
Subject Index

- Accelerated Cost Recovery System (ACRS):
introduction in 1981 ERTA legislation,
247; opposition to and support for depre-
ciation levels, 180–81; in 1981 tax legisla-
tion, 172
- ACRS. *See* Accelerated Cost Recovery Sys-
tem (ACRS)
- Act to Regulate Commerce of 1887, 404–5
- ADR. *See* Asset Depreciation Range (ADR)
- Age Discrimination Act of 1986, 759–60
- Agricultural marketing orders, 506
- Agricultural sector: regulatory change in
Reagan Administration, 442; response to
exchange rate policy, 323–24
- Airline Deregulation Act of 1978, 380, 394
- Airline industry: deregulation in, 391–404; ef-
fects of deregulation, 394–99; regulatory
changes in, 380–82; safety record with
deregulation, 403–4
- American Conference of Governmental Indus-
trial Hygienists (ACGIH), 485
- American Telephone and Telegraph Company
(AT&T): antitrust suit against, 443, 593–
96, 601–4; postreform performance,
419–24; regulation of, 409, 411; with set-
tlement of antitrust action (1982), 414–
15. *See also* Western Electric
- Anti-inflation policy: of Federal Reserve, 6,
66, 152; impact on savings and loans,
526–32; Reagan administration assis-
tance to, 162
- Antitrust action: against AT&T (1949, 1974),
412, 414–15, 593–96, 600–605; against
IBM, 605–6, 623; in intellectual property
cases, 606–9; in LTV/Republic merger,
624; merger guidelines, 608–12, 621;
against monopolies, 597–98; in predatory
pricing, 596–97, 621
- Antitrust laws: attempts to remake, 616–17; de-
cline of private enforcement of, 617
- Antitrust policy: amicus program, 612–14; fed-
eral court system produces, 599; players
in, 575–78; role of courts and judges in
enforcement of, 575–78; states' role in,
575, 618–19; on vertical integration,
593–98
- Arab-Israeli War (1973), 87
- Asset Depreciation Range (ADR), 172, 215
- Automobile industry: Carter regulatory reform
efforts, 474; effect of U.S. trade policy
on, 689–90; protection for, 674–76;
Reagan regulatory reform measures,
474–78; safety regulations, 498–99;
safety regulations of, 513–14
- Baker-Miyazawa yen/dollar agreement, 306
- Baker Plan, 696–98, 700, 703, 716–17, 728
- Balanced Budget Act, 266–67

- Balanced Budget Amendment (BBA), 261, 288
- Balance of payments: equilibration with floating exchange rates, 313; factors influencing, 64–65; increase in deficit (1980–87), 63–64. *See also* Current account; Trade deficit
- Bank for International Settlements (BIS), 333
- Bank Holding Company Act (1956), 522, 544, 547
- Banking Act (1933), 522. *See also* Glass-Steagall Act (1933)
- Banking system: in Baker Plan, 696–98, 700, 703, 716–17, 728; banking panics (1930s), 571; barriers to thrift institution consolidation in, 543–54; in Brady Plan, 700–703, 706, 710; crises (1980s), 535–36; effect of global competitive forces on, 550–51; in LDC debt crisis, 704, 715–16; legislation (1930s), 521; problem banks in, 545–46; proposals for future policy, 546–48; regulatory changes in, 388–91; response to exchange rate policy, 325–27; separation of commercial and investment, 522; with tight monetary policy, 115–16. *See also* Debt crisis, international; Debt, less-developed countries; Debt reduction, less-developed countries; Deposit insurance system; Depository institutions; International Lending Supervision Act (1983); Thrift institutions
- Banking system, international: impact of debt crisis on, 726–27; in LDC debt crisis, 730–31
- Basle Capital Accord (1987), 551, 555
- Benefit-cost analysis: institutionalization of, 515; for OSHA hazard communication standard, 469–71; in product standardization, 508–10; in regulations of 1980s, 471–73; in regulatory oversight, 463, 466–67
- Bitburg Summit (1985), 304n18
- Boll-Weevil Democrats, 180
- Bracket creep: effect on low- and middle-income tax payers, 183; indexing eliminates, 269; offsets of, 171–72, 282–83. *See also* Indexing
- Bradley Plan, 715
- Brady Commission, 127n13
- Brady Plan: case-by-case approach to debt reduction, 730; collective action approach in, 710; for developing-country debt reduction, 700–703, 706; factors in evolution of, 696, 717, 729; significance of, 734; Treasury Department initiative in, 714, 718, 734–35
- Budget, federal: forecast (1983–1988), 52–53; outlays and revenues (1955–90), 280–81; outlays in relation to GNP, 281–82
- Budget deficit: adverse effects of structural, 53–54; attempts to reduce (after 1983), 37; Carter administration proposals for, 98; changes in levels (1975–90), 236–38; with cyclical fluctuations, 242–44, 251; decline in structural (1987), 66; effect of dollar's rise, 66; effect of larger, 67; forecast for future, 57, 248–50, 267–68; growth during Reagan administration, 34, 51–52, 235; influence on tax policy after 1981, 166; legislation to limit, 262–66; link to Social Security system, 255–60; link to trade deficit and dollar's value, 65–69; measurement methods criticized, 241–44; pre-1980, 283; rise in recession-induced and structural (1982–85), 66, 296; sources of, 238–40; as strategy to cut spending, 284, 287; targets in Gramm-Rudman legislation, 265–66; TE-FRA impact on, 252; during wartime, 238. *See also* Debt service (federal debt); Deficit reduction; Federal debt; Tax legislation; Tax policy
- Bush administration: budget deficit during, 34; Enterprise for the Americas Initiative, 642, 732; fiscal policy, 278–79; market-oriented EPA regulatory policies, 481; multilateral and minilateral trade concerns of, 642; regulatory agenda of, 501–2; trade policy ideologies during, 633, 635–36
- Capital flows: dollar appreciation attracted, 69–71; effect of U.S. controls, 320; importance of international, 313
- Capital formation: as determinant of economic growth, 15–16; incentives in 1981 tax legislation, 173–74
- Capital gains: taxation in 1970s inflationary period, 18; theories related to taxation of, 23–24
- Capture theory, 486
- Caribbean Basin Initiative of 1984 (CBI), 642
- Carter administration: airline deregulation initiatives in, 393–94; changes in economic

- regulation during, 371–72, 380–82; credit control proposal of, 158; defense spending during, 36; deregulation during, 474–75; energy legislation during, 429–30; expansive economic policy, 89–90; managed float in exchange rate policy, 341–42; market-oriented environmental policies, 456; OSHA enforcement under, 491; position on capital gains tax cut, 23; position on rising inflation rate, 6, 89–90, 102, 162; railroad regulatory reform during, 407; regulatory oversight initiatives, 462, 466, 474; role in dollar depreciation, 295; structural deficit during, 47–48; trigger price mechanism of, 660
- Civil Aeronautics Board (CAB); criticism of, 393–94; deregulation with sunset provision, 394, 446, 514; regulation by, 380–82, 392
- Clayton Act of 1914, 581, 608–10
- Clean Air Act (1970), 368
- Clean Air Act (1990), 368, 482
- Commodity Futures Trading Commission, 550
- Communications industry, 442–43. *See also* American Telephone and Telegraph Company (AT&T); Federal Communications Commission (FCC); Radio industry licenses; Radio telephone service; Telecommunications industry; Television industry licenses
- Competition: in airline industry with deregulation, 399–403, 450; antitrust law interpretations, 573–99; forces affecting financial system, 562; in property and liability insurance, 387–88; in telecommunications industry, 411–13, 450; through regulation of natural gas, 385–87, 449; through regulation of telecommunications, 382–84; for U.S. banking industry, 550–51
- Competitors: cooperation among, 586–88; domestic and international regulation of cooperation among, 586–88; mergers among, 581–85; vertical relationships among, 588–93
- Conable-Hance bill. *See* Tax legislation (1981)
- Conable-Jones plan (H.R. 4646), 20, 177–78, 180, 183, 229–30
- Congress: activism in trade policy, 646–49, 653–54; role in antitrust law scope and application, 576–77; role in exchange rate policy, 330–32; trade policy initiatives, 636, 639
