

This PDF is a selection from an out-of-print volume from the National Bureau of Economic Research

Volume Title: The Political Economy of Tax Reform, NBER-EASE Volume 1

Volume Author/Editor: Takatoshi Ito and Anne O. Krueger, editors

Volume Publisher: University of Chicago Press

Volume ISBN: 0-226-38667-8

Volume URL: [http://www.nber.org/books/ito\\_92-2](http://www.nber.org/books/ito_92-2)

Conference Date: June 14-16, 1990

Publication Date: January 1992

Chapter Title: List of Contributors, Indexes

Chapter Author: Takatoshi Ito, Anne O. Krueger

Chapter URL: <http://www.nber.org/chapters/c8523>

Chapter pages in book: (p. 339 - 350)

## Books of Related Interest

### **Taxation in the Global Economy**

*Edited by ASSAF RAZIN and JOEL SLEMROD*

Experts in taxation and international economics analyze the influence of national tax policy on international trade and competitiveness in the increasingly global economy. "This excellent work should shape research for some years." —J. L. Mikesell, *Choice*

An NBER Project Report

### **Developing Country Debt and Economic Performance**

Volume 3: Country Studies—Indonesia, Korea, Philippines, Turkey

*Edited by JEFFREY D. SACHS and SUSAN M. COLLINS*

These detailed studies offer a wealth of comparative data and new statistics on the general economic development of each nation. The contributors explore the various factors that contributed to the debt crisis in each country and analyze how the crisis was managed once it had taken hold.

An NBER Project Report

### **National Saving and Economic Performance**

*Edited by B. DOUGLAS BERNHEIM and JOHN B. SHOVEN*

Restoring acceptable rates of saving poses a major challenge. To counter the recent decline in saving throughout the developed world, leading economists offer the results of new research, with recommendations for policies aimed to improve saving rates.
