Since this volume is a record of conference proceedings, it has been exempted from the rules governing critical review of manuscripts by the Board of Directors of the National Bureau (resolution adopted 6 July 1948, as revised 21 November 1949 and 20 April 1968).

Prefatory Note

This volume contains the papers presented at the Conference on Modeling the Distribution and Intergenerational Transmission of Wealth held in Williamsburg on 8 and 9 December, 1977. Funds for the Conference on Research in Income and Wealth are provided to the National Bureau of Economic Research by the National Science Foundation; we are indebted for its support. We also thank James Smith, who served as chairman of the conference and editor of this volume.
