This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: Essays on Interest Rates, Volume 1

Volume Author/Editor: Jack M. Guttentag and Phillip Cagan, eds.

Volume Publisher: NBER

Volume ISBN: 0-87014-201-1

Volume URL: http://www.nber.org/books/gutt69-1

Publication Date: 1969

Chapter Title: Index

Chapter Author: Jack M. Guttentag, Phillip Cagan

Chapter URL: http://www.nber.org/chapters/c13566

Chapter pages in book: (p. 273 - 282)

Index

Aa corporate bonds, *see* Corporate bonds.
Accord (1951), 143, 148, 233–234, 236, 265–266, 269
Administrative costs, interest rates and, 37
  See also Service fees.
Almon, Shirley, 179*n*
Amortization arrangements, 79*n*, 90–92
Andrew, A. P., 230*n*
Arbitrage, 51*n*, 168–169
Assets, *see* Earning assets.
Autocorrelation in seasoned and new bond issues, 192*n*–193*n*
Ayres, Leonard P., 263

Bankers Trust Company, The, 144, 150–151, 156, 159, 160, 161, 173, 197, 202*t*
Banks, *see* Commercial banks; Savings institutions.
Barr, Eleanor, 143*n*
Beck, Morris, 29*n*
Bid-asked spreads, 166–167
Blank, David M., 34–35, 34*n*, 35*n*
Bodkin, Ronald, 143*n*
Bonds
  pegging, 229
  pricing, 139, 170–171
  yield, *see* Bond yields.
    See also Corporate bonds; Government bonds; Municipal bonds; Railroad bonds; Public utility bonds.
Bond yields
  and business cycles, 6–7, 11–16, 27
  and industrial classification, 154*t*, 155, 159
  and mortgage yields, 30–32, 42–43, 45–46, 50–51
  and 1961–1966 experience, 51, 54–60
  at cyclical turning points, 46–51
  and monetary growth, 19
  and reference-cycle phases, 15–16, 21, 22*t*, 75*t*
Borrower characteristics, 96*n*, 96*t*
Borrowing
  on income properties, 89
  by banks, 236, 261
  and bill-discount rate differential, 257–258
  and deposits, 245
  and discount rate, 239, 266–267
  and Federal Reserve, 246–249, 251–253, 265–266
    See also Federal Reserve bank, borrowing from.
  and profit, *see* Profit theory of borrowing.
    See also Lenders; Loans; Mortgages.
Brimmer, Andrew F., 150*n*, 160, 168*n*
Brokerage costs, *see* Service fees.
Brunner, Karl, 224*n*, 246*n*
Burgess, W. Randolph, 265
Business cycles
  average liquidity premiums over, 108–113
  and bond yields, 8*t*, 9*t*, 11*t*, 12–15, 16–19, 113–115, 165
    See also Corporate bonds, new-seasoned yield spread.
  and commercial paper rates, 11–15
  and gross yields on FHA and conventional mortgages, 62*t*, 63–64
  and interest rates, *see* Interest rates, cyclical pattern of.
  and liquidity premiums, 121, 124–125, 128, 129*t*

Business cycles (*Cont.*)
and mortgage yields
and bond yield differentials, 43*t*, 44–45, 51–60, 75*t*
and changes in loan-value ratios, 40*t*
See also Mortgage yield; Cyclical amplitude of, 31.
and reserve ratios, 224–232
skipped phases, *see* Skipped phases.
and supply of capital funds, 5–6
See also Cyclical amplitude; Cyclical turning points.

Cagan, Phillip, 29*n*, 45*n*, 108*n*
California, mortgage yields in, 65*t*
Call money rate
and demand factors, 264, 264*n*
and seasonal factors, 263
Call prices on corporate bonds, 162
and bond yield, 154*t*, 156, 156*n*
and market prices, 163
Call protection, 176*n*
Capital
cost of, investment decisions and, 3–4
expenditures for new plant and equipment, 21*n*
supply of, interest rates and, 5–6
Capital gains on high-coupon bonds, 162, 176*n*
Capitalization rate on commercial mortgages, 103, 104*t*, 105
Capital losses
on corporate bonds, 145
and short- vs. long-term securities, 118–122
Capital markets, imperfections in, *see* Market imperfections.
Case, F. E., 103*n*
Cohan, Avery, 29*n*, 35*n*, 43*t*, 153, 153*n*, 158*n*, 159, 159*n*
Cohan series, 153, 156, 157*t*, 197, 203*t*
Cohen, Kalman J., 56*n*
Certificates of deposit, 55, 113, 113*n*, 135–136, 135*n*, 140
Clustering of loan maturities, 87–88
Commercial banks
and borrowing from Federal Reserve banks, 225, 236, 245, 254–256
business loan rates, 45
deposits, *see* Deposits; Deposit growth.
and fluctuations in reserves, 227–228
holdings
changes in, 59*t*
of federal and municipal bonds, 112
of government securities, 60
of real estate, 57–60, 57*n*
of Treasury bills, 258*t*
liability structure, 55–56, 56*t*
and loan demands by regular customers, 253–259
marketable certificates of deposit, 113, 113*n*
mortgage policy, 56*n*
in 1961–1966, 54–56
and mortgage yield changes, 32
policy toward time deposits, 54–57
and savings accounts, 515
structural changes in, 58–60
Commercial and industrial building contracts, *see* Construction contracts.
Commercial mortgages
amortization arrangements on, 92*t*
and borrower liability, 94–97
capitalization rate on, 103–105
debt outstanding on, 77
loan amount of, 83, 85*t*, 86–87, 94*t*
loan characteristics of, 78–79, 86*t*, 90–95
and long-term leases, 99–100
maturities on, *see* Maturities.
and prepayment of principal, 93–95
by property types, 97–99
service fees on, 81–83, 84*t*
by type of servicing arrangement, 82*t*
yields on, 79
See also Mortgage yield.
Commercial paper rates
and borrowing by Federal Reserve member banks, 265–266
and business cycle, 6–7, 11–15
and skipped phases, 15–16
Common stock prices, 21*n*
Conrad, Joseph W., 131*n*, 162*n*
Construction contracts, 21*n*
and interest rates, 24–28, 71
Conventional mortgage yields, 52*t*
and business cycle, 37, 62*t*, 63–64
compared with bond yields, 30–31, 51, 53*t*, 54–60
compared with FHA mortgage yields, 41–42, 60–66
compared with U.S. government bond yields, 34
in selected states, 65*t*
Corporate bond yield, 155*n*, 203*t*, 204*t*, 207*t*, 208*t*, 209*t*, 212*t*, 219*t*, 220*t*, 221*t*
and business cycle, 8*t*, 9*t*, 11*t*, 35*t*, 44–45, 44*t*
and coupon rates, 144–145
new-seasoned spread, 153–156, 158–

159, 202*t*, 204*t*, 205*t*, 210*t*, 213*t*, 214*t*, 215*t*
and bond characteristics, 153–156, 158–159
and coupon rates, 144–145, 150
data sources, 148–153
and heterogeneity theory, 162–163
and market imperfections, 146, 167–172
measurement problems, 159–161
and mispricing, 159–160
and monetary policy, 144
public utilities compared, 202*t*
and underwriting risks, 163–167
and size of issue, 154*t*, 158
Corporate bonds
administrative costs of, 37
interest rate on, 37
pricing policies on new issues of, 146–147
"seasonal," 144*n*
switching from seasoned to new issues of, 168–169
Coupon rates, 173*n*, 206*t*
and bond yield, 154*t*, 158, 159, 211*t*
and new-seasoned yield spread, 144–145, 150, 162–163, 184, 186–187, 216*t*, 217*t*, 218*t*
Credit rating of tenants holding long-term leases, 99
Credit rationing, 253–254
See also Tight money.
Credit restrictions, reserve ratio and, 233
See also Reserve ratio.
Credit risk
and capitalization rate, 105
on commercial mortgages, 101–103, 105
Currie, Lauchlin, 266
Cyclic amplitude
of commercial bank business loan rates, 45
of conventional mortgage yields, 34–46
of FHA mortgage yields, 60
of high-grade bond yield series, 42
Cyclical turning points
identification of, 7
lag of mortgage and bond yields at, 46–51
in loan-value ratios and maturities, 49*t*
See also Business cycle.

Davis, Richard, 224*n*, 246*n*
DCR, *see* Debt coverage ratio.
Dealer quotation sheets, yields on, 169–170
Dealer-type markets, 45
Debt coverage ratio, 101–102, 101*n*, 102*n*, 104*t*
Delong, Fred G., 56*n*
Demand curve, 5–6
Demand factors, 13
and call rate, 264*n*
Demand for mortgage credit, 50
and lag in mortgage yields, 31
Deposit growth
and free reserves, 241–246, 247*n*, 248*n*, 250*t*
and free reserve ratio, 245–246
and interest rate, 235*t*, 259
and market rate, 246, 246*n*
and shift to time deposits, 55
Deposit rate ceiling, 113
Deposits
ratio of borrowing to, 237
shift in mix of, 58–59, 58*t*
ratio of loans and investments to, 263
Diller, Stanley, 107*n*, 116*n*
Discounts on mortgages
on conventional mortgages, 64*n*
effect on mortgage yield, 67
on FHA and VA mortgages compared, 68*t*, 72*t*
and mortgage rates, 71–73
Down-payments, 38
on VA and FHA mortgages compared, 66–67
Durable goods, new orders of, 21*n*

Earley, James S., 44*n*
Earning assets
and free reserves, 224
ratio of loans to, 255*n*
Elevator apartment, definition of, 106
See also Property types.
Elwood, L. W., 103*n*
Expectations, *see* Investors' expectations.
Expense prediction, 97

Federal Home Loan Bank Board, 30*n*, 36, 37, 37*n*, 50, 60*n*
Federal Housing Administration, 143*n*, 144
See also FHA mortgages.
Federal National Mortgage Association, 30, 30*n*, 33
Federal Reserve bank
Accord of 1951, 143, 148, 233–234, 236, 265–266, 269
borrowing from, 239, 261, 266–267
and free reserve ratio, 236–237, 240*t*, 260

Federal Reserve bank (*Cont.*)
and interest rates, 238*t*
and open-market operations, 266–267
and Treasury bill rates, 261
and currency supply, 244*n*, 245
and discount window for member banks, 224
open-market operations
and borrowing by member banks, 246–249, 251–252
and reserve ratio, 261–262
"operation twist," 140
and shift in bank funds, 59*n*
and time deposits, 55*n*
wartime support policy of, 228
Federal Reserve Bank of Philadelphia, 57*n*
Federal Reserve Board, 78
Federal Reserve series, 198
Fees and charges, *see* Discounts on mortgages.
FHA mortgages
data on, 30, 30*n*
delinquency ratios on, 63
discounts on 33–34, 68*t*, 71, 72*t*, 73–75
yield, *see* FHA mortgage yield.
FHA mortgage yields, 72*t*
changes during specific cycles in, 35*t*
compared with conventional mortgage yield, 41–42, 60–66
compared with VA yields, 32–34, 66–67, 69–71, 73–76
current and old, 74*t*
in selected states, 65*t*
at specific cycle peaks and troughs, 62*t*, 63–64
Financial crisis, excess reserves during, 228
