

This PDF is a selection from a published volume from the National Bureau of Economic Research

Volume Title: African Successes, Volume IV: Sustainable Growth

Volume Author/Editor: Sebastian Edwards, Simon Johnson, and David N. Weil, editors

Volume Publisher: University of Chicago Press

Volume ISBNs: 978-0-226-31555-3 (cloth)

Volume URL: <http://www.nber.org/books/afri14-4>

Conference Dates: December 11–12, 2009; July 18–20, 2010; August 3–5, 2011

Publication Date: September 2016

Chapter Title: Indexes

Chapter Author(s):

Chapter URL: <http://www.nber.org/chapters/c14066>

Chapter pages in book: (p. 373 – 383)

Author Index

- Abatania, L., 57
Abdullah, I., 358n9
Abraham, A., 347, 353
Acemoglu, D., 175, 315, 315n52, 315n53,

Subject Index

Note: Page numbers followed by “f” or “t” refer to figures or tables, respectively.

- Africa: consequences of food aid in, 163–64; determinants of food aid in, compared to rest of world, 167–77; economic performance across countries of, 323–26; impact of political borders on intra-African trade in, 180; Portuguese-speaking countries and, 214–20; rural populations of, 13; statistical overview of food aid to, compared to developing world, 164–67. *See also* Agriculture, African; Intra-African trade; Sub-Saharan countries; *and specific countries*
- African Governance, Index of, 297
- African Growth and Opportunity Act (AGOA), 307n30
- African Infrastructure Country Diagnostic, 88–89
- African Party for Independence of Cape Verde (PAICV), 220
- African Peer Review Mechanism, 205
- Agricultural development, 7–8
- Agricultural exchange rates, 17
- Agricultural output aggregation, data on, 16–19
- Agricultural policy distortions, as explanation for agricultural TFP growth, 48–51
- Agricultural productivity: importance of, 13; partial productivity ratios and, 19–28; structural transformation and, 87. *See also* Cross-country agricultural productivity
- Agricultural productivity growth, 6
- Agricultural sector, size of, 7
- Agriculture, African: benchmark model of, 90–91; intermediate goods in, model of, 91–93; literature on movement out of subsistence, 86–88; models for forces influencing allocation of workers to, 89–96; quantitative analysis of factors influencing, 97–102; sub-Saharan, 13; three-region analysis for, 102–6; total factor productivity (TFP) and, 14
- Agriculture, subsistence, literature on movement out of, 86–88
- All People’s Congress (APC) party (Sierra Leone), 353, 355
- Black-market premiums, as explanation for agricultural TFP growth, 46–47, 48f
- Border effects, 180–81, 180n1
- Borders, political, impact of, 180–81, 180n1. *See also* Niger; Nigeria; Political borders, impact of
- Brazil, 214
- Buganda, kingdom of, 347
- Burkina Faso, 13
- Burundi, 13

- Cape Verde, 216; development in, 8; economic growth in, 247–50; emigrant remittances in, 249–50; eradication of poverty goal and, 261, 262t; export diversification in, 226; foreign exchange market in, 256–58; foreign financing sources for, 249–50; foreign trade and, 248; Freedom House Index and, 264–65; governance indicators and, 265–66; industrial policy of, 250; maternal health goal and, 262t, 263; overview of, 220–22; primary education goals and, 262t, 263; safe drinking water access goal and, 262t, 263–64; tourism in, 248–49; tuberculosis incidence goal and, 262t, 263
- CCP (Convention People's Party, Ghana), 361–64
- Cell phones, 181, 198; impact of, on development, 8; price dispersion within regions and, 192, 193t, 197
- CFA (Communauté Financière Africaine) franc, 183, 205
- Civil liberties, defined, 208
- Civil wars, as explanation for agricultural TFP growth, 45–46, 47f
- Colonialism, persistent negative effects of, 9
- Community of Portuguese-Speaking Countries (CPLP), 206, 206n5, 215
- Contract farming, 137–38; overview of contract farming in sub-Saharan Africa, 139–41; sugarcane, in western Kenya, 141–43. *See also* Mumias outgrowing scheme; Western Kenya
- Convention People's Party (CPP, Ghana), 361–64
- CPLP (Community of Portuguese-Speaking Countries), 206, 206n5
- Cross-border markets, 179–80; impact of political borders on, 180–81
- Cross-country agricultural productivity, 14; data and output aggregation for, 16–19; literature on, for sub-Saharan Africa, 15–16; quality of labor force and, 14. *See also* Agricultural productivity
- Dakar Declaration on the Development of Statistics, 213
- Data envelopment analysis (DEA) approach, 29n8
- Democracy, defined, 208
- Despotic power, 343
- Development, impact of cell phones on, 8
- Economic Community of West African States (ECOWAS), 181, 205, 216
- Economic development, persistent negative effects of colonialism on, 9
- Economic growth: in Cape Verde, 247–50; in Mauritius, 315–18; in Mozambique, 250–51
- Economic performance: in Africa across countries, 323–26; econometric studies of, for Mauritius, 319–29; hypotheses for, 308–15; of island countries, 319–23; tropical location and, 300, 300n8
- ECOWAS. *See* Economic Community of West African States (ECOWAS)
- EPZs (export processing zones), 313
- Ethnic diversity, growth rates and, 193
- Exchange market pressure, 253–56
- Exchange rates, agricultural, 17
- Export processing zones (EPZs), 313
- Factor productivity growth, 6
- FDI (foreign direct investment), 313–14
- Fertilizer use: function estimates for Mali, 127–28; literature on, 113–14; in Mali, 117f, 119f
- Fixed-price contracts, 139
- Food aid, 7–8, 8; cereal production of recipient country and, 169–72; consequences of, in Africa, 163–64; determinants and patterns of, 161–62; determinants of, in Africa, 167–69; donor-specific determinants of, 172–77; impacts of, 161; statistical overview of, for Africa, 164–67
- Foreign direct investment (FDI), 313–14
- Formula-price contracts, 139
- Freedom House Index, 208–9, 212, 222; Cape Verde and, 264–65
- Free-rider problems, 212
- Ghana: agricultural R&D in, 53–58; agro-ecological zones of, 54f; crop yields in, 56f; indirect rule in, 361–64; partial productivity ratios for, 51–53, 51f; policy interventions shaping agricultural productivity in, 58–60; rainfall patterns in, 55; total factor productivity (TFP) growth for, 51–53, 52f
- Globalization: governance and, 207–12; Mauritius and, 302–3
- Gorodnichenko and Tesar effect, 190
- Governance: globalization and, 207–12; rankings of sub-Saharan countries by, 296t

- Governance indicators: Cape Verde and, 265–66; Mozambique and, 265; sub-Saharan countries rankings by, 296t
- Heterodox trade strategies, 313
- Human Development Index, 297
- Hybrid maize, release of, 26–28
- Ibrahim Index of African Governance, 222, 297
- Income convergence, trade diversification and, 224–47
- Indirect rule: institutional history of, in Sierra Leone, 352–57; modern state weakness and, 345; in Sierra Leone, 346–47, 357–61; state of Sierra Leone created by, 346–47; state weakness of Sierra Leone and, 357–61
- Infrastructural power, 343
- Intra-African trade, impact of political borders on, 180
- Island countries, 300–301; econometrics of economic performance across, 319–23
- Kenya, evolving efficient institutional arrangements in, 7. *See also* Mumias outgrowing scheme; Western Kenya
- Kenya Sugar Board, 144
- Literature: on fertilizer use, 113–14; on movement out of African subsistence agriculture, 86–88; structural transformation, 86–88; on transportation costs, 88–89
- Location, tropical, economic performance and, 300, 300n8
- Macroeconomic distortions, as explanation for agricultural TFP growth, 46–47, 48f
- Maize: econometric framework for analyzing yields of, in Mali, 120–24; production of, in Mali, 7, 111–14; yield function estimates for, in Mali, 128–30, 129t, 131t
- Mali, 7; available maize varieties in, 134t; conceptual framework for analyzing maize yields of, 120; data for study of maize production in, 114–15; econometric estimates for impact of fertilizer use on maize yields of, 124–27; econometric framework for analyzing maize yields of, 120–24; econometric results, discussion of, 131–32; estimation for fertilizer demand of, 128t; fertilizer function estimates, 127–28; fertilizer use by Sikasso region, 119f; fertilizer use in, 117f; literature on fertilizer use and, 113–14; maize production in, 7, 111–14; maize yield distributions by Sikasso region, 119f; maize yields in Sikasso region of, 117f; Sikasso region of, 115–18, 116f; yield function estimates for maize of, 128–30, 129t, 131t
- Manufacturing, benchmark model of, 90–91
- Margai, Milton, 353–54
- Market integration, 179–80
- Mauritian Social Democratic Party (PMSD), 303
- Mauritius, 8; accomplishments of, 329–37; brief history of, 301–8; deeper determinants of economic growth of, 315–18; econometric studies of economic performance of, 319–29; evaluation of achievements of, 329–37; hypotheses for economic performance of, 308–15; success story of, 295–301
- Millennium development goals (MDG), 204, 206, 215, 261–62, 262t
- Mobile phones. *See* Cell phones
- Mobutu, Joseph, 351
- Mouvement Militant Mauricien (MMM), 303
- Movement for Democracy (MPD) party, 220
- Mozambique, 216; challenges facing, 252; competitiveness and, 252; development in, 8; economic growth in, 250–51; eradication of poverty goal and, 261–63, 262t; export diversification in, 226; foreign exchange market in, 258–60; foreign trade and, 251–53; governance indicators and, 265; maternal health goal and, 262t, 263; overview of, 222–24; primary education goals and, 262t, 263; safe drinking water access goal and, 262t, 263–64; tuberculosis incidence goal and, 262t, 263
- Mumias outgrowing scheme: background and data description, 143–45; entry, exit, and plot size of, 145–52; trends and determinants for yields and net revenues, 152–57. *See also* Contract farming
- Mumias Sugar Company, 138
- Mutual knowledge, 206

- Niger: analysis of international border effect for kernel distributions in, 185–88; cell phone coverage and price dispersion in, 192–93, 197; data sources for study of trade of, 183–85; price dispersion across ethnic regions in, 193–97; regression analysis for border effects in, 188–93; trade of, 181–83
- Nigeria: analysis of international border effect for kernel distributions in, 185–88; border with Niger and, 181–83; data sources for study of trade, 183–85; regression analysis for border effects in, 188–93; summary statistics for markets in, 184–85
- Obote, Milton, 364–65
- Organisation for Economic Co-operation and Development (OECD), 206
- PAICV (African Party for the Independence of Cape Verde), 220
- PALOP (Países Africanos de Língua Oficial Portuguesa) group, 215–19
- Partial productivity ratios, 19–28; for Africa and global comparisons, 22f; country-specific, 24–25f; for Ghana, 51–53, 51f; growth rates of, by country, 27t; growth rates of, by region, 21t; regional disaggregation of African, 23f
- Patrimonialism, 350–51
- Pluralism, political, 212
- PMSD (Mauritian Social Democracy), 303
- Political borders, impact of, 180–81, 180n1. *See also* Niger; Nigeria
- Political Regime Characteristics and Transitions (POLITY) project, 210
- Political rights, defined, 208
- Portugal, 214–15
- Portuguese-speaking countries, Africa and, 214–20; common historical legacy of, 214–20
- PPP. *See* Purchasing power parity (PPP), agricultural
- Price dispersion, cell phone coverage and, 192, 193t, 197
- Producer incentives, as explanation for agricultural TFP growth, 48–51
- Productivity: agricultural, 13, 19–20, 87; cross-country agricultural, 14, 15–16; low, 7
- Purchasing power parity (PPP), agricultural, 17–18
- Ramgoolam, Navin, 304
- Regions, world, 212–14
- Relative rate of assistance (RRA) indicators, 48–50, 48n23
- Research and development (R&D), agricultural: as explanation for TFP growth, 42–44, 43t; for Ghana, 53–58
- Roads, as explanation for agricultural TFP growth, 44–45
- Rural populations, of sub-Saharan Africa, 13
- Rwanda, 13
- Sahel. *See* Mali
- Sierra Leone: indirect rule and state weakness in contemporary, 357–61; indirect rule and weakness of postcolonial, 346–47; institutional history of indirect rule in, 352–57; local government in, 353–54; paramount chiefs (PCs) of, 353–54; postindependence dynamics in, 347. *See also* State weakness
- Sierra Leone People's Party (SLPP), 353–55
- Sikasso region. *See* Mali
- Southern African Development Community (SADC), 216, 295
- States: elements of, that have received attention, 349–50; Weber's dimensions of, 349
- State weakness: legacy of indirect rule and, 345; path-dependent thesis of, 345. *See also* Sierra Leone
- Stevens, Siaka, 353, 355, 362
- Strong states, 348–59. *See also* State weakness; Weak states
- Structural transformation: agricultural productivity and, 87; literature on, 86–88; two-sector growth models for examining, 87–88
- Sub-Saharan countries: contract farming in, 139–41; governance rankings of countries, 296t; growth in gross domestic product (GDP) in, 203; market integration in, 179–80; rankings of, by governance, 296t; role of agriculture in, 14; rural populations of, 1; variables for economic performance of, 300. *See also* Africa; and *specific countries*
- Subsistence agriculture, literature on movement out of, 86–88
- Sugarcane contract farming: in western Kenya, 141–43. *See also* Mumias out-growing scheme

- Total factor productivity (TFP) growth, 6;
in African agriculture, 14; case of
Ghana, 51–61; estimation strategy, 32–
35; explanations for agricultural, 42–
51; for Ghana, 51–53, 52f; measure-
ment results for, 35–41; methodology
for measuring, 28–29; potential expla-
nations for, 42–51; specifications for,
29–32
