## Acknowledgments

This volume contains the papers given at a conference held at the Cambridge Hilton in Cambridge, Massachusetts, on 20–22 July 1990. The conference was part of the Development of the American Economy program of the National Bureau of Economic Research. We are grateful to Martin Feldstein and Geoffrey Carliner for their support of the conference, and to Robert Fogel and Claudia Goldin for their encouragement and guidance.

We want to give an extra measure of thanks to Kirsten Foss Davis and the NBER conference department for their help with conference arrangements, which were spectacular. As editors we thank Ann Brown of the NBER and Julie McCarthy of the University of Chicago Press for their patient assistance with the editorial process.
