National Bureau of Economic Research

Volume Title: Commodity Prices and Markets, East Asia Seminar
on Economics, Volume 20

Volume Author/Editor: Takatoshi Ito and Andrew K. Rose, editors

Volume Publisher: University of Chicago Press

Volume ISBN: 0-226-38689-9
ISBN13: 978-0-226-38689-8

Volume URL: http://www.nber.org/books/ito_09-1

Conference Date: June 26-27, 2009

Publication Date: February 2011

Chapter Title: Front matter, table of contents, acknowledgments

Chapter Authors: Takatoshi Ito, Andrew K. Rose

Chapter URL: <http://www.nber.org/chapters/c12878>

Chapter pages in book: (i - x)

Commodity Prices and Markets

NBER—East Asia Seminar on Economics

Volume 20

Following is a list of the conference volumes in the East Asia Seminar on Economics series. Since the first EASE conference, in June 1990 in Seoul, Korea, coorganizing research organizations in the Asia-Pacific countries have taken turns hosting a conference every year. The longevity of the seminar series testifies to the success of collaborations among the coorganizing research institutions, which are listed in each volume. The printed editions of the conference volumes will cease at volume 20, but annual conferences will continue to take place, and the papers presented will be available on the NBER website.

Takatoshi Ito and Anne O. Krueger, Editors and Seminar Chairs

- 1 *The Political Economy of Tax Reform* (Seoul, Korea)
- 2 *Trade and Protectionism* (Taipei, Taiwan)
- 3 *Macroeconomic Linkage: Savings, Exchange Rates, and Capital Flows* (Sapporo, Japan)
- 4 *Growth Theories in Light of the East Asian Experience* (San Francisco, USA)
- 5 *Financial Deregulation and Integration in East Asia* (Singapore)
- 6 *Regionalism versus Multilateral Trade Arrangements* (Seoul, Korea)
- 7 *Changes in Exchange Rates in Rapidly Developing Countries: Theory, Practice, and Policy Issues* (Hong Kong)
- 8 *Deregulation and Interdependence in the Asia-Pacific Region* (Taipei, Taiwan)

Relation of the Directors to the Work and Publications of the National Bureau of Economic Research

1. The object of the NBER is to ascertain and present to the economics profession, and to the public more generally, important economic facts and their interpretation in a scientific manner without policy recommendations. The Board of Directors is charged with the responsibility of ensuring that the work of the NBER is carried on in strict conformity with this object.

2. The President shall establish an internal review process to ensure that book manuscripts proposed for publication DO NOT contain policy recommendations. This shall apply both to the proceedings of conferences and to manuscripts by a single author or by one or more co-authors but shall not apply to authors of comments at NBER conferences who are not NBER affiliates.

3. No book manuscript reporting research shall be published by the NBER until the President has sent to each member of the Board a notice that a manuscript is recommended for publication and that in the President's opinion it is suitable for publication in accordance with the above principles of the NBER. Such notification will include a table of contents and an abstract or summary of the manuscript's content, a list of contributors if applicable, and a response form for use by Directors who desire a copy of the manuscript for review. Each manuscript shall contain a summary drawing attention to the nature and treatment of the problem studied and the main conclusions reached.

4. No volume shall be published until forty-five days have elapsed from the above notification of intention to publish it. During this period a copy shall be sent to any Director requesting it, and if any Director objects to publication on the grounds that the manuscript contains policy recommendations, the objection will be presented to the author(s) or editor(s). In case of dispute, all members of the Board shall be notified, and the President shall appoint an ad hoc committee of the Board to decide the matter; thirty days additional shall be granted for this purpose.

5. The President shall present annually to the Board a report describing the internal manuscript review process, any objections made by Directors before publication or by anyone after publication, any disputes about such matters, and how they were handled.

6. Publications of the NBER issued for informational purposes concerning the work of the Bureau, or issued to inform the public of the activities at the Bureau, including but not limited to the NBER Digest and Reporter, shall be consistent with the object stated in paragraph 1. They shall contain a specific disclaimer noting that they have not passed through the review procedures required in this resolution. The Executive Committee of the Board is charged with the review of all such publications from time to time.

7. NBER working papers and manuscripts distributed on the Bureau's web site are not deemed to be publications for the purpose of this resolution, but they shall be consistent with the object stated in paragraph 1. Working papers shall contain a specific disclaimer noting that they have not passed through the review procedures required in this resolution. The NBER's web site shall contain a similar disclaimer. The President shall establish an internal review process to ensure that the working papers and the web site do not contain policy recommendations, and shall report annually to the Board on this process and any concerns raised in connection with it.

8. Unless otherwise determined by the Board or exempted by the terms of paragraphs 6 and 7, a copy of this resolution shall be printed in each NBER publication as described in paragraph 2 above.

This volume is a collection of papers that were presented at the twentieth annual East Asia Seminar on Economics (EASE). EASE is coorganized by the National Bureau of Economic Research (NBER) in Cambridge, MA; the Australian National University; the Hong Kong University of Science and Technology; the Korea Development Institute in Seoul; Singapore Management University; the Chung-Hua Institution for Economic Research in Taipei; the Tokyo Center for Economic Research; and the Chinese Center for Economic Research at Beijing University. EASE-20 was held in Hong Kong, June 26–27, 2008; the Hong Kong University of Science and Technology (HKUST) was the local organizer, and the Hong Kong Institute for Monetary Research (HKIMR) was a gracious host.

We thank all our sponsors: the NBER, All Nippon Airways, HKUST, and the HKIMR, for making EASE-20 possible. The conference department of the NBER led by Carl Beck with support by Brett Maranjian for this conference, and the publication department led by Helena Fitz-Patrick, as usual, made the organization and publication process run smoothly. The local team led by Francis Lui at HKUST deserves special mention for ensuring that the conference and all local arrangements ran as smoothly as they did.
