# The Public Use Natality File – 2015 Update

## Introduction

United States birth data available in this file represent all births registered in the 50 States, the District of Columbia, and New York City. The Centers for Disease Control and Prevention's National Center for Health Statistics (NCHS) receives these data as electronic files, prepared from individual records processed by each registration area, through the Vital Statistics Cooperative Program.

Birth data for the U.S. are limited to births occurring within the United States to U.S. residents and nonresidents. Births to nonresidents of the United States are excluded from all tabulations by place of residence. Births occurring to U.S. citizens outside of the United States are not included in this file. For more detailed information on the 2015 Natality file see the "Detailed Technical Notes – Natality: United States, 2014" in the User Guide to the 2014 Natality Public Use File

(ftp://ftp.cdc.gov/pub/Health\_Statistics/NCHS/Dataset\_Documentation/DVS/natality/UserGuide2014\_ndf).

.

# **Natality File Updates for 2015**

#### **Vital Stats**

The Vital Stats portal/website is no longer available. Selected natality data are available in WONDER <a href="http://wonder.cdc.gov/">http://wonder.cdc.gov/</a>

# **Items Dropped from National Birth File**

The items listed below have been dropped from the national natality files beginning with the 2014 data year:

- Mother ever married
- Date of last prenatal care visit
- Onset of labor: Premature rupture of the membranes  $\geq$ 12 hours

Precipitous labor <3 hours

Prolonged labor  $\geq$ 20 hours

• Obstetric procedure: Tocolysis

Cervical cerclage

- Maternal morbidity: Unplanned operating room procedures
- Abnormal condition of the newborn: Significant birth injury
- Rick factors in this pregnancy: Other previous poor pregnancy outcomes
- Characteristics of labor and delivery: Fetal intolerance of labor

Moderate/heavy meconium staining of the amniotic fluid

# State-specific Data Quality Issues for 2015

These state-specific data quality issues are of particular concern due to underreporting and/or inaccurate reporting for 2015. *These data should be used with caution*.

Hawaii:

Tobacco use - All categories

Louisiana:

Abnormal conditions of the newborn – All checkbox items

## Michigan:

**Breastfeeding** – Item wording is not consistent with the national standard item wording and data for this state are not considered comparable with those of other states. Use the reporting flag for this item to exclude Michigan data from the reporting area totals.

New Mexico:

**Risk Factors** – Previous preterm birth

Characteristics of Labor & Delivery - Steroids for fetal lung maturation received by mother

Characteristics of Labor & Delivery – Antibiotics received by mother during labor Infections present and/or treated during this pregnancy – All checkbox items Obstetric procedures – Successful and Failed external cephalic version

#### Oklahoma:

Characteristics of labor and delivery – Clinical chorioamnionitis

Maternal morbidity – Perineal laceration

Abnormal conditions of the newborn – Assisted ventilation for more than 6 hours

#### Rhode Island:

Mother's education

**Prenatal care items** – Month prenatal care began, Number of prenatal care visits **Date of last normal menses** 

## Virginia:

*Prenatal care items* – Month prenatal care began, Number prenatal care visits *Maternal characteristics* – Height, Pre-pregnancy weight, Weight at delivery

**Tobacco use** – All categories

Pregnancy risk factors – All checkbox items except Eclampsia, Previous cesarean delivery

*Infections* – All checkbox items

Obstetric procedures – Successful, Failed External cephalic version

Characteristics of labor & delivery – All checkbox items

*Method of delivery* – Fetal presentation, Trial of labor

*Maternal morbidities* – All checkbox items

**Abnormal conditions** – All checkbox items

Virgin Islands:

*Tobacco use* – All categories

## Births to residents of a revised state occurring in an unrevised state - 2015

In the 2015 natality file, as in previous years, births to residents of a revised state occurring in an unrevised state are represented by "blanks" for the items which are not common or comparable across certificate revisions (total of 0.1 percent of births for the 2015 revised area). Blanks should be treated as "unknowns" for tabulation.

## Invalid codes for 2014, 2015

As of data year 2014, the code "YY – Remainder of World" for mother's country of birth are not valid for revised reporting areas. In 2014 and 2015, unrevised reporting areas (Connecticut, New Jersey and American Samoa) continue to report "YY – Remainder of World".

<sup>0.0</sup> Quantity more than zero but less than 0.05.

<sup>---</sup>Data not available.

<sup>-</sup> Quantity zero.

- <sup>1</sup> Items common to both the 2003 and 1989 Standard Certificates of Live Birth.
- <sup>2</sup> Excludes data for Puerto Rico, Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Marianas.
- <sup>3</sup> Items included: diabetes (combined prepregancy and gestational), prepregnancy hypertension, gestational hypertension, and eclampsia. Eclampsia not reported by Pennsylvania, South Carolina, and Tennessee.
- <sup>4</sup> Items exclusive to the 2003 Standard Certificate of Live Birth.
- <sup>5</sup> Items included: Prepregnancy and gestational diabetes, previous preterm birth, pregnancy resulted from infertility treatment, mother had a previous cesarean. The type of infertility treatment was not reported by New Hampshire, Pennsylvania, South Carolina, and Tennessee.
- <sup>6</sup> Item included: Induction of labor. Induction of labor included in the "Obstetric Procedures" item for the 1989 Standard Certificate of Live Birth.
- <sup>7</sup> Items included: Augmentation of labor, steroids for fetal lung maturation, antobiotics received by the mother during labor, clinical chorioamnionitis, epidural or spinal anesthesia during labor.
- <sup>8</sup> Breech/malpresentation included in the "Complications of Labor and/or Delivery" item for the 1989 Standard Certificate of Live Birth.
- 9 Items included: Fetal presentation at birth: cephalic; Final route and method of delivery: Vaginal/spontaneous, vaginal/forceps, vaginal/vacuum, and if cesarean, was a trial of labor attempted.
- 10 Items included: Anencephaly, spina bifida, congenital diaphragmatic hernia, omphalocele/gastroschisis, cleft lip/palate, and down syndrome.
- 11 Items included: Cyanotic congenital heart disease, limb reduction defect, suspected chromosomal disorder, hypospadias.
- 12 Expanded source of payment categories reported by 35 states; see "Detailed technical notes".
- 13 California and Michigan do not report infant breastfed. See "Detailed technical notes."

<sup>\*\*</sup> Difference significant at p = 0.05.

<sup>1</sup> Excludes Connecticut and New Jersey.

<sup>2</sup> Includes Hispanic origin not stated.

<sup>3</sup> Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with the 1977 Office of Management and Budget (OMB) standards. All states in the 48-state and District of Columbia reporting area reported multiple-race data for 2015. The multiple-race data for these were bridged to the single-race categories of the 1977 OMB standards for comparability with other states; see "Technical Notes."

<sup>4</sup> Includes births to Aleuts and Eskimos.

<sup>5</sup> Includes persons of Hispanic origin of any race.

<sup>6</sup> Born prior to 32 completed weeks of gestation based on the obstetric estimate.

<sup>7</sup> Born prior to 37 completed weeks of gestation based on the obstetric estimate.

<sup>8</sup> Birthweight of less than 1,500 grams (3 lb 4 oz)

<sup>9</sup> Birthweight of less than 2,500 grams (5 lb 8 oz).

<sup>10</sup> Equivalent to 8 lb 14 oz.

<sup>11</sup> Includes births in twin, triplet, and higher order multiple deliveries.

<sup>12</sup> The number of live births in multiple deliveries per 1,000 live births.

Table 1. Estimated total population, by race and Hispanic origin and specified Hispanic origin group and estimated female population, by age and race and Hispanic origin and specified Hispanic origin group: United States, 2015

NOTES: Population count estimates are based on the 2010 census; see "Technical Notes." Race categories are consistent with the 1977 Office of Management and Budget (OMB) standards. Multiple-race population estimates were bridged to the single race categories of the 1977 OMB standards for comparability with the birth data; see "Technical Notes." Population estimates for Mexican, Puerto Rican, Cuban, Central and Other Hispanic, which includes includes Central and South American and other and unknown Hispanic, are based on the American Community Survey adjusted to resident population control totals (the 2010-based population estimates for the United States for July 1, 2015). Population estimates for Hispanic total are based on the 2010 census, as of Juy 1, 2015. Population estimates by specified Hispanic origin in this table may not add to population estimates for total Hispanic. Standard errors are shown in parentheses below each population estimate.

SOURCE: U.S. Census Bureau. See references 1 and 2.

<sup>1</sup> Persons of Hispanic origin are included for this race group.

<sup>2</sup> Persons of non-Hispanic origin may be of any race.

<sup>3</sup> Includes all persons of Hispanic origin of any race.

<sup>4</sup> Includes Central and South American and other and unknown Hispanic.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with the 1997 Office of Management and Budget standards. Forty-eight states and the District of Columbia reported multiple race data for 2015. This table excludes data for New Jersey, which reported multiple-race data in 2015 but only for selected facilities. This table also excludes data for Connecticut, which did not report multiple-race data in 2015. In this table all women, including Hispanic women, are classified only according to their race.

 $<sup>\</sup>star$  Figure does not meet standards of reliability or precision: based on fewer than 20 births in the numerator.

<sup>&</sup>lt;sup>1</sup> Includes all births to residents of the states that reported multiple-race for the entire year. Percentages are based on the number of births occurring in the states that reported multiple-race for the entire year to residents of the states. Births that occurred in states that did not report multiple race to residents of the multiple-race reporting states are not shown separately but are included in the total.

Documentation Table 2. Educational attainment of mother, by age and race and Hispanic origin of mother: Total of 48 reporting states and the District of Columbia, 2015

Educational attainment and race and Hispanic origin of mother	All ages	Under 20 years	20-24 years	25-29 years	30-34 years	35-39 years	40-54 years

<sup>1</sup> Total number of births to residents of areas reporting specified items.

<sup>2</sup> No response reported for selected characteristic; includes births to residents of states using the 2003 Standard Certificate of Live Birth occurring in states using the 1989 Standard Certificate of Live Birth (0.1 percent). See "Technical Notes."

<sup>3</sup> Includes other races not shown and origin not stated.

<sup>4</sup> Excludes data for California which did not report infant was being breastfed at discharge. Also excludes Michigan, for which item wording for Michigan is not consistent with national standard.

<sup>5</sup> Race and Hispanic origin are reported separately on the birth certificate. Race categories are consistent with the 1997 Office of Management and Budget standards; see "Technical Notes." Data by race are non-Hispanic and exclude mothers reporting multiple races.

<sup>6</sup> Includes all persons of Hispanic origin of any race.

### Documentation Table 6. Pregnancy risk factors, by age and race and Hispanic origin of mother: Total of 48 reporting states and the District of Columbia, 2015

[Rates are number of live births with specified risk factor per 1,000 live births in specified group]

Risk factor and race and Hispanic origin of mother	All births 1	Factor reported	All ages	Under 20 years	20-24 years	25-29 years	30-34 years	35-39 years	40-54 years	Not stated 2
All races 3		_				per 1,000

Total number of births to residents of areas reporting the specified item. Total for vaginal birth after cesarean delivery is the number of births to women delivering after a previous cesarean. Total for cesarean/trial of labor is the number of women delivering by cesarean.

No response reported for characteristic of labor and delivery item; includes births to residents of states using the 2003 Standard Certificate of Live Birth occurring in states using the 1989 Standard Certificate of Live Birth (0.1 percent). See "Technical Notes".

<sup>&</sup>lt;sup>3</sup> Includes other races not shown and origin not stated.

<sup>&</sup>lt;sup>4</sup> Vaginal birth after cesarean delivery rate is the number of births to women having a vaginal delivery per 100 births to women with a previous cesarean delivery.

<sup>&</sup>lt;sup>5</sup> Primary cesarean rate is the number of births to women having a cesarean delivery per 100 births to women without a previous cesarean.

<sup>&</sup>lt;sup>6</sup> Cesarean/trial of labor attempted is number of women who attempted a trial of labor prior to cesarean delivery per 100 cesarean births.

Race and Hispanic origin are reported separately on the birth certificate. Race categories are consistent with the 1997 Office of Management and Budget standards; see "Technical Notes." Data by race are non-Hispanic and exclude mothers reporting multiple races.

<sup>&</sup>lt;sup>8</sup> Includes all persons of Hispanic origin of any race.

<sup>---</sup> Data not available.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2015; see "Technical Notes." In this table all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

<sup>1</sup> For 1960-91, includes births to races not shown separately. For 1992 and later years, unknown race of mother is imputed; see "Technical Notes."

<sup>2</sup> Based on 100 percent of births in selected states and on a 50 percent sample of births in all other states; see reference \_\_\_\_\_\_.
3 Based on a 50 percent sample of births.

<sup>4</sup> Based on a 20 percent to 50 percent sample of births.

<sup>5</sup> Figures by race exclude New Jersey.

Table 2. Births, by age of mother, live-birth order, and race of mother: United States, 2015

[Live-birth order refers to number of children born alive to mother]

Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes."

In this table all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

Table 3. Birth rates, by age of mother, live-birth order, and race of mother: United States, 2015

[Rates are births per 1,000 women in specified age and racial group. Fertility rate computed by relating total births, regardless of age of mother, to women aged 15-44 years. Populations estimated as of July 1. Live-birth order refers to number of children born alive to mother. Figure for live-birth order not stated are distributed]

<sup>\*</sup> Figure does not meet standards of reliability or precision; based on fewer than 20 births in numerator.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." In this table, all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

<sup>0.0</sup> Quantity more than zero but less than 0.05.

Birth rates computed by relating births to women aged 45 years and over to women aged 45-49 years; see "Technical Notes."

Table 4. Birth rates, by age of mother: United States, 1970-2014, and by age and race of mother: United States, 1980-2015

[Total fertility rates are sums of birth rates for 5-year age groups multiplied by 5. Birth rates are births per 1,000 women in specified group. Populations based on counts enumerated as of April 1 for census years and estimated as of July 1 for all other years]

Year and race	Total <b>-</b> fertility rate	10-14 <b>-</b> years	1 Total	5-19 years 15-17 years	18-19 years	Age of m 20-24 years	25-29 years	30-34 years	35-39 years	40-44 years	45-49 years 1

<sup>\*</sup> Figure does not meet standards of reliability or precision; based on fewer than 20 births in numerator.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2014; see "Technical Notes." In this table, all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

<sup>1</sup> Beginning in 1997, birth rates are computed by relating births to women aged 45 years and over to women aged 45-49; see "Technical Notes."

<sup>2</sup> For 1970-1991 includes births to races not shown separately. For 1992 and later years, unknown race of mother is imputed; see "Technical Notes."

<sup>3</sup> Based on 100 percent of births in selected states and on a 50 percent sample of births in all other states; see reference \_\_\_\_\_\_.

 $<sup>4\,\,</sup>$  Based on a 50 percent sample of births.

Table 5. Births and birth rates, by Hispanic origin of mother and by race for mothers of non-Hispanic origin: United States, 1989-2015

[Birth rates are births per 1,000 population in specified group. Fertility rates are births per 1,000 women aged 15-44 years in specified group. Populations estimated as of April 1 for census years and estimated as of July 1 for all other years. Populations for specified Hispanic groups based on American Community Survey (ACS) estimates as of July 1 for 2010 to 2015; prior to 2010, populations for specified Hispanic groups based on Current Population Survey (CPS) estimates as of April 1 for census years and estimated as of July 1 for all other years]

--- Data not available.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2014 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2015; see "Technical Notes." Persons of Hispanic origin may be of any race. In this table, Hispanic women are classified only by place of origin; non-Hispanic women are classified by race; see "Technical Notes." This table will be updated to include rates for specified Hispanic origin groups when 2015 population data for these groups are available.

<sup>1</sup> Includes origin not stated.

<sup>2</sup> Includes races other than white and black.

<sup>3</sup> Excludes data for New Hampshire, which did not report Hispanic origin.

<sup>4</sup> Excludes data for New Hampshire and Oklahoma, which did not report Hispanic origin.

<sup>5</sup> Excludes data for Louisiana, New Hampshire, and Oklahoma, which did not report Hispanic origin.

<sup>6</sup> Rates for the Central and South American population includes other and unknown Hispanic.

Table 6. Births, by age of mother, live-birth order, and Hispanic origin of mother, and by race for mothers of non-Hispanic origin: United States, 2015

[Live-birth order refers to number of children born alive to mother. Includes births with stated origin of mother only]

Live-birth order and	All	Under -			15-19	years			20-24	25-29	30-34	35-39	40-44	45-49	50-54

<sup>-</sup> Quantity zero.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Persons of Hispanic origin may be of any race. In this table, Hispanic women are classified only by place of origin; non-Hispanic women are classified by race; see "Technical Notes."

<sup>1</sup> Includes races other than white and black.

Table 7. Birth rates, by age of mother, live-birth order, and Hispanic origin of mother, and by race for mothers of non-Hispanic origin: United States, 2015

[Fertility rates are computed by relating total births, regardless of age of mother, to women aged 15-44 years. Birth rates are births per 1,000 women in specified age and racial group. Populations estimated as of July 1. Live-birth order refers to number of children born alive to mother. Missing values for live-birth order not stated have been distributed]

<sup>---</sup> Data not available.

<sup>0.0</sup> Quantity more than zero but less than 0.05.

<sup>\*</sup> Figure does not meet standards of reliability or precision; based on fewer than 20 births in the numerator or, for the Hispanic subgroups, a relative standard error for the rate of 23 percent or more; see reference \_\_\_\_\_\_.

Fertility rates computed by relating total births, regardless of age of mother, to women aged 15-44 years.

- 2 Birth rates computed by relating births to women aged 45 years and over to women aged 45-49 years; see "Technical Notes."
- 3 Includes Central and South American and other and unknown Hispanic.
- 4 Includes origin not stated.
- 5 Includes races other than white and black.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Persons of Hispanic origin may be of any race. In this table, Hispanic women are classified only by place of origin; non-Hispanic women are classified by race; see "Technical Notes." This table will be updated to include rates for specified Hispanic origin groups when 2015 population data for these groups are available.

Table 8. Birth rates, by age and Hispanic origin of mother and by race for mothers of non-Hispanic origin: United States, 1989-2015

[Total fertility rates are sums of birth rates for 5-year age groups multiplied by 5. Fertility rates are births per 1,000 women aged 15-44 years in specified racial group. Birth rates are births per 1,000 women in specified group. Populations estimated as of April 1 for census years and estimated as of July 1 for all other years. Populations for specified Hispanic groups based on American Community Survey (ACS) estimates as of July 1 for 2010 to 2014; prior to 2010, populations for specified Hispanic groups based on Current Population Survey (CPS) estimates as of April 1 for census years and estimated as of July 1 for all other years]

Year and origin/race of mother	Total fertility rate	Fertility rate 1	10-14 <b>–</b> years	1 Total	5-19 years 15-17 years	18-19 years	Age of a 20-24 years	25-29 years	30-34 years	35-39 years	40-44 years	45-49 years 2

<sup>---</sup> Data not available.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2015; see "Technical Notes." Persons of Hispanic origin may be of any race. In this table, Hispanic women are classified only by place of origin; non-Hispanic women are classified by race; see "Technical Notes." This table will be updated to include rates for specified Hispanic origin groups when 2015 population data for these groups are available. This table will be updated to include rates for specified Hispanic origin groups when 2015 population data for these groups are available.

<sup>\*</sup> Figure does not meet standards of reliability or precision; based on fewer than 20 births in the numerator or, for the Hispanic subgroups, a relative standard error for the rate of 23 percent or more for the ACS-based rates of 2010-2015 or fewer than 50 women for census years and 75,000 women for noncensus years in the denominator for the CPS-based rates for 1989-2009; see reference \_\_\_\_\_\_.

<sup>1</sup> Fertility rates computed by relating total births, regardless of age of mother, to women aged 15-44.

<sup>2</sup> Beginning in 1997, birth rates computed by relating births to women aged 45 and over to women aged 45-49; see "Technical Notes."

<sup>3</sup> Excludes data for New Hampshire, which did not report Hispanic origin.

<sup>4</sup> Excludes data for New Hampshire and Oklahoma, which did not report Hispanic origin.

<sup>5</sup> Excludes data for Louisiana, New Hampshire, and Oklahoma, which did not report Hispanic origin.

<sup>6</sup> Includes Central and South American and other and unknown Hispanic.

<sup>7</sup> Includes origin not stated.

<sup>8</sup> Includes races other than white and black.

Table 9. Birth rates, by live-birth order and race and Hispanic origin of mother: United States, 1980-2015

[Rates are births per 1,000 women aged 15-44 years. Populations based on counts enumerated as of April 1 for census years and estimated as of July 1 for all other years. Figures for live-birth order not stated are distributed]

Year and race and Hispanic origin of mother	Fertility —— rate	1	2	3	-birth order 4	5	6 and 7	8 and over

<sup>---</sup> Data not available.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with the 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported mulitple-race data for 2015 that were bridged to the single-race categories for comparability with other states; see "Technical Notes." In this table, all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

<sup>-</sup> Quantity zero.

<sup>1</sup> Excludes data for the territories.

Table 12. Birth rates, by age of mother: United States, each state and territory, 2015

[By place of residence. Fertility rates are births per 1,000 women aged 15-44 years; total fertility rates are sums of birth rates for 5-year age groups multiplied by 5; birth rates by age are births per 1,000 women in specified age group estimated in each area. Populations estimated as of July 1]

<sup>\*</sup> Figure does not meet standards of reliability or percision; birth rates based on fewer than 20 births.

NOTE: Population data for computing birth rates were provided by the U.S. Census Bureau. Rates by state may differ from rates computed on the basis of other population estimates.

<sup>---</sup> Data not available.

<sup>1</sup> Birth rates computed by relating births to women aged 45 and over to women aged 45-49; see "Technical Notes."

 $<sup>2\ \</sup>mbox{Excludes}$  data for the territories.

Table 13. Selected demographic characteristics of births, by race of mother: United States, 2015

[Birth rates are births per 1,000 population. Fertility rates are computed by relating total births, regardless of age of mother, to women aged 15-44 years. Total fertility rates are sums of birth rates for 5-year age groups multiplied by 5. Populations estimated as of July 1. Mean age at first birth is the arithmetic average of the age of mothers at the time of birth, computed directly from the frequency of first births by age of mother]

Characteristic	All races	White	Black	American Indian or Alaskan Native	Asian or Pacific Islander
			Number

Births to unmarried mothers	40.3	35.8	70.1	65.8	16.4
Mothers born in the 50 States and DC	77.4	81.0	82.6	94.6	23.3
			Mean		
Age of mother at first birth	26.4	26.5	24.4	23.2	29.6

<sup>1</sup> Male births per 1,000 female births.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." In this table, all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

<sup>2</sup> Based on live-birth order.

Table 14. Selected demographic characteristics of births, by Hispanic origin of mother and by race for mothers of non-Hispanic origin: United States, 2015

[Birth rates are births per 1,000 population. Fertility rates are computed by relating total births, regardless of age of mother, to women aged 15-44 years. Total fertility rates are sums of birth rates for 5-year age groups multiplied by 5. Populations estimated as of July 1. Mean age at first birth is the arithmetic average of the age of mothers at the time of birth, computed directly from the frequency of first births by age of mother].

<sup>---</sup> Data not available.

NOTES: For 49 states, the District of Columbia, and New York City marital status is reported in the birth registration process; for New York, mother's marital status is inferred; see reference \_\_\_\_\_\_. Rates cannot be computed for unmarried non-Hispanic black women or for American Indian or Alaska Native women because the neccessary populations are not available.

<sup>1</sup> Includes origin not stated.

<sup>2</sup> Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Data for persons of Hispanic origin are included in the data for each race group according to the mother's reported race; see "Technical Notes." Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes."

<sup>3</sup> Includes all persons of Hispanic origin of any race.

<sup>4</sup> Birth rates computed by relating total births to unmarried mothers, regardless of age of mother, to unmarried women aged 15-44 years; see "Technical Notes."

<sup>5</sup> Birth rates computed by relating births to unmarried women aged 40 years and over to unmarried women aged 40-44.

Table 16. Birth rates for unmarried women, by age of mother: United States, 1970, 1975, and 1980-2015, and by age, race, and Hispanic origin of mother: United States, 1980-2015

[Rates are births to unmarried women per 1,000 unmarried women. Populations estimated as of July 1 for all years]

--- Data not available.

1990 4,8

1 Rates computed by relating total births to unmarried mothers, regardless of age of mother, to unmarried women aged 15-44 years.

65.9

2 Beginning in 1997, birth rates computed by relating births to unmarried women aged 40 years and over to unmarried women aged 40-44 years;

45.9

98.9

129.8

131.7

88.1

50.8

13.7

see "Technical Notes."
3 Includes races other than white, black, and Asian or Pacific Islander.

89.6

4 Data for states in which marital status was not reported have been inferred and included with data from the remaining states; see "Technical Notes."

5 Based on 100 percent of births in selected states and on a 50 percent sample of births in all other states; see reference \_

6 Births to unmarried women are estimated for the United States from data for registration areas in which marital status of mother was reported; see reference \_\_\_\_\_\_.

7 Based on a 50 percent sample of births.

8 Rates based on data for 48 states and the District of Columbia, which reported Hispanic origin on the birth certificate. Rates for age group 35-39 are based on births to unmarried women aged 35-44.

9 Includes all persons of Hispanic origin of any race.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Persons of Hispanic origin may be of any race. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2015; see "Technical Notes." Rates cannot be computed for unmarried non-Hispanic black women or for American Indian or Alaska Native women because the necessary populations are not available.

## Table 17. Birth rates, by age and race of father: United States, 1980-2015

[Rates are births per 1,000 men in specified group. Populations based on counts enumerated as of April 1 for census years and estimated as of July 1 for all other years. Missing values for age of father not stated have been distributed]

Year and race of father	15-54 years 1	15-19 years 2	20-24 years	25-29 years	30-34 years	35-39 years	ge of fathe 40-44 years	45-49 years	50-54 years	55 years and over

<sup>1</sup> Rates computed by relating total births, regardless of age of father, to men aged 15-54 years.

<sup>2</sup> Rates computed by relating births of fathers under 20 to men aged 15-19. 3 Includes races other than white and black.

<sup>4</sup> Based on 100 percent of births in selected states and on a 50 percent sample of births in all other states; see reference

Table 18. Selected medical and health characteristics of births, by race of mother: United States, 2015

Characteristic	All races	White	Black	American Indian or Alaska Native	Asian or Pacific Islander
Mother			Percent		
Diabetes during pregancy	6.5	6.2	5.8	9.9	11.1
Weight gain of less than 11 lbs	9.1	8.3	13.1		7.1
	21.0	21.6	21.4		14.3
Weight gain of more than 40 lbs Induction of labor	23.8	24.5	22.9		18.5
CNM delivery 1 Cesarean delivery	8.5 32.0	8.7 31.3	7.4 35.3		7.2 33.0
Infant					
Gestational age					
Preterm 2	9.6	9.0	13.2	10.5	8.6
Early preterm 3	2.8	2.4	4.7	2.8	2.2
Late preterm 4	6.9	6.6	8.4	7.7	6.4
Birthweight 5					
Very low birthweight 6	1.4	1.1	2.8	1.3	1.1
Low birthweight 7	8.1	7.0	13.0	7.5	8.4
4,000 grams or more	8.0	9.0	4.6	10.1	4.8
Twin birth 8	33.5	32.8	38.7	25.1	29.9
Triplet or higher-order birth 9	103.6	107.1	101.7	38.4	81.4

- 1 Births delivered by certified nurse midwives.
- 2 Born prior to 37 completed weeks of gestation based on the obstetric estimate; see "Technical Notes."
- 3 Born prior to 34 completed weeks of gestation based on the obstetric estimate; see "Technical Notes."
- 4 Born between 34 and 36 completed weeks of gestation based on the obstetric estimate; see "Technical Notes."
- 5 Equivalents of the gram weights in pounds are shown in the "Technical Notes."
- 6 Less than 1,500 grams.
- 7 Less than 2,500 grams.
- 8 Live births in twin deliveries per 1,000 live births.
- 9 Live births in triplet and other higher-order multiple deliveries per 100,000 live births.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." In this table, all women, including Hispanic women, are classified only according to their race; see "Technical Notes."

Table 19. Selected medical or health characteristics of births, by Hispanic origin of mother and by race for mothers of non-Hispanic origin: United States, 2015

<sup>1</sup> Percent of all live births by cesarean delivery.

<sup>2</sup> Includes races other than white and black and origin not stated.

Race and Hispanic origin are reported separately on birth certificates. Persons of Hispanic origin may be of any race. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes." Multiple-race reporting areas vary for 2003-2015; see "Technical Notes."

<sup>4</sup> Includes all persons of Hispanic origin of any race.

<sup>5</sup> Excludes data for New Hampshire, which did not report Hispanic origin.

<sup>6</sup> Excludes data for New Hampshire and Oklahoma, which did not report data by Hispanic origin. Oklahoma did not report method of delivery.

<sup>7</sup> Excludes data for Louisiana, Maryland, Nebraska, Nevada, and Oklahoma, which did not report method of delivery on the birth certificate; data by Hispanic origin also excludes New Hampshire, which did not report Hispanic origin.

<sup>-</sup> Quantity zero.

<sup>0.0</sup> Quantity more than zero but less than 0.05.

<sup>1</sup> Equivalents of the gram weights in pounds and ounces are shown in the "Technical Notes."

Expressed in completed weeks based on the obstetric estimate of gestation; see "Technical Notes."

Includes races other than white and black and origin not stated.

<sup>4</sup> Birthweight of less than 1,500 grams.

<sup>5</sup> Birthweight of less than 2,500 grams.

Race and Hispanic origin are reported separately on birth certificates. Persons of Hispanic origin may be of any race. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes."

<sup>7</sup> Includes all persons of Hispanic origin of any race.

<sup>-</sup> Quantity zero.

<sup>\*</sup> Figure does not meet standards of reliability or precision; based on fewer than 20 births in the numerator.

 $<sup>1\,</sup>$   $\,$  Includes races other than white and black and origin not stated.

<sup>2</sup> Race and Hispanic origin are reported separately on birth certificates. Persons of Hispanic origin may be of any race. Race categories are consistent with 1977 Office of Management and Budget standards. Forty-nine states and the District of Columbia reported multiple-race data for 2015 that were bridged to single-race categories for comparability with other states; see "Technical Notes."

<sup>3</sup> Includes all persons of Hispanic origin of any race.

<sup>4</sup> Triplet, quadruplet, quintuplet and higher order multiple deliveries.
