Relation of the National Bureau Directors to Publications Reporting Conference Proceedings

Since the present volume is a record of conference proceedings, it has been exempted from the rules governing submission of manuscripts to, and critical review by, the Board of Directors of the National Bureau.

(Resolution adopted July 6, 1948, as revised November 21, 1949, and April 20, 1968)
Prefatory Note

THIS volume contains the papers presented at the Conference on Household Production and Consumption held in Washington, D.C., on November 30 and December 1, 1973. We are indebted to the National Science Foundation for its support, to the members of the Program Committee—Nestor E. Terleckyj, chairman, Robert T. Michael, and Jack E. Triplett—and to Gary S. Becker, who served as consultant. We wish to thank Elizabeth Kosciw for making local arrangements for the Conference. Our thanks are due also to Ruth Ridler who prepared the manuscript for press and to H. Irving Forman for charting.
