

Entrepreneurship Initiative

Travel Grants for 2009

The NBER Working Group on Entrepreneurship meets twice each year, summer and winter, to present and discuss research in the field. We are seeking scholars at the graduate and pre-doctoral level who are interested in the growing field of entrepreneurship research. The travel grants will pay the travel expenses (up to a total of \$1,000) for successful candidates to attend the two meetings of the NBER's Working Group on Entrepreneurship to be held at the NBER's offices in Cambridge, MA. The meetings will provide students with exceptional opportunities to see the latest research and to participate in informal discussions with leading researchers in the field.

The summer 2009 meeting date is July 21, 2009. The winter meeting date will be announced later. The programs for the two program meetings held in 2008 may be viewed at the following addresses:
