5 Creating Price Indexes for Measuring Productivity in Mental Health Care 115

Susan H. Busch, Ernst R. Berndt, and Richard G. Frank

Acknowledgments

I am grateful to the NBER administrative staff for their help in organizing the conference and publications; staff members include Kirsten Foss Davis, Rob Shannon, and Helena Fitz-Patrick. The National Institute on Aging, which has supported a large portion of the NBER's health care research agenda, supported much of the research reported here, as did the Robert Wood Johnson Foundation.
