Relation of National Bureau Directors to Publications Reporting Conference Proceedings

SINCE the present volume is a record of conference proceedings, it has been exempted from the rules governing submission of manuscripts to, and critical review by, the Board of Directors of the National Bureau. It has, however, been reviewed and accepted for publication by the Director of Research.

(Resolution adopted July 6, 1958, and revised November 21, 1949.)

Universities-National Bureau Committee for Economic Research

THIS Committee is a cooperative venture of universities and the National Bureau. Its guiding objective is the encouragement of economic research on problems susceptible of objective treatment and of sufficiently broad scope to merit attention by institutions serving a scientific and public interest.
