OF ECONOMIC TIME SERIES. CURVE FITTING AND GRADUATION	31
II. GRADUATING BY SIMPLE MOVING AVERAGES AND BY THE MID ORDINATES OF THIRD- DEGREE PARABOLAS FITTED BY THE METHOD OF LEAST SQUARES	43
III. THIRD-DEGREE PARABOLIC GRADUATION FOR- MULAS HAVING SMOOTH WEIGHT DIA- GRAMS. SUMMATION FORMULAS	51
IV. FIFTH-DEGREE PARABOLIC SUMMATION FOR- MULAS FOR GRADUATION	63
V. DR. E. C. RHODES' GRADUATION PROPOSAL	81
VI. THE WHITTAKER-HENDERSON METHOD OF GRADUATION	89
VII. DESIRABLE CHARACTERISTICS OF FORMULAS FOR GRADUATING MONTHLY TIME SERIES	100
VIII. THE EXTENSION OF SUMMATION FORMULAS TO COVER THE RANGE OF THE DATA	113

APPENDICES

APPENDIX	PAGE
I. The Measurement of Probable Seasonal Fluctuations by Means of Operations on the Deviations of the Data from Graduated Curves. The Elimination of Seasonal Fluctuations before Graduation	121
II. A Computation Sheet Illustrating Graduation by Spencer's 15-term Third-degree Parabolic Formula	137
III. Three Sets of Twenty-five Term Third-degree Parabolic Graduation Weights	141
IV. The Weights Implied in Various Graduation Formulas	143
V. Seven Graduations of Dr. E. C. Rhodes' Test Mortality Data	149
VI. Paradigm for Graduating by Robert Henderson's Method	151
VII. The Results of Applying Nineteen Different Graduation Formulas to Equidistant Points on Indefinitely Extended Sine Series	157
VIII. Fourteen Different Graduations of Call Money Rates on the New York Stock Exchange for 97 Months—January 1886 to January 1894 inclusive	161

LIST OF CHARTS

CHART	PAGE
I. Graduation Weight Diagrams	77
II. Whittaker-Henderson Graduation fitted to Dr. E. C. Rhodes' Mortality Data	84
III. Illustration of Robert Henderson's Method of Graduation	91
IV. Call Money Rates, Twelve-months Moving Average and 43-term Cyclical Graduation	108
V. A Criterion of Goodness of Fit. Twelve- months Moving Averages of the Three Graduations in Chart IV	109
VI. Call Money Rates and two Whittaker-Hen- derson Graduations	110
VII. Call Money Rates, Kenchington's 27-term Graduation and Spencer's 21-term Gradu- ation	111
VIII. Call Money Rates Adjusted for a Constant Seasonal Fluctuation. 43-term Cyclical Graduation and Spencer's 15-term Gradu- ation of the Adjusted Data	126
IX. Call Money Rates. 43-term Cyclical Gradu- ation and Spencer's 15-term Graduation of Rates Adjusted for a Constant Seasonal	127

CHART	PAGE
X. Call Money Rates, Spencer's 15-term Graduation of (1) the Unadjusted Rates (2) the Rates Adjusted for a Constant Seasonal Fluctuation and (3) the Rates Adjusted for a Changing Seasonal Fluctuation. The Changing Seasonal Fluctuations	131

THE SMOOTHING OF TIME SERIES

“Of Geology and Geognosy we know enough; what with the labours of our Werners and Huttons, what with the ardent genius of their disciples, it has come about that now to many a Royal Society, the Creation of a World is little more mysterious than the cooking of a dumpling; concerning which last, indeed, there have been minds to whom the question, *How the Apples were got in*, presented difficulties.”

--*Sartor Resartus.*
