Shares of Upper Income Groups in Income and Savings

SIMON KUZNETS

University of Pennsylvania

OCCASIONAL PAPER 35

NATIONAL BUREAU OF ECONOMIC RESEARCH, INC.

1950
Throughout the study whose results are summarized in this paper I had the patient and expert assistance of Elizabeth Jenks and Lillian Epstein. Miss Jenks bore the brunt of the work and of the numerous revisions of estimates and analysis. Without her and Miss Epstein's help the study would never have been completed; and this paper might never have seen the light of day.

An earlier version of this paper was presented for discussion at the meeting of the Conference on Research in Income and Wealth in spring 1949. I profited greatly from various critical suggestions made at that meeting.

The detailed report and the summary paper were reviewed by a committee of the National Bureau staff. Helpful comments were received from Ruth Mack and Thor Hultgren, and particularly from Geoffrey Moore. Martha Anderson as usual labored hard to eliminate infelicities of style and ambiguities of expression.

I wish to express my sincere thanks for all the assistance.

S. K.

RELATION OF THE DIRECTORS TO THE WORK AND PUBLICATIONS
OF THE NATIONAL BUREAU OF ECONOMIC RESEARCH

1. The object of the National Bureau of Economic Research is to ascertain and to
present to the public important economic facts and their interpretation in a scientific
and impartial manner. The Board of Directors is charged with the responsibility of
ensuring that the work of the National Bureau is carried on in strict conformity
with this object.

2. To this end the Board of Directors shall appoint one or more Directors of
Research.

3. The Director or Directors of Research shall submit to the members of the
Board, or to its Executive Committee, for their formal adoption, all specific proposals
concerning researches to be instituted.

4. No report shall be published until the Director or Directors of Research shall
have submitted to the Board a summary drawing attention to the character of the
data and their utilization in the report, the nature and treatment of the problems
involved, the main conclusions and such other information as in their opinion would
serve to determine the suitability of the report for publication in accordance with the
principles of the National Bureau.

5. A copy of any manuscript proposed for publication shall also be submitted to
each member of the Board. For each manuscript to be so submitted a special com-
mittee shall be appointed by the President, or at his designation by the Executive
Director, consisting of three Directors selected as nearly as may be one from each
general division of the Board. The names of the special manuscript committee shall
be stated to each Director when the summary and report described in paragraph (4)
are sent to him. It shall be the duty of each member of the committee to read the
manuscript. If each member of the special committee signifies his approval within
thirty days, the manuscript may be published. If each member of the special com-
mittee has not signified his approval within thirty days of the transmittal of the
report and manuscript, the Director of Research shall then notify each member of
the Board, requesting approval or disapproval of publication, and thirty additional
days shall be granted for this purpose. The manuscript shall then not be published
unless at least a majority of the entire Board and a two-thirds majority of those
members of the Board who shall have voted on the proposal within the time fixed
for the receipt of votes on the publication proposed shall have approved.

6. No manuscript may be published, though approved by each member of the
special committee, until forty-five days have elapsed from the transmittal of the
summary and report. The interval is allowed for the receipt of any memorandum
of dissent or reservation, together with a brief statement of his reasons, that any
member may wish to express; and such memorandum of dissent or reservation shall
be published with the manuscript if he so desires. Publication does not, however,
imply that each member of the Board has read the manuscript, or that either mem-
bers of the Board in general, or of the special committee, have passed upon its
validity in every detail.

7. A copy of this resolution shall, unless otherwise determined by the Board, be
printed in each copy of every National Bureau book.

(Resolution adopted October 25, 1926 and revised
February 6, 1935 and February 23, 1941)
