INDEX

Bold-face numbers in parentheses identify series in Appendix B. Charts are identified by bold-face e following the page reference. The letter r following a page reference refers to matter which begins in the right-hand column of the page. Matter beginning in the left-hand column is indexed without an identifying letter. The letter n following a page number refers to a footnote.

Abramovitz, Moses, 4, 82r, 134r, 192n
Acceleration principle (see also Inventory investment; Market position; Retardation; Subcyclical process) amplitude and timing mechanisms, 129-30, 137r, 229-33, 243, 248, 250r-1 and market-prospect-tied buying (see also at turns under Market prospects), 129r-30 orders, retailers’ stocks and stock objectives, 92-4, 128r-30, 173 at shoe manufacturing stage, 172r statistical evidence at retailing stage, 130r-3 at tanning stage, 192r, 200r-1, 243n theories of, 6r-7, 54r, 133r-4 Amplitude (see also Consumption of leather; Hide prices; Inventory investment; Leather prices; Leather production; Orders; Receipts; Retail shoe sales; Shoe prices; Shoe production; Stocks; Wholesale shoe sales), measurement of, 260-1 Arbitrage (see also Hide exchange) among hide prices, 211, 213r, 215 between leather and hide prices, 183r, 197, 200r Arrow, Kenneth J., 148n Average deviations (see also timing under Consumption of leather; Hide prices; Inventory investment; Leather prices; Leather production; Orders; Receipts; Retail shoe sales; Shoe prices; Shoe production; Stocks; Wholesale shoe sales), measurement of, 260-1 Asymmetrical purchase decisions (see also Timing under Consumption of leather; Hide prices; Inventory investment; Leather prices; Leather production; Orders; Receipts; Retail shoe sales; Shoe prices; Shoe production; Stocks; Wholesale shoe sales), measurement of, 260-1 Bating, 16 Beam house, 16 Big four, 12r, 221n Blanket order (see advance under Orders for shoes) Burns, Arthur F., 22n, 50n, 110n, 134 Business cycles (see also Shoe, leather, hide industry) compared with SLH cycles, 35r, 37 compared with specific cycles at five stages in output, 23c and consumer buying, 10 dates of, 22n, 37 defined, 22 and prices, 29-30 timing comparisons, 24, 25n Buying boom (see Market prospects)

Cattle-hide leather (see also Consumption of leather; Inventory investment in leather; Leather prices; Leather production; Orders for leather; Receipts of leather; Stocks of leather) use in shoe production, 12r, 15r, 135 Chain-store shoe sales, 268 (30) Charts and charting, 256, 261r Clark, John Maurice, 7, 54r, 133r-4 Conformity index (see also Consumption of leather; Hide prices; Inventory investment; Leather prices; Leather production; Orders; Receipts; Retail shoe sales; Shoe prices; Shoe production; Stocks; Wholesale shoe sales), calculation of, 259-90 Consistency index (see peak and trough differences in under Timing) Consumer buying of shoes (see Chain-store shoe sales; Department-store shoe sales; Retail shoe sales) Consumer expenditures, 11, 52-4, 61, 75 Consumer income, 62c, 63c, 283 (125, 126) concentration, 70r, 75 and retail shoe sales (see consumer income under Retail shoe sales) Consumption of leather, 136c, 185e amplitude, 154, 284-5 compared with leather receipts, 137-40 conformity index, 184, 284-5 description, 135r, 271 (45) ratio to federally inspected slaughter, 224n, 229n, 279 (96) ratio to stocks (see ratio with consumption of leather under Stocks of leather, leather-goods manufacturers’) in regression analysis (see Inventory investment in leather, leather-goods manufacturers’) timing comparisons with receipts of leather, 137, 167, 171 SLH chronologies, 184r-6, 284 stocks of leather, 137, 154c, 155-7, 158c, 166 tannery activities, 186-7 wholesale shoe sales, 155 Corrective orders (see Orders for shoes) Cost-of-living index, 227c, 227-8, 282 (124) in regression analysis (see Retail shoe sales) Country hides (see also Hide prices; Receipts of country hides), defined, 15 Cycles (see also Business cycles; Subcycles), defined, 256 major specific, 258 reference, 22r, 35r, 37, 256r-7 specific, 34, 256 Cyclical process (see also Subcyclical process), 248r-50 Demand-supply analysis (see Hide prices) Departments of department stores (see Consumer expenditures) Department-store shoe sales (see also Inventory investment in shoes; Receipts of shoes; Stocks of shoes), 102c, 267-8 (27, 28, 29) amplitude and conformity, 88, 89r-90 market profile indicator, 117-8 ratio to stocks (see ratio with sales under Stocks of shoes, department-store) in regression analysis (see Stocks of shoes, department-store) timing comparisons, 85-6, 89 Discretionary stocks (see Stocks of hides, packers’; Stocks of in-process leather) Echo waves (see consumers’ under Stocks of shoes) Errata, 261r-2 Expectations, 5r-6, 121-4, 125, 146-9, 155r-60, 173r, 224r, 229r, 240-1, 243r, 253 and buying (see Market position; Market prospects) effect on consumers’ shoe buying, 72r-5 extension through the industry, 146, 149, 173, 224n, 242r, 245, 246, 247-8 influence of hide prices (see Hide prices) influence of margins, 163r-5 influence of stocks of customers and suppliers, 180r, 222r, 223r Exports, leather and hide, 17, 277 (88) Factory man-hours, 73, 74c, 283 (129) Factory payrolls, 73, 253 (127, 128) ratio to income payments, 73, 74e, 75, 283 (130)
Factory price of shoes (see Shoe prices, factory)
Federa/ inspection of slaughter (see also Hide marketing; Receipts of hides, packer), 206c
amplitude and conformity, 253r, 264-5
description, 12r, 205r, 278 (92)
ratio with leather consumption (see Consumption of leather)
timing comparisons, 25n, 205-6, 284
FIFO (see Stock valuation)
First differences (see Inventory investment; Retardation)
Friedman, Milton, 25n
Hansen, Alvin H., 183n
Hart, A. C., 148n
Hide exchange, 16, 144n, 241r
Hide marketing
description, 14-6, 202, 215-6
movement into sight of hides (see also Federally inspected slaughter; Receipts of hides), 23c, 25n, 27c, 39c, 40c
amplitude and conformity, 25, 26n, 28, 284-5
description 279-9 (93, 94, 95)
timing comparisons, 23, 28, 37-8, 284
size distribution of firms in, 12r, 16n
Size price ratios
country plus Frigorifico to packer, 207, 209, 211-3, 267 (28)
country to Frigorifico, 213-5, 214c, 278 (92)
packer to Frigorifico, 207, 214-5, 267 (34)
Hide prices, 30c, 41c, 208c, 266-7 (28, 23)
amplitude and conformity, 23, 217, 284-5
demand-supply analysis, 213, 216r, 220r-9, 230r-1, 232, 245r
estimated by regression analysis, 5, 222r-8, 225c, 227c, 232
and expectations, 159, 170r-2, 190, 217, 222r-3, 224r, 225-31, 241r
interrelationship with leather prices, 180r, 198, 200, 228n, 241
packer, 25n, 211, 266 (21)
in regression analysis (see Inventory investment in leather, leather-goods manufacturers'; Market prospects, shoe manufacturers'; Margins, tanners')
relation among sorts of hides (see also Hide price ratios), 211-5, 239r
retardation in, 215r, 217r-20, 226n, 232, 239, 245
and seasonal buying patterns of shoe manufacturers, 125r-6
subcyclical characteristics, 4r, 229-32, 242
and tanners' market position, 195, 197
timing comparisons with business cycles, 29, 38, 217, 239
 hiding prices, first differences in, 217r-9, 218c
 margins of tanners, 124-5
 market profile, 124c, 124-5
 prices, general, 42
 receipts of hides, 209-11, 210c, 212-3, 214-5
 retail shoe sales, 131r-2
 SLH chronologies, 37-8, 217-20, 239, 284
 stocks of hides, tanners' or packers', 194, 207
 stocks of leather, 154c, 156-7, 158c
Hides, classified by weight, 15n
Hides, drought, 26
Hide suppliers (see Hide marketing)
Hultgren, Thor, 163n, 245n
Hypothetical corrective orders (see Orders)

Imported hides (see Receipts of hides, imported)
Income (see Consumer income)
Income elasticity (see Consumer expenditures)
Indices (see Congruence index; Seasonal adjustment; peak and trough differences in under Timing)
Interstage relationships (see Shoe, leather, hide industry; Subcyclical process)
Interviews with businessmen, 4, 32, 175r, 234
In the crust, 17
Inventory cycles (see Metzler, Lloyd)
Inventory investment (see also Inventory investment in hides; Inventory investment in leather; Inventory investment in shoes; Stocks)
defined, 3, 79, 256
unintended (see Stocks of shoes, retailers')
relation to sales, 88r-9
Inventory investment in hides and in-process leather (see also Stocks of hides and in-process leather)
description, 281 (112)
on hand and on order, 194, 196c, 281 (113)
timing comparisons, 194-5
Inventory investment in hides and leather (see Inventory investment in leather and hides)
Inventory investment in hides, other than tanners', 279 (99)
Inventory investment in hides, packers' (see also Stocks of hides, packers'), 206c
amplitude and conformity, 205r-6, 284-5
description, 279-80 (101, 102)
timing, 207, 284
Inventory Investment in hides, tanners' (see also Stocks of hides, tanners'), 190c, 279 (99)
amplitude and conformity, 284-5
don hand and on order, 194, 279 (100)
nine-point patterns, 193c
timing comparisons, 193c
Inventory investment in in-process leather (see also Stocks of in-process leather), 190c
amplitude and conformity, 284-5
description, 191-2, 276-7 (73, 77, 81)
discretionary and minimum service, 191-2, 276-7 (78, 79, 82, 83)
nine-point patterns, 193c
timing comparisons, 192, 237, 284
Inventory investment in leather and hides (see also Stocks of leather and hides), 176c, 176-9, 190c, 196, 198, 199-201, 201 (114), 284-5
Inventory investment in leather, leather-goods manufacturers' (see also Stocks of leather, leather-goods manufacturers'), 136c, 158c
amplitude and conformity, 284-5
comparison with leather receipts and consumption, 137-40
description, 135r-136, 276 (74)
estimated by regression analysis, 167r-9, 169c
influence of margins on, 149
influence of market prospects on, 149, 165r-7, 173r, 179
in transmission of fluctuation (see also Subcyclical process), 169r-72
Timing comparisons with consumption of leather, 137r, 157
margins, tanners', 157, 164
prices, hide and leather, 157
receipts of leather, 166-7, 171
shoe production, 236r
SLH chronologies, 284
stocks of leather, leather-goods manufacturers', and turnover, 155-7
wholesale shoe sales, 157
unintended (see Stock objectives, shoe manufacturer's)
Inventory investment in leather, tanners' (see also Stocks of in-process leather; Stocks of leather, tanners' finished), 190c
amplitude and conformity, 284-5
description, 275 (72), 276-7 (76, 80)
timelinkships with production and shipments of leather, 188-90
limits to size of, 188r-90
nine-point patterns, 188r, 190r, 191c
timing comparisons with
receipts of hides, 209-10, 210c, 212-3
receipts of leather, 198r
SLH chronologies, 237, 284
stocks of hides, 194, 207
tannery activities, 189-7
INDEX

Inventory investment in leather, total (see also Stocks of leather, total), 186, 171, 275 (71)
Inventory investment in shoes, department-store (see also Inventory investment in shoes, retailers' stocks of shoes, department-store; Stocks of shoes, retailers'), 272 (51) amplitude and conformity, 88, 284-5 timing, 85-6, 87, 284
Inventory investment in shoes, distributors' (see also Stocks of shoes, distributors'), 81c, 272-3 (54) amplitude, 87r-8, 284-5 during subcycles in shoe production, 81-4 conformity index, 88, 284-5 timing, 85-6, 87, 284
Inventory investment in shoes, retailers' (see also Stocks of shoes, retailers'), 272-3 (54) amplitude, 81-4 on hand and on order amplitude and timing, 92, 236r description, 91r-2, 118n, 272 (53) as market profile indicator, 117, 118r unintended (see also corrective under Orders for shoes; markdowns under Retailing of shoes), 101, 104r, 240-1 Inventory investment in shoes, total (see also Stocks of shoes, total), 80c, 81c amplitude, 87r-8, 284-5 during subcycles in shoe production, 81-4 conformity index, 88, 284-5 description, 79, 271 (47) timing, 85-6, 284
Inventory investment in shoes, wholesalers' (see also Stocks of shoes, wholesalers'), 271 (46), 272-3 (54) amplitude, 87r-8, 284-5 during subcycles in shoe production, 81-4 conformity index, 88, 284-5 timing, 85-6, 87n, 89, 132-3, 284-5
Kalder, Nicholas, 148n Keynes, John Maynard, 134r Kuznets, Simon, 25n, 46n, 122n, 133r Labor costs in shoe manufacturing (see costs under Shoe production) Leather costs in shoe manufacturing (see costs under Shoe production) Leather, marketing of (see leather buying procedures under Shoe production) Leather prices, 30c, 41c amplitude, 29, 284-5 conformity index, 239, 284-5 description, 16, 17, 265 (16, 17), 266 (19) general characteristics, 242 interrelationship with hide prices (see Hides prices) in regression analysis (see Inventory investment in leather, leather-goods manufacturers'; Margins, tanners') as costs (see costs under Shoe production) and shoe manufacturers' market position, 146-9, 164-5, 241 and tanners' margins (see Margins, tanners')
timing comparisons with business cycles, 23n, 38 margins, tanners', 182-3 market profile, 125 SLH chronologies, 25n, 37-8, 284 stocks of leather, leather-goods manufacturers', 154c, 156, 157, 158c Leather production, 23c, 26n, 27c, 39c, 40c, 184c, 199c amplitude, 25, 26n, 28, 184, 192r, 235r, 284-5 in analysis of shoe manufacturers' seasonal buying patterns, 170r-2 conformity index, 184, 284-5 description, 184, 274 (64, 65, 66, 67) general subcyclical characteristics, 241r-2 indicator of tanners' market position, 196c, 197 methods of, 16-7 nine-point patterns, 190, 191e, 193c output schedules in, 179 ratio to in-process leather stocks (see Stocks of in-process leather) ratio to tanners' raw and in-process stocks on hand and on order (see Stocks of hides and in-process leather) sales of leather, 136n and stocks of tanneries, 179, 198, 200-1 structure of the industry, 10 timing comparisons with business cycles, 24, 28, 38 indicators of customers' requirements, 186r-7 SLH chronologies, 38, 184-6, 284 stocks of hides, tanners', 195 value of output, 199c volume of output, 198 wettings, total, upper, and sole, 185c, 274-5 (68, 69, 70) amplitude and conformity, 154, 284-5 nine-point patterns, 195c timing comparisons, 184-6, 180-7, 192, 194-5, 284 LIFO (see Stock valuation) Long-short market range (see Market position, shoe manufacturers') Mack, Ruth P., 44n, 238n McNiece, T. M., 75n Major turns (see Cycles) Margins, shoe manufacturers' (see also advance under Orders for leather; costs under Shoe production), 152, 161c, 163c, 239b, 245, 248r calculation of, 162-3, 265 (10-15) and expectations, 147, 163r-5 and inventory investment, 149 timing, 156-7, 164 Margins, shoe retailers', 121, 123r, 239 Margins, shoe wholesalers', 122 Margins, tanners', 182c, 245r, 248r amplitude characteristics, 183, 239r description, 180r-1, 265-6 (18) estimated by regression analysis, 181r and hide buying, 183r, 197-8 timing, 181-3, 194 Markdowns, 46, 104-5, 149-51 Market position (ownership position), defined, 91r, 129r, 143n Market position, retailers' (see also Market profile; Market position, shoe manufacturers') factors influencing, 120-4, 126r period of option, 121r seasonal patterns as evidence of, 119-20, 125r-6, 142 Market position, shoe manufacturers' (see also Market prospects; Orders for leather; Stocks of leather, leather-goods manufacturers'), 143r-4, 153r-5, 241 factors influencing, 145-9, 152 long-short market range, 7, 148r, 160-2, 173r, 243r-4, 248 period of option, 152r, 173, 200, 231, 253 seasonal patterns as evidence of, 170r-2 stocks-investment-price interrelationships, 5, 155-60, 167, 172-20
Market position, tanners' (see also Market prospects; Orders for hides; Stocks of hides, tanners') factors influencing, 153r-201 indications of market extension, 194-5, 196c, 237, 241r Market prospects (see also Expectations; Market position) buying boom, 113-6, 119, 130r impact on buying and market position, 7, 116, 126r-7, 129r-30, 133r, 223r, 225, 232r-3 long-short market range (see Market position, shoe manufacturers') period of option, 121r (see also Market position, shoe manufacturers')
Market prospects (continued)

uncertainty, 123, 148r
impact on hide prices, 130r, 222, 232r
impact on leather stocks, 149, 165r-7, 173r, 179
impact of prices, delivery, and selection, 113r, 121-4, 145-6, 180, 184, 231r
at turns, 129r-30, 173r-4, 231r, 246r-7
Market profile (see also Market position, retailers'), 117c, 124e
description, 117-9
as indicator of tanners' market extension, 195, 197
timing, 125, 212-3
Market-prospect-tied buying (see Market position; Market prospects)
Meat-packing industry (see Federally inspected slaughter; Hide market)
Merchandise budget, 100
Metzler, Lloyd, 8, 110n, 134
Minor subcycle turns (see also Subcycles), 34
Mitchell, Wesley C., 7, 22n
Monthly first differences in stocks (see Inventory investment)
Moore, Geoffrey H., 245n

Nine-point patterns, 26n, 57-8, 188n, 189e, 191c, 193e, 219n, 261
Nurske, Ragnar, 134

On-the-cuff, 116r
Open-to-buy position, 100
Orders for hides (see also Receipts of hides; Subcyclical process), 179-80
corrective, 211, 215-6, 231r, 246
division among sources of hides, 209
factors influencing, 184-201
hypothetical, 176n, 185c, 186c-7, 280 (104)
imported, 197, 280 (106)
and tanners' market extension, 195-7, 241r
ratio to price-sensitive country hide receipts, 213-5, 214c, 281 (111)
Orders for leather (see also Orders, shoe and leather; Market position, shoe manufacturers'; buying procedures under Shoe production; Subcyclical process)
advance, 143-4, 145-9, 170, 241
and shoe orders of distributors, 143
and tanners' hide buying, 180r
Orders for shoes (see also Acceleration principle; Market position, retailers'; Market profile)
advance, 99r-100, 116, 119-20, 121-6, 128r-9, 240r
amplitude of, 110r, 112, 128r
cascaded (see also Stock control in shoe stores), 99r-100, 143r
corrective, 105-110, 107c, 129, 243, 248
formulas, 106, 108
market profile indicator, 117-8
margins, 121-2
relation to shoe production scheduling, 100, 142
retailers' procedures, 99r-101
shoe and leather orders as proxy for, 90
stable market, 110r-2, 111c
tanners' and shoe retailers' compared, 210r-1
timing comparisons, 91-3, 105-9, 151-2
in transmission of fluctuations (see orders under Subcyclical process)
wholesalers' shoe sales as proxy for, 90r-1, 112
Orders, shoe and leather (Associated Industries of Massachusetts)
amplitude and conformity, 112n, 170n, 284-5
description, 90, 270 (38)
timing comparisons with orders for shoes, 106, 109
receipts of leather, 166, 170r-2
retail shoe sales, 91-3, 131-2
shoe production, 91-9
SLH chronologies, 284
tannery activities, 187
Overhead in shoe manufacturing (see costs under Shoe production)
Ownership position (see Market position)
Packer hides (see also Hide prices; Inventory investment in hides, packers'; Receipts of hides, packers'; Stocks of hides, packers'), defined, 12r
Pearson, Frank A., 75n
Period of option (see also Market position, shoe manufacturers'), defined, 159r, 231
Price-prospect-tied buying (see Market prospects)
Prices (see also Expectations; Hide prices; Leather prices; Market prospects; Shoe prices)
conformity to hide prices, 42
constant, defined, 45n
role in demand transmission (see Subcyclical process)
Profits (see Margins)

Receipts of hides (see also demand-supply analysis under Hide prices; Orders for hides), 176c, 185c, 204e
described, 176c, 185c, 204e
during fluctuations in leather receipts, 176-9
conformity index, 194, 284-5
description, 14-6, 176, 202, 203n, 215-6, 280 (103)
nine-point patterns, 193e
relationships among sorts of hides, 175, 202-16, 204c
timing comparisons with indicators of customers' requirements, 186r-7
receipts of hides, country, packer or imported, 203
ships of leather, 176r, 196
SLH chronologies, 184-6, 284
Receipts of hides, country, imported, or both (see also imported orders for hides), 204e, 208e
description, 15, 203n, 211r, 280-1 (107, 105, 109)
factors influencing, 211r-5
timing comparisons, 203, 211n, 212, 214-5, 284
and total hide supply, 12r, 15
Receipts of hides, imported, ratio to country-hide receipts, 215n, 281 (110)
Receipts of hides, packer, 204e, 206c, 210e
described, 203n, 280-1 (108)
factors influencing, 205-11
timing comparisons with federally inspected slaughter, 205r
hide prices and ratios, 209, 211
receipts of hides, country, imported, or total, 203, 210
receipts of leather, 209-10
SLH chronologies, 284
stocks of hides, 207
stocks of leather, 209-10
Receipts of leather (Tanners' leather shipments), 136e, 176c, 185c
described, 136e, 176c, 185c
amplitude and conformity, 154, 284-5
compared with leather consumption, 138-40
compared with hide receipts, 176r-9
description, 135r, 176, 277-8 (89, 90, 91)
nine-point patterns, 188r, 190, 191e
defined, 159r, 231
ratio to leather stocks (see Stocks of leather, tanners' finished, ratio with leather shipments)
in regression analysis (see Hide prices)
timing comparisons with consumption of leather, 137, 166-7, 170-2
indicators of customers' requirements, 166-7, 170r-1

NATIONAL BUREAU PUBLICATIONS: PROSPECTIVE AND IN PRINT

NATIONAL BUREAU BOOKS are available from bookstores or Princeton University Press, Princeton, New Jersey, except that contributors and subscribers to the National Bureau should order directly from the Bureau. OCCASIONAL PAPERS and TECHNICAL PAPERS are available from the National Bureau of Economic Research, 261 Madison Avenue, New York 16, New York.

BOOKS

The Growth of Public Employment in Great Britain
Moses Abramovitz and Vera Eliasberg (in press)

The Pattern of Financial Asset Ownership: Wisconsin Individuals, 1949
Thomas R. Atkinson (in press)

The Demand and Supply of Scientific Personnel
David M. Blank and George J. Stigler (in press)

Capital Formation in Residential Real Estate: Trends and Prospects
Leo Grebler, David M. Blank, and Louis Winnick (in press)

Patterns of Farm Financial Structure: A Cross-Section View of Economic and Physical Determinants
Donald C. Horton (in press)

Concentration in Canadian Manufacturing Industries
Gideon Rosenbiuth (in press)

Trends in Employment in the Service Industries
George J. Stigler (in press)

Regional Income
Studies in Income and Wealth, Volume Twenty-one (in press)

Problems in the International Comparison of Economic Accounts
Studies in Income and Wealth, Volume Twenty (in press)

Capital Formation: Concepts, Measurements, Controlling Factors

Measurement and Behavior of Unemployment
Special Conference Series 8 (in press)

Personal Income during Business Cycles
Daniel Creamer 1956, 208 pp., $4.00

Consumption and Business Fluctuations: A Case Study of the Shoe, Leather, Hide Sequence
Ruth P. Mack 1956, 8½ x 11, 320 pp., $7.50

Urban Mortgage Lending: Comparative Markets and Experience
J. E. Morton 1956, 212 pp., $4.00

Policies to Combat Depression
Special Conference Series 7 1956, 428 pp., $8.50

Distribution's Place in the American Economy since 1869
Harold Barger 1955, 240 pp., $4.50

Minimum Price Fixing in the Bituminous Coal Industry
Waldo E. Fisher and Charles M. James 1955, 554 pp., $10.00

Capital Formation and Economic Growth
Special Conference Series 6 1955, 692 pp., $12.00

Business Concentration and Price Policy
Special Conference Series 5 1955, 524 pp., $9.00

Input-Output Analysis: An Appraisal
Studies in Income and Wealth, Volume Eighteen 1955, 384 pp., $7.50

Short-Term Economic Forecasting
Studies in Income and Wealth, Volume Seventeen 1955, 520 pp., $7.50

The Frontiers of Economic Knowledge
Arthur F. Burns 1954, 375 pp., $5.00

Mortgage Lending Experience in Agriculture
Lawrence A. Jones and David Durand 1954, 257 pp., $5.00

Research in the Capital and Securities Markets
Exploratory Committee on Research in the Capital and Securities Markets 1954, 88 pp., $1.00

Long-Range Economic Projection

Regularization of Business Investment
Special Conference Series 4 1954, 539 pp., $8.00

The Volume of Corporate Bond Financing since 1900
W. Braddock Hickman 1953, 463 pp., $7.50

Shares of Upper Income Groups in Income and Savings
Simon Kuznets 1953, 768 pp., $9.00

Commercial Bank Activities in Urban Mortgage Financing
Carl F. Behrens 1952, 152 pp., $2.50

Wesley Clair Mitchell: The Economic Scientist
Arthur F. Burns (ed.) 1952, 398 pp., $4.00

A Study of Moneyflows in the United States
Morris A. Copeland 1952, 620 pp., $7.50

The Trend of Government Activity in the United States since 1900
Solomon Fabricant 1952, 288 pp., $4.00

Federal Grants and the Business Cycle
James A. Maxwell 1952, 136 pp., $2.00

Studies in Income and Wealth, Volume Fifteen 1952, 240 pp., $3.50

Conference on Research in Business Finance
Special Conference Series 3 1952, 304 pp., $4.00

Transportation Industries, 1889–1946: A Study of Output, Employment, and Productivity
Harold Barger 1951, 136 pp., $2.00

Corporate Income Retention, 1915–43
Sergei P. Dobrovolsky 1951, 142 pp., $2.50

Urban Real Estate Markets: Characteristics and Financing
Ernest M. Fisher 1951, 208 pp., $3.00

History and Policies of the Home Owners Loan Corporation
C. Lowell Harriss 1951, 224 pp., $3.00

Deterioration in the Quality of Foreign Bonds Issued in the United States, 1920–1930
Ilse Mintz 1951, 112 pp., $2.00

What Happens during Business Cycles: A Progress Report
Wesley C. Mitchell 1951, 422 pp., $5.00

The Nature and Tax Treatment of Capital Gains and Losses
Lawrence H. Seltzer 1951, 573 pp., $7.50

Conference on Business Cycles
Special Conference Series 2 1951, 448 pp., $6.00
NATIONAL BUREAU PUBLICATIONS: PROSPECTIVE AND IN PRINT

Inventories and Business Cycles, with Special Reference to Manufacturers' Inventories
Moses Abramovitz 1950, 672 pp., $6.00

The Impact of Government on Real Estate Finance in the United States
Miles L. Colean 1950, 190 pp., $2.50

Urban Mortgage Lending by Life Insurance Companies
R. J. Saulnier 1950, 202 pp., $2.50

Taxable and Business Income
Dan Throop Smith and J. Keith Butters 1949, 368 pp., $4.00

Business Incorporations in the United States, 1800-1943
George Heberton Evans, Jr. 1948, 8⅞ x 11¾, 192 pp., $6.00

Analysis of Wisconsin Income
Frank A. Hanna, Joseph A. Pechman, Sidney M. Lerner 1948, 284 pp., $3.50

American Transportation in Prosperity and Depression
Thor Hultgren 1948, 432 pp., $5.00

Business Finance and Banking
Neil H. Jacoby and Raymond J. Saulnier 1947, 262 pp., $3.50

Value of Commodity Output since 1869
William Howard Shaw 1947, 320 pp., $4.00

Trends in Output and Employment
George J. Stigler 1947, 78 pp., $1.00

Measuring Business Cycles
Arthur F. Burns and Wesley C. Mitchell 1946, 7⅜ x 12, 592 pp., $5.00

Output and Productivity in the Electric and Gas Utilities, 1899–1942
Jacob Martin Gould 1946, 208 pp., $3.00

National Product since 1869
Simon Kuznets 1946, 258 pp., $3.00

Economic Research and the Development of Economic Science and Public Policy
Twelve papers presented at the Twenty-Fifth Anniversary Meeting of the National Bureau of Economic Research 1946, 208 pp., $1.00

Research in Securities Markets
Exploratory Committee on Research in Securities Markets 1946, 34 pp., 50¢

Income from Independent Professional Practice
Milton Friedman and Simon Kuznets 1945, 636 pp., $5.50

National Product in Wartime
Simon Kuznets 1945, 174 pp., $2.00

Corporate Cash Balances, 1914–43: Manufacturing and Trade
Friedrich A. Lutz 1945, 148 pp., $2.00

Comparative Operating Experience of Consumer Instalment Financing Agencies and Commercial Banks, 1929–41
Ernst A. Dauer 1944, 240 pp., $3.00

Financing Inventory on Field Warehouse Receipts
Neil H. Jacoby and Raymond J. Saulnier 1944, 108 pp., $1.50

Financing Equipment for Commercial and Industrial Enterprise
Raymond J. Saulnier and Neil H. Jacoby 1944, 112 pp., $1.50

Cost Behavior and Price Policy
Committee on Price Determination 1943, 376 pp., $3.00

Term Lending to Business
Neil H. Jacoby and Raymond J. Saulnier 1942, 184 pp., $2.00

Risk Elements in Consumer Instalment Financing
David Durand 1941, Technical ed., 188 pp., $2.00

National Income and Its Composition, 1919–1938
Simon Kuznets 1941, 1012 pp., $6.00

David L. Wickens 1941, 8½ x 12, 330 pp., $3.50

The Pattern of Consumer Debt, 1935–36: A Statistical Analysis
Blanche Bernstein 1940, 256 pp., $2.50

Commercial Banks and Consumer Instalment Credit
John M. Chapman and Associates 1940, 342 pp., $3.00

The Volume of Consumer Instalment Credit, 1929–38
Duncan McC. Holthausen in collaboration with Malcolm L. Merriam and Rolf Nugent 1940, 158 pp., $1.50

Sales Finance Companies and Their Credit Practices
Wilbur C. Plummer and Ralph A. Young 1940, 324 pp., $3.00

Industrial Banking Companies and Their Credit Practices
Raymond J. Saulnier 1940, 216 pp., $2.00

Some Theoretical Problems Suggested by the Movements of Interest Rates, Bond Yields and Stock Prices in the United States since 1856
Frederick R. Macaulay 1938, 612 pp., $5.00

The Social Sciences and the Unknown Future, a reprint of the introductory chapter of Mr. Macaulay's volume. 25¢

Inventory of Current Research on Financial Problems
Exploratory Committee on Financial Research 1937, 264 pp., $1.50

Report of the Exploratory Committee on Financial Research
Exploratory Committee on Financial Research 1937, 96 pp., $1.00

Prices in Recession and Recovery: A Survey of Recent Changes
Frederick C. Mills 1936, 602 pp., $4.00

Ebb and Flow in Trade Unionism
Leo Wolman 1936, 272 pp., $2.50

Corporate Profits as Shown by Audit Reports
W. A. Paton 1935, 166 pp., $1.25

*Production Trends in the United States since 1870
Arthur F. Burns 1934, 396 pp., $4.00

*Strategic Factors in Business Cycles
John Maurice Clark 1934, 256 pp., $2.50

Industrial Profits in the United States
Ralph C. Epstein 1934, 692 pp., $5.00

Mechanization in Industry
Harry Jerome 1934, 518 pp., $3.50

German Business Cycles, 1924–1933
