AHA Data & Insights

Introduction

AHA Annual Survey Database™ for Fiscal Year 2019 is a hospital database for peer comparisons, market analysis, and health services research. We produce the Database primarily from the *AHA Annual Survey of Hospitals* administered by the American Hospital Association (AHA). We curate data and information from government sources, hospital accrediting bodies, and other organizations to supplement the survey responses.

The *AHA Annual Survey* is a voluntary survey. Participating hospitals are not required to be members of the American Hospital Association. We encourage **all** hospitals open and operating in the United States and territories to participate in the Survey.

Survey respondents report information on the organizational structure, service lines, utilization, finances, insurance and payment models, and staffing of their hospital for a specific fiscal year. Consistent processes and standards in data collection used across time facilitate time-series analyses when multiple years of the data are licensed. CMS Certification Numbers (CCNs) are included for each hospital's record where appropriate.

Some items on the questionnaire, such as revenue, are designated 'confidential' at the hospital-specific level and are not included in the Database. Many of these data are summarized at the national and state levels in *AHA Hospital Statistics*™.

The Database includes:

- Data files in multiple formats (see *Technical Notes*).
- File layout in soft format and as part of this Reference Guide.
- This *Reference Guide* with technical notes, file layout, survey questionnaire, reconciliation with the prior year Database, and glossary.

Please review the ***New Items*** and ***Removed Items*** for a list of field changes since the FY 2018 Annual Survey Database.

Thank you for licensing *AHA Annual Survey Database*. For more information contact us at support@aha.org.

Changes for Fiscal Year 2019

Added: We added the following fields to the Fiscal Year 2019 Database.

Field label	Short description
CLUSTER	AHA System Cluster Code (Health System Taxonomy)
IPAHOS	Independent practice association - hospital
IPASYS	Independent practice association - health system
GPWWHOS	Group practice without walls - hospital
GPWWSYS	Group practice without walls - health system
OPHOHOS	Open physician-hospital organization - hospital
OPHOSYS	Open physician-hospital organization - health system
CPHOHOS	Closed physician-hospital organization - hospital
CPHOSYS	Closed physician-hospital organization - health system
MSOHOS	Management service organization - hospital
MSOSYS	Management service organization - health system
ISMHOS	Integrated salary model - hospital
ISMSYS	Integrated salary model - health system
EQMODHOS	Equity model - hospital
EQMODSYS	Equity model - health system
FOUNDHOS	Foundation - hospital
FOUNDSYS	Foundation - health system
PHYOTH	Other, please specify
PHYHOS	Other - hospital
PHYSYS	Other - health system
PCMRES	Medical residents/interns - primary care
OTHPCR	Medical residents/interns - other specialties
FTECAP	Full time equivalent nursing assistive personnel
FTECRAD	Full time equivalent radiology technicians
FTECLAB	Full time equivalent laboratory technicians
FTECPH	Full time equivalent pharmacist, licensed
FTECPHT	Full time equivalent pharmacy technicians
FTERESP	Full time equivalent respiratory therapists
TEOB	Obstetrics/gynecology - total employed
TCOB	Obstetrics/gynecology - total individual contract
TGOB	Obstetrics/gynecology - total group contract
NEOB	Obstetrics/gynecology - not employed or under contract
TPOB	Obstetrics/gynecology - total privileged

Changes for Fiscal Year 2019

Removed: We removed the following fields from the Fiscal Year 2019 Database.

Field label	Short description
MAPP12	Internship approved by American Osteopathic Association
MAPP13	Residency approved by American Osteopathic Association

Note: Effective July 1, 2020 ACGME (Accreditation Council for Graduate Medical Education) became the single accreditation system for graduate medical education in the United States. As a result, the AOA internship (MAPP12), and AOA residency (MAPP13) approval codes are retired beginning with the Fiscal Year 2019 data. [Learn more about the single accreditation system here.](#)

Technical User Notes

The Annual Survey Database Fiscal Year 2019 is provided in ASCII, SAS®, comma delimited, and Microsoft® Access formats for use in a statistical application or other database management programs.

The Database files are organized as follows:

/ACCESS

AS2019.accdb	MS Access Database
--------------	--------------------

/COMMA

AS19dem.xlsx	MS Excel file - demographic
AS19svc1.xlsx	MS Excel file – service 1 of 3
AS19svc2.xlsx	MS Excel file – service 2 of 3
AS19svc3.xlsx	MS Excel file – service 3 of 3
AS19util1.xlsx	MS Excel file – utilization 1 of 2
AS19util2.xlsx	MS Excel file – utilization 2 of 2
AS2019FULLFILE.xlsx	MS Excel full file
ASPUB19.csv	Comma delimited file
ASPUB19DCTfile.dct	Dictionary file

/DOCUMENTATION

AS2019lay.xlsx	File layout
SASLAYOUT2019.txt	SAS layout

/FLAT

AS2019PUB.sas7bdat	FY2019 Data file in SAS® format
PUBAS19.asc	The flat ascii fixed-length file

/UNITS

FUNIT_ID.xlsx	Hospital Units cross reference file
---------------	-------------------------------------

A unit is a distinct and separately identified site of care that is a component part of a larger hospital. Summary data appears only for the larger parent hospital. Beds and activity pertaining to the individual unit is subsumed under the parent hospital activity and cannot be separated from the larger hospital's data. This list, FUNIT_ID, links these familiar names to their parent hospital.

In order to decide which files are most appropriate for your use, read these descriptions and choose the data and documentation that best fits your environment.

Data

AS2019PUB.sas7bdat

Use the SAS data file to open the data natively into SAS or other applications that read SAS formatted files. The File Layout describes the fields and their position.

PUBAS19.ASC

This is a traditional fixed length flat ASCII file. Every effort is made to maintain consistency with prior years. Use this file with the included SAS Code or to read the data into an existing application. The File Layout describes the fields and their positions.

ASPUBAS19.CSV

A comma delimited version of the database. The field names are imbedded in the first row of the file. This file can be read into any application that recognizes comma-separated-values, or comma-delimited formats. The File Layout describes the fields.

AS2019.accdb

The database is provided in Microsoft® ACCESS format. The tables in the database have been logically separated in order to accommodate a 256-column limit. The tables are:

AS19DEM — contains the demographic and descriptive fields for each facility

AS19SVC1 — contains facilities and services fields

AS19SVC2— contains facilities and services fields

AS19SVC3— contains facilities and services fields

AS19UTIL1— contains utilization, personnel and financial fields

AS19UTIL2— contains utilization, personnel and financial fields

The **File Layout** identifies the specific Table location (name) for each field.

Documentation

The documentation is organized as follows:

AS2019lay.xlsx

This document is a technical layout of the Database file and contains:

- Field names
- Descriptions
- Relationship to the Survey instrument
- Location in Microsoft® ACCESS Table

Appendices

- Code Descriptions (Appendices A, B, C, D, F, G, H) referenced in the Layout file.
Note: The former Appendix E is consolidated with Appendix C.

SASLAYOUT2019.TXT

The SAS code has been tested for this release of the *AHA Annual Survey Database*. Enter the path name to read in the entire flat ASCII file. It will attach field labels to every field.

For technical assistance, contact us at 866-375-3633 or support@aha.org.

Frequently Asked Questions

1. Which hospitals participate in the AHA Annual Survey?

AHA sends the Annual Survey to all hospitals identified as open and operating as a hospital. Both AHA member and non-member hospitals receive the Survey. The Annual Survey is not a sample survey. It is a survey of the complete universe of hospitals in the United States and territories.

2. Do all hospitals complete a Survey?

Responding and non-responding hospitals are included in the Database. For non-responding hospitals we use an estimation process to impute missing statistical values (see *Estimation Process* following these Frequently Asked Questions).

3. How can I tell if a hospital responded to the Survey?

- First, look at the field named **RESP** to see if the hospital responded to the survey.
- Many utilization and staffing values, such as admissions, have 'estimation flags' to signal whether a value was reported or estimated.

4. How can I identify estimated values?

- The file layout has the complete list of estimation flags.
- **Appendix H** of the file layout includes the key to estimation flags.
- Estimated fields are 100% filled.
- Estimated fields have an 'E' as the first character in the field name. For example, the estimation flag for *Total Admissions (ADMTOT)* is 'EADMTOT'.

5. How can I identify teaching hospitals or academic medical centers?

There is no one field for identifying teaching hospitals or academic medical centers. However, it is possible to examine teaching status by looking at these three fields:

- MAPP3 - Participating site recognized for one or more Accreditation Council for Graduate Medical Education accredited programs.
- MAPP5 - Medical school affiliation reported to the American Medical Association (AMA).

- MAPP8 - Member of the Council of Teaching Hospitals (COTH) of the Association of American Medical Colleges.

We consider **major teaching hospitals** to be all hospitals that have the Council of Teaching Hospitals designation (MAPP8). We consider **minor teaching hospitals** to be all hospitals that have any one or both of the other two MAPP codes identified above.

Note: Effective July 1, 2020 ACGME (Accreditation Council for Graduate Medical Education) became the single accreditation system for graduate medical education in the United States. As a result, the AOA internship (MAPP12), and AOA residency (MAPP13) approval codes are retired beginning with the Fiscal Year 2019 data. [Learn more about the single accreditation system here.](#)

6. How are Urban/Rural locations derived?

- A **rural** hospital is located outside a Metropolitan Statistical Area (MSA), as designated by the U.S. Office of Management and Budget (OMB), effective June 6, 2003.
- **Urban** hospitals are inside Metropolitan Statistical Areas.
- Micropolitan areas, which were new to the OMB June 6, 2003 definitions, continue to be classified as “rural” in AHA data offerings.

*See the AHA Annual Survey Glossary for more information, and the File Layout for the **CBSATYPE** field.*

7. Does the Database include ‘Unit’ hospitals?

- In the *Annual Survey Database*, data appear only for the parent hospital. A ‘unit’ is a distinct and separately identified site of care that is a component part of a larger (parent) hospital. Beds and activity pertaining to the individual unit are included as part of the parent hospital’s data.
- **There is a separate cross-reference file, FUNIT_ID.xls, delivered with the Database** to identify unit hospitals (also referred to as ‘subsidiary hospitals’) and their affiliated parent hospital. Learn more about ‘Unit’ hospitals in the ‘Technical User Notes’.

8. Are Health Care Systems included in the Database?

AHA Annual Survey Database defines a multihospital health care system as an entity with two or more hospitals owned, leased, sponsored, or contract managed by a central organization.

The affiliated health care system is part of the hospital record, where applicable. See the file layout for *SYSNAME*. Below are the included fields.

System ID	System state
System name	System zip code
System address	System main telephone
System city	System primary contact and title

System Fields

9. How can I identify integrated delivery networks?

There is no field for integrated delivery networks (IDNs), or integrated delivery systems (IDSs). We suggest that you look at the “health system” field.

10. Are all items on the Questionnaire included in the Database?

Our Agreement with participating hospitals expresses we will not release revenue data at the hospital specific level. Confidential items are denoted with an asterisk on the Questionnaire. Additionally, new items may be excluded from the Database for additional evaluation of the responses in relationship to the intent of the question.

11. Why are AHA Identification Numbers (hospitals) from a prior year Database not on the Fiscal Year 2019 Database?

Each AHA Annual Survey Database represents the population of hospitals recognized by American Hospital Association as open and operating in a specific fiscal year. The **Summary of Changes** in this Documentation Book identifies the AHA IDs added or removed from the Fiscal Year 2019 Database, and the reason for the change.

12. Why do some hospitals have a ‘Days covered’ value of zero (0)?

Non-responding hospitals are assigned a ‘days covered’ value of zero.

13. What fields must be present for a hospital to be considered a respondent?

- Reporting period
- Control
- Primary service
- Facilities and services
- Staffed beds
- Admissions
- Inpatient days

14. What is the difference between licensed beds and staffed beds?

Licensed beds are the number of beds authorized by a state licensing (certifying) agency.

Staffed beds are the number of beds regularly available (those set-up and staffed) at the end of the reporting period.

15. What is a community hospital and how can I find it in the Database?

All nonfederal, short-term general, and special hospitals whose facilities and services are available to the public. (Special hospitals include obstetrics and gynecology; eye, ear, nose, and throat; rehabilitation, orthopedic; and other individually described specialty services.) Short-term general and special childrens' hospitals are also considered to be community hospitals. See the file layout for 'CHC'.

16. What other data are available?

The American Hospital Association has additional data from other AHA Surveys as well as curated sources. To learn more contact us at ahadatainfo@aha.org.

Estimation Process

Each year, AHA administers the Annual Survey of Hospitals. The purpose of the Survey is to collect utilization, financial and personnel information on each of the nation's hospitals. The Survey's overall response rate averages approximately 80% each year, which is considerably high for a voluntary survey given its length and the size of the universe (about 6,200 hospitals).

For hospitals that do not respond at all, or not respond fully to the survey, a statistical methodology is run against their records to estimate missing values. The following describes the two major approaches used for estimation:

For nine key variables - total admissions; total births; total inpatient days; total expenses; total full-time employees; total surgical operations; total outpatient visits; total part-time employees; and total revenue – estimates are generated from regression models. For each variable, the previous year's data (base year) along with estimation status, percentage change in state median, MSA size and bed size are used as the independent variables, while the current year's value is the dependent value. The regression model generates a coefficient for each independent variable, which later will be used in estimating the current year's value. In other words, the current year's missing value is "predicted" by multiplying the base year data with the corresponding coefficients derived from the regression model.

Alternatively, components of the key variables and all other variables eligible for estimation are generated from a matrix of estimators. An estimator is a ratio of two variables: numerators are the variable to estimate; denominators are an indicator variable such as beds, bassinets or a total variable in which the numerator is an additive component. In the first step, the universe of hospitals is stratified into 52 stratum or cells. The stratification is based on the intersection of the following variables, control, service, bed size, and length of stay. Estimators are calculated using all reported data in each stratum. Each estimator takes on a different value for each stratum (thus the matrix). Using payroll expense as an example, matrix estimation occurs as follows. For hospitals in the same stratum, payroll expense as a percentage of total expense is computed based on reported data only. For a non-responding hospital in this same stratum, the estimated payroll expense value is derived by applying the above mentioned percentage to the non-respondent's total expense value regardless of whether that value is reported or estimated.

Please note that missing facilities and services collected through Section C of the Survey are never estimated when missing. Beds, control, service, length of stay also are not estimated but are present in all cases. Values for these variables come from the AHA master facility inventory system. For an institution to be listed in the inventory file there must be a value for those variables. The compilation and management of the inventory is independent of the Annual Survey process.

Appendix A - Control Code Descriptions

Code	Description
Government, Nonfederal	
12	State
13	County
14	City
15	City-county
16	Hospital district or authority

Nongovernment, not-for-profit	
21	Church operated
23	Other not-for-profit

Investor-owned (for-profit)	
31	Individual
32	Partnership
33	Corporation

Government, federal	
40	Department of Defense
44	Public Health Service other than 47
45	Veterans Affairs
46	Federal other than 41-45, 47-48
47	Public Health Service Indian Service
48	Department of Justice

Note: For FY2019 'Department of Defense' replaces Air Force, Army, and Navy control codes

Appendix B - Primary Service Code Descriptions

Code	Description
10	General medical and surgical
11	Hospital unit of an institution (prison hospital, college infirmary, etc.)
12	Hospital unit within a facility for persons with intellectual disabilities
13	Surgical
22	Psychiatric
33	Tuberculosis and other respiratory diseases
41	Cancer
42	Heart
44	Obstetrics and gynecology
45	Eye, ear, nose and throat
46	Rehabilitation
47	Orthopedic
48	Chronic disease
49	Other specialty treatment
50	Children's general medical and surgical
51	Children's hospital unit of an institution
52	Children's psychiatric
53	Children's tuberculosis and other respiratory diseases
55	Children's eye, ear, nose and throat
56	Children's rehabilitation
57	Children's orthopedic
58	Children's chronic disease
59	Children's other specialty
62	Intellectual disabilities
80	Acute long-term care hospital
82	Alcoholism and other chemical dependency
90	Children's acute long-term Care
91	Children's cancer

Appendix C - Census Division and State Code Descriptions

State Code Description

CENSUS DIVISION 1: NEW ENGLAND

11	Maine
12	New Hampshire
13	Vermont
14	Massachusetts
15	Rhode Island
16	Connecticut

CENSUS DIVISION 2: MID ATLANTIC

21	New York
22	New Jersey
23	Pennsylvania

CENSUS DIVISION 3: SOUTH ATLANTIC

31	Delaware
32	Maryland
33	District of Columbia
34	Virginia
35	West Virginia
36	North Carolina
37	South Carolina
38	Georgia
39	Florida

State Code Description

CENSUS DIVISION 4: EAST NORTH CENTRAL

41	Ohio
42	Indiana
43	Illinois
44	Michigan
45	Wisconsin

CENSUS DIVISION 5: EAST SOUTH CENTRAL

51	Kentucky
52	Tennessee
53	Alabama
54	Mississippi

CENSUS DIVISION 6: WEST NORTH CENTRAL

61	Minnesota
62	Iowa
63	Missouri
64	North Dakota
65	South Dakota
66	Nebraska
67	Kansas

State Code Description

CENSUS DIVISION 7: WEST SOUTH CENTRAL

71	Arkansas
72	Louisiana
73	Oklahoma
74	Texas

CENSUS DIVISION 8: MOUNTAIN

81	Montana
82	Idaho
83	Wyoming
84	Colorado
85	New Mexico
86	Arizona
87	Utah
88	Nevada

CENSUS DIVISION 9: PACIFIC

91	Washington
92	Oregon
93	California
94	Alaska
95	Hawaii

ASSOCIATED AREAS

3	Marshall Islands
4	Puerto Rico
5	Virgin Islands
6	Guam
7	American Samoa
8	Northern Mariana Islands

Appendix D - Bed Size Code Descriptions

Code	Description
1	6-24 beds
2	25-49 beds
3	50-99 beds
4	100-199 beds
5	200-299 beds
6	300-399 beds
7	400-499 beds
8	500 or more beds

Appendix G - Health Care System Taxonomy Description*

Research using existing theory and AHA Annual Survey data identified a reliable set of five distinct groups of health systems that share common strategic/structural features. This identification system was developed jointly by the American Hospital Association's Health Research and Educational Trust and Health Forum, and the University of California-Berkeley. For further information on the development of the taxonomy please see: Bazzoli, GJ; Shortell, SM; Dubbs, N; Chan, C; and Kralovec, P; "A Taxonomy of Health Networks and Systems: Bringing Order Out of Chaos" Health Services Research, February; 1999. A health system is assigned to one of five categories based on how much they differentiate and centralize their hospital services, physician arrangements, and provider-based insurance products. Differentiation refers to the number of different products or services that the organization offers. Centralization refers to whether decision-making and service delivery emanates from the system level more so than individual hospitals.

Code	Label	Description
1	Centralized Health System	A delivery system in which the system centrally organizes individual hospital service delivery, physician arrangements, and insurance product development. The number of different products/services that are offered across the system is moderate.
2	Centralized Physician/Insurance Health System	A delivery system with highly centralized physician arrangements and insurance product development. Within this group, hospital services are relatively decentralized with individual hospitals having discretion over the array of services they offer. The number of different products/services that are offered across the system is moderate.
3	Moderately Centralized Health System	A delivery system that is distinguished by the presence of both centralized and decentralized activity for hospital services, physician arrangements, and insurance product development. For example, a system within this group may have centralized care of expensive, high technology services, such as open heart surgery, but allows individual hospitals to provide an array of other health services based on local needs. The number of different products/services that are offered across the system is moderate.
4	Decentralized Health System	A delivery system with a high degree of decentralization of hospital services, physician arrangements, and insurance product development. Within this group, systems may lack an overarching structure for coordination. Service and product differentiation is high, which may explain why centralization is hard to achieve. In this group, the system may simply serve a role in sharing information and providing administrative support to highly developed local delivery systems centered around hospitals.
5	Independent Hospital System	A delivery system with limited differentiation; hospital services, physician arrangements, and insurance product development. These systems are largely horizontal affiliations of autonomous hospitals.
6 or blank	Blank	Sufficient data from the FY 2019 Annual Survey were not available to determine a cluster assignment.

***Note that the cluster classifications may not be directly comparable to prior year cluster classifications due to changes in the wording of certain Annual Survey questions.**

Appendix H - Estimation, Modified FIPS, and Length of Stay

Estimation Codes

Code	Description
------	-------------

- | | |
|---|--|
| 0 | The value was reported by the hospital |
| 1 | The value was estimated since no value was reported by the hospitals |
| 2 | The value has been expanded, since the reported value is associated with a reporting period of less than 1 full year |

- If the hospital did not respond to the survey (RESP=2), the following fields were obtained from AHA's internal database.

AHA ID	Hospital Name	Bed Size code
Control/Ownership	CEO Name	Length of Stay code
Primary Service code	Address	County code
Number of Bassinets	City	City Rank
Total Beds	State	All accreditation and affiliation flags
Membership Type	ZIP code	(MAPP1 through MAPP22)
Long term/Short term flag	Area code	
Control Code – Membership	Telephone number	
Service Code - Membership		

- All fields with corresponding estimation fields have been estimated or expanded. Other fields, such as facilities and services were
- If the **separate units** code (SUNITS) is 0, all short-term and long-term data fields are blank.

Modified FIPS County Code

County codes generally are odd numbers assigned to an alphabetical listing of the counties within a state. Baltimore City is included in Baltimore County, St Louis City is included in St Louis County, and the independent cities in Virginia are each included in the contiguous counties. Kalawao County, Hawaii is included in Maui County. The four Alaska Judicial Divisions were used as counties.

Long term/Short term Flag (LOS)

If a separate long-term unit is reported and long-term admissions are greater than one-half of total admissions, then LOS is 2; otherwise LOS is 1. If a separate long-term unit is not reported and the ratio of inpatient days to admissions is 30 or more, then LOS is 2; otherwise LOS is 1.

Summary of Changes

Reconciliation of FY2018 to FY2019

AHA Annual Survey Database

The *Summary of Changes* is a reconciliation between two AHA Annual Survey years. Starting with the FY2017 AHA Annual Survey Database, the AHA no longer employs its own methodology to classify hospitals as registered. We use the following definition, which is more generally known and accepted:

An institution is a hospital if it is licensed as a general or specialty hospital by the appropriate state agency and accredited by one of the following organizations; The Joint Commission Healthcare Facilities Accreditation Program (HFAP), DNV Health Accreditation, Center for Improvement in Healthcare Quality Accreditation, or Medicare certified as a provider of acute services under Title 18 of the Social Security Act.

Use the *Summary of Changes* to identify:

- The disposition of organizations on the Fiscal Year 2018 Database but not on the FY 2019 Database.
- Organizations newly added to the Fiscal Year 2019 Database.

Note: The Summary of Changes for FY2019 is also available in soft format in the 'DOCUMENTATION' folder of the product deliverable.

Summary of Hospitals

2018 vs. 2019 AHA Annual Survey Data

Classification	Total	United States	Associated Areas
2018 Total	6,218	6,146	72
Deletions			
Changed to inpatient care other than a hospital	3	3	-
Changed to an outpatient facility	5	5	-
Closed	77	77	-
Demerged/Dissolution	-	-	-
Duplicate record	-	-	-
Merged to form a new hospital	-	-	-
Merged into a hospital already on file	27	27	-
Temporarily inactive record/under construction	1	1	-
Total Deletions	113	113	0
Additions			
Demerger result	3	3	-
Merger result	-	-	-
Newly added	51	51	-
Previously closed/reopened	1	1	-
Changed to hospital from other inpatient care	1	1	-
Changed to hospital from outpatient care	1	1	-
Total Additions	57	57	0
2018 Total	6,162	6,090	72

Deletions: FY 2018 vs. FY 2019

The following hospitals were on the FY 2018 Database but do not have a record on the FY 2019 Database.

ID	Name	City	State	Reason for Deletion	PARENT NAME	PARENT LOCATION
6160350	Milford Hospital	Milford	CT	Merged into 6160002	Bridgeport Hospital	Bridgeport, CT
6210050	Albany Memorial Hospital	Albany	NY	Merged into 6214990	Samaritan Hospital	Troy, NY

2019 AHA Annual Survey

American Hospital Association

HOSPITAL NAME: _____

CITY & STATE: _____

Please return to:
AHA Annual Survey
155 N Wacker Drive
Suite 400
Chicago IL 60606

A. REPORTING PERIOD (please refer to the instructions and definitions at the end of this questionnaire)

Report data for a full 12-month period, preferably your last completed fiscal year (365 days). Be consistent in using the same reporting period for responses throughout various sections of this survey.

1. Reporting Period used (beginning and ending date) / / to / /
Month Day Year Month Day Year
2. a. Were you in operation 12 full months at the end of your reporting period? YES NO
b. Number of days open during reporting period _____
3. Indicate the beginning of your current fiscal year / /
Month Day Year

B. ORGANIZATIONAL STRUCTURE

1. CONTROL

Indicate the type of organization that is responsible for establishing policy for overall operation of your hospital. CHECK ONLY ONE:

Government, nonfederal

- 12 State
- 13 County
- 14 City
- 15 City-County
- 16 Hospital district or authority

Nongovernment, not-for-profit (NFP)

- 21 Church-operated
- 23 Other not-for-profit (including NFP Corporation)

Investor-owned, for-profit

- 31 Individual
- 32 Partnership
- 33 Corporation

Government, federal

- 40 Department of Defense
- 44 Public Health Service
- 45 Veterans' Affairs
- 46 Federal other than 40-45 or 47-48
- 47 PHS Indian Service
- 48 Department of Justice

2. SERVICE

Indicate the ONE category that BEST describes your hospital or the type of service it provides to the MAJORITY of patients:

- | | |
|--|--|
| <ul style="list-style-type: none"> <input type="checkbox"/> 10 General medical and surgical <input type="checkbox"/> 11 Hospital unit of an institution (prison hospital, college infirmary) <input type="checkbox"/> 12 Hospital unit within a facility for persons with intellectual disabilities <input type="checkbox"/> 13 Surgical <input type="checkbox"/> 22 Psychiatric <input type="checkbox"/> 33 Tuberculosis and other respiratory diseases <input type="checkbox"/> 41 Cancer <input type="checkbox"/> 42 Heart <input type="checkbox"/> 44 Obstetrics and gynecology <input type="checkbox"/> 45 Eye, ear, nose, and throat | <ul style="list-style-type: none"> <input type="checkbox"/> 46 Rehabilitation <input type="checkbox"/> 47 Orthopedic <input type="checkbox"/> 48 Chronic disease <input type="checkbox"/> 62 Intellectual disabilities <input type="checkbox"/> 80 Acute long-term care hospital <input type="checkbox"/> 82 Alcoholism and other chemical dependency <input type="checkbox"/> 49 Other - specify treatment area: _____ |
|--|--|

B. ORGANIZATIONAL STRUCTURE (continued)

3. OTHER

- a. Does your hospital restrict admissions primarily to children? YES NO
- b. Does the hospital itself operate subsidiary corporations? YES NO
- c. Is the hospital contract managed? If yes, please provide the name, city, and state of the organization.... YES NO

Name: _____ City: _____ State: _____

- d. Is your hospital owned in whole or in part by physicians or a physician group?..... YES NO

- e. If you checked 80 Acute long-term care hospital (LTCH) in Section B2 (Service), please indicate if you are a freestanding LTCH or a LTCH arranged within a general acute care hospital.

- Free standing LTCH LTCH arranged in a general acute care hospital

If you are arranged in a general acute care hospital, what is your host hospital's name?

Name _____ City _____ State _____

- f. Are any other types of hospitals co-located in your hospital? YES NO

- g. If yes, what type of hospital is co-located? (Check all that apply)

- 1. Cancer
- 2. Cardiac
- 3. Orthopedic
- 4. Pediatric
- 5. Psychiatric
- 6. Surgical
- 7. Other _____

C. FACILITIES AND SERVICES

For each service or facility listed below, please check all the categories that describe how each item is provided **as of the last day of the reporting period**. Check all categories that apply for an item. If you check column (1) C1-19, please include the number of **staffed beds**. The sum of the beds reported in 1-19 should equal Section E(1b), beds set up and staffed on page 12.

	(1) Owned or provided by my hospital or its subsidiary	(2) Provided by my Health System (in my local community)	(3) Provided through a formal contractual arrangement or joint venture with another provider that is not in my system (in my local community)	(4) Do Not Provide
1. General medical-surgical care (#Beds _____)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Pediatric medical-surgical care (#Beds _____)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

i. Adult cardiac electrophysiology	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
j. Pediatric cardiac electrophysiology	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
k. Cardiac rehabilitation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
34. Case management	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
35. Chaplaincy/pastoral care services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
36. Chemotherapy	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
37. Children's wellness program	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
38. Chiropractic services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
39. Community outreach	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
40. Complementary and alternative medicine services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
41. Computer assisted orthopedic surgery (CAOS)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
42. Crisis prevention	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
43. Dental services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
44. Diabetes prevention program	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
45. Emergency services				
a. On-campus emergency department	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Off-campus emergency department	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Pediatric emergency department	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Trauma center (certified) [Hospital level of unit (1-3) _____]	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
46. Enabling services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
47. Endoscopic services				
a. Optical colonoscopy	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Endoscopic ultrasound	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Ablation of Barrett's esophagus	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Esophageal impedance study	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Endoscopic retrograde cholangiopancreatography (ERCP)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
48. Enrollment (insurance) assistance services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
49. Employment support services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
50. Extracorporeal shock wave lithotripter (ESWL)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
51. Fertility clinic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
52. Fitness center	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
53. Freestanding outpatient care center	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
54. Geriatric services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
55. Health fair	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
56. Community health education	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

C. FACILITIES AND SERVICES (continued)

	(1) Owned or provided by my hospital or its subsidiary	(2) Provided by my Health System (in my local community)	(3) Provided through a formal contractual arrangement or joint venture with another provider that is not in my system (in my local community)	(4) Do Not Provide
57. Genetic testing/counseling.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
58. Health screenings.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
59. Health research.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
60. Hemodialysis.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
61. HIV/AIDS services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
62. Home health services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
63. Hospice program.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
64. Hospital-based outpatient care center services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
65. Housing services				
a. Assisted living.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Retirement housing.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Supportive housing services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
66. Immunization program	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
67. Indigent care clinic.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
68. Linguistic/translation services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
69. Meal delivery services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
70. Mobile health services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
71. Neurological services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
72. Nutrition program.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
73. Occupational health services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
74. Oncology services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
75. Orthopedic services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
76. Outpatient surgery.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
77. Pain management program.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
78. Palliative care program.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
79. Palliative care inpatient unit.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
80. Patient controlled analgesia (PCA).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
81. Patient education center.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
82. Patient representative services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
83. Physical rehabilitation services				
a. Assistive technology center.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Electrodiagnostic services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Physical rehabilitation outpatient services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Prosthetic and orthotic services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Robot-assisted walking therapy.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Simulated rehabilitation environment.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
84. Primary care department.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
85. Psychiatric services				
a. Psychiatric consultation-liaison services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Psychiatric pediatric care..... (#Beds_____)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Psychiatric geriatric care..... (#Beds_____)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Psychiatric education services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Psychiatric emergency services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Psychiatric outpatient services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
g. Psychiatric intensive outpatient services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

C. FACILITIES AND SERVICES (continued)

	(1) Owned or provided by my hospital or its subsidiary	(2) Provided by my Health System (in my local community)	(3) Provided through a formal contractual arrangement or joint venture with another provider that is not in my system (in my local community)	(4) Do Not Provide
85. Psychiatric services (continued)				
h. Psychiatric partial hospitalization services – adult.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
i. Psychiatric partial hospitalization services – pediatric.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
j. Psychiatric residential treatment – adult.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
k. Psychiatric residential treatment – pediatric.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
86. Radiology, diagnostic				
a. CT Scanner.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Diagnostic radioisotope facility.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Electron beam computed tomography (EBCT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Full-field digital mammography (FFDM).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Magnetic resonance imaging (MRI).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Intraoperative magnetic resonance imaging.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
g. Magnetoencephalography (MEG).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
h. Multi-slice spiral computed tomography (<64+ slice CT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
i. Multi-slice spiral computed tomography (64+ slice CT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
j. Positron emission tomography (PET).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
k. Positron emission tomography/CT (PET/CT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
l. Single photon emission computerized tomography (SPECT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
m. Ultrasound.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
87. Radiology, therapeutic				
a. Image-guided radiation therapy (IGRT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Intensity-modulated radiation therapy (IMRT).....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Proton beam therapy.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Shaped beam radiation system.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Stereotactic radiosurgery.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
88. Robotic surgery.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
89. Rural health clinic.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
90. Sleep center.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
91. Social work services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
92. Sports medicine.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
93. Support groups.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
94. Swing bed services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
95. Teen outreach services.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
96. Tobacco treatment/cessation program.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
97. Telehealth				
a. Consultation and office visits.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. eICU.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Stroke care.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Psychiatric and addiction treatment.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Remote patient monitoring				
1. Post-discharge.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Ongoing chronic care management.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Other remote patient monitoring.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Other telehealth.....	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

C. FACILITIES AND SERVICES (continued)

8. Foundation	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Other, please specify _____	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

C. FACILITIES AND SERVICES (continued)

107b. For those arrangements reported in 1a, please report the approximate ownership share.

	Hospital ownership share	Physician ownership share	Parent corporation ownership share	Insurance ownership share
1. Independent Practice Association (IPA).....	_____ %	_____ %	_____ %	_____ %
2. Group practice without walls.....	_____ %	_____ %	_____ %	_____ %
3. Open Physician-Hospital Organization (PHO).....	_____ %	_____ %	_____ %	_____ %
4. Closed Physician-Hospital Organization (PHO) ...	_____ %	_____ %	_____ %	_____ %
5. Management Service Organization (MSO)	_____ %	_____ %	_____ %	_____ %
6. Integrated Salary Model.....	_____ %	_____ %	_____ %	_____ %
7. Equity Model	_____ %	_____ %	_____ %	_____ %
8. Foundation	_____ %	_____ %	_____ %	_____ %
9. Other, please specify	_____ %	_____ %	_____ %	_____ %

107c. If the hospital owns physician practices, how are they organized?

	Percent	Number of physicians
1. Solo practice	_____ %	_____
2. Single specialty group	_____ %	_____
3. Multi-specialty group	_____ %	_____

107d. Of the physician practices owned by the hospital, what percentage are primary care? _____ %

107e. Of the physician practices owned by the hospital, what percentage are specialty care? _____ %

108. Looking across all the relationships identified in question 107a, what is the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician? (Arrangement may be any type of ownership.)

_____ Number of physicians

109a. Does your hospital participate in any joint venture arrangements with physicians or physician groups? YES NO

109b. If your hospital participates in any joint ventures with physicians or physician groups, please indicate which types of services are involved in those joint ventures. (Check all that apply)

- 1. Limited service hospital
- 2. Ambulatory surgical centers
- 3. Imaging centers
- 4. Other _____

109c. If you selected '1. Limited service hospital', above, please tell us what type(s) of services are provided. (Check all that apply)

- 1. Cardiac
- 2. Orthopedic
- 3. Surgical
- 4. Other _____

109d. Does your hospital participate in joint venture arrangements with organizations other than physician groups? YES NO

D. INSURANCE AND ALTERNATIVE PAYMENT MODELS

INSURANCE

1. Does your hospital own or jointly own a health plan? Yes No

a. If yes, in what states? States: _____

2. Does your system own or jointly own a health plan? Yes No

a. If yes, in what states? States: _____

3. Does your hospital/system have a significant partnership with an insurer or an insurance company/health plan? Yes No

a. If yes, in what states? States: _____

4. If yes to 1, 2 and/or 3, please indicate the insurance products and the total medical enrollment. (Check all that apply)

Insurance Products	Hospital	System	JV	Medical Enrollment	New Product	No	Do not know
a. Medicare Advantage	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Medicaid Managed Care	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Health Insurance Marketplace ("exchange")	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Other Individual Market	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Small Group	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Large Group	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
g. Other _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If you have answered 'no' to all parts of questions 1, 2 and 3, please skip to question 8.

5. Does your **health plan** make capitated payments to physicians either within or outside of your network for specific groups or enrollees?

- a. Physicians within your network Yes No Do not know
- b. Physicians outside your network Yes No Do not know

6. Does your **health plan** make bundled payments to providers in your network or to outside providers?

- a. Providers within your network Yes No Do not know
- b. Providers outside your network Yes No Do not know

7. Does your **health plan** offer other shared risk contracts to either providers in your network or to outside providers? (i.e., other than capitation or bundled payment.)

- a. Providers within your network Yes No Do not know
- b. Providers outside your network Yes No Do not know

8. Does your hospital or system offer a self-administered health plan for your employees? Yes No

D. INSURANCE AND ALTERNATIVE PAYMENT MODELS (continued)

ALTERNATIVE PAYMENT MODELS

9. What percentage of your **hospital's** patient revenue is paid on a capitated basis? _____%

a. In total, how many enrollees do you serve under capitated contracts? Total enrollees: _____

10. Does your **hospital** participate in any bundled payment arrangements? Yes Did previously but no longer doing so No

If yes, please respond to 10a-10c:

a. With which of the following types of payers does your **hospital** have a bundled payment arrangement? (Check all that apply)

1. Traditional Medicare
2. A Medicare Advantage plan
3. A commercial insurance plan including ACA participants, individual, group or employer markets
4. Medicaid

b. For which of the following medical/surgical conditions does your **hospital** have a bundled payment arrangement? (Check all that apply)

1. Cardiovascular
2. Orthopedic
3. Oncologic
4. Neurology
5. Hematology
6. Gastrointestinal
7. Pulmonary
8. Infectious disease
9. Other, please specify: _____

c. What percentage of the **hospital's** patient revenue is paid through bundled payment arrangements? _____%

11. Does your **hospital** participate in a bundled payment program involving care settings outside of the hospital (e.g., physician, outpatient, post-acute)? Yes No

a. If yes, does your **hospital** share upside or downside risk for any of those outside providers? Yes No

12. What percentage of your **hospital's** patient revenue is paid on a shared risk basis (other than capitated or bundled payments)? _____%

13. Does your **hospital** contract directly with employers or a coalition of employers to provide care on a capitated, predetermined, or shared risk basis? Yes No

14. Does your **hospital** have contracts with commercial payers where payment is tied to performance on quality/safety metrics? Yes No

15a. Has your **hospital** or **health care system** established an accountable care organization (ACO)?

1. My hospital/system currently leads an ACO (**Skip to 15b**)
2. My hospital/system currently participates in an ACO (but is not its leader) (**Skip to 18**)
3. My hospital/system previously led or participated in an ACO but is no longer doing so (**Skip to 16a**)
4. My hospital/system has never participated or led an ACO (**Skip to 17**)

15b. With which of the following types of payers does your hospital/system have an accountable care contract? (Check all that apply)

1. Traditional Medicare (MSSP and NextGen) (**Skip to 15c**)
2. A Medicare Advantage plan (**Skip to 15d**)
3. A commercial insurance plan (including ACO participants, individual, group, and employer markets) (**Skip to 15d**)
4. Medicaid (**Skip to 15d**)

D. INSURANCE AND ALTERNATIVE PAYMENT MODELS (continued)

ALTERNATIVE PAYMENT MODELS

15c. If you selected Traditional Medicare, in which of the following Medicare programs is your hospital/system participating? (Check all that apply)

- 1. MSSP Track 1
- 2. MSSP Track 2
- 3. MSSP Track 3
- 4. MSSP Track 1+
- 5. NextGen
- 6. Comprehensive ESRD Care

15d. What percentage of your hospital's/system's patients are covered by accountable care contracts? _____ %

15e. What percentage of your hospital's/system's patient revenue came from ACO contracts in 2019? _____ % **(Skip to 18)**

16a. In what year did your hospital's/system's last ACO contract end? _____

16b. Which of the following types of payers did your hospital/system have an accountable care contract with? (Check all that apply)

- 1. Traditional Medicare (MSSP and NextGen) **(Skip to 16c)**
- 2. A Medicare Advantage plan **(Skip to 16d)**
- 3. A commercial insurance plan (including ACA participants, individual, group, and employer markets) **(Skip to 16d)**
- 4. Medicaid **(Skip to 18)**

16c. In which of the following Medicare programs did your hospital/system participate? (Check all that apply)

- 1. MSSP Track 1
- 2. MSSP Track 2
- 3. MSSP Track 3
- 4. MSSP Track 1+
- 5. NextGen
- 6. Pioneer
- 7. Comprehensive ESRD Care

16d. How many commercial accountable care contracts has your hospital/system previously been a part of? _____

17. Has your hospital/system ever considered participating in an ACO?

- a. Yes, and we are planning to join one
- b. Yes, but we are not planning to join one
- c. No, we have not even considered it

18. Do any hospitals and/or physician groups with your system, or the system itself, plan to participate in any of the following risk arrangements in the next three years? (Check all that apply)

- a. Shared savings/losses
- b. Bundled payment
- c. Capitation
- d. ACO (ownership)
- e. ACO (joint venture)
- f. Health plan (ownership)
- g. Health plan (joint venture)
- h. Other, please specify: _____
- i. None

19. Does your hospital/system have an established medical home program?

- a. Hospital Yes No
- b. System Yes No

20. Has your hospital/system established a clinically integrated network?

- a. Hospital Yes No
- b. System Yes No

E. TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING

Please report beds, utilization, financial, and staffing data for the 12-month period that is consistent with the period reported on page 1. Report financial data for reporting period only. Include within your operations all activities that are wholly owned by the hospital, including subsidiary corporations regardless of where the activity is physically located. Please do not include within your operations distinct and separate divisions that may be owned by your hospital's parent corporation. If final figures are not available, please estimate. Round to the nearest dollar. Report all personnel who were on the payroll and whose payroll expenses are reported in E3f. (Please refer to specific definitions on pages 28-30.)

Fill out column (2) if hospital owns and operates a nursing home type unit/facility. Column (1) should be the combined total of hospital plus nursing home unit/facility.

1. BEDS AND UTILIZATION

	(1) Total Facility	(2) Nursing Home Unit/Facility
a. Total licensed beds.....	_____	_____
b. Beds set up and staffed for use at the end of the reporting period.....	_____	_____
c. Bassinets set up and staffed for use at the end of the reporting period	_____	_____
d. Births (exclude fetal deaths).....	_____	_____
e. Admissions (exclude newborns; include neonatal & swing admissions).....	_____	_____
f. Inpatient days (exclude newborns; include neonatal & swing days)	_____	_____
g. Emergency department visits.....	_____	_____
h. Total outpatient visits (include emergency department visits & outpatient surgeries)....	_____	_____
i. Inpatient surgical operations	_____	_____
j. Number of operating rooms	_____	_____
k. Outpatient surgical operations	_____	_____

2. MEDICARE/MEDICAID UTILIZATION

	(1) Total Facility	(2) Nursing Home Unit/Facility
a1. Total Medicare (Title XVIII) inpatient discharges (including Medicare Managed Care) ..	_____	_____
a2. How many Medicare inpatient discharges were Medicare Managed Care?.....	_____	_____
b1. Total Medicare (Title XVIII) inpatient days (including Medicare Managed Care).....	_____	_____
b2. How many Medicare inpatient days were Medicare Managed Care?	_____	_____
c1. Total Medicaid (Title XIX) inpatient discharges (including Medicaid Managed Care).....	_____	_____
c2. How many Medicaid inpatient discharges were Medicaid Managed Care?.....	_____	_____
d1. Total Medicaid (Title XIX) inpatient days (including Medicaid Managed Care).....	_____	_____
d2. How many Medicaid inpatient days were Medicaid Managed Care?	_____	_____

3. FINANCIAL

	(1) Total Facility	(2) Nursing Home Unit/Facility
*a. Net patient revenue (treat bad debt as a deduction from gross revenue).....	.00	.00

f. Payroll expense (only)00	.00
g. Employee benefits00	.00
h. Depreciation expense (for reporting period only).....	.00	
i. Interest expense00	
j. Pharmacy expense00	
k. Supply expense (other than pharmacy).....	.00	
l. All other expenses00	
m. TOTAL EXPENSES (add 3f thru 3l. Exclude bad debt)00	.00
n. Do your total expenses (E3.m) reflect full allocation from your corporate office?.....	Yes <input type="checkbox"/>	No <input type="checkbox"/>

E. TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING (continued)

4. REVENUE BY TYPE

*a. Total gross inpatient revenue..... .00
 *b. Total gross outpatient revenue..... .00
 *c. Total gross patient revenue00

5. UNCOMPENSATED CARE & PROVIDER TAXES

*a. Bad debt (Revenue forgone at full established rates. Include in gross revenue.)..... .00
 *b. Financial assistance (Includes charity care) (Revenue forgone at full-established rates. Include in gross revenue.)..... .00
 *c. Is your bad debt (5a) reported on the basis of full charges? Yes No
 *d. Does your state have a provider Medicaid tax/assessment program? Yes No
 *e. If yes, please report the total gross amount paid into the program.00
 *f. Due to differing accounting standards, please indicate whether the provider tax/assessment amount is included in:
 1. Total expenses Yes No
 2. Deductions from net patient revenue Yes No

6. REVENUE BY PAYER (report total facility gross & net figures)

	(1) Gross	(2) Net
*a. GOVERNMENT		
(1) Medicare:		
a) Fee for service patient revenue	<u>.00</u>	<u>.00</u>
b) Managed care revenue	<u>.00</u>	<u>.00</u>
c) Total (a + b)	<u>.00</u>	<u>.00</u>
(2) Medicaid:		
a) Fee for service patient revenue.....	<u>.00</u>	<u>.00</u>
b) Managed care revenue.....	<u>.00</u>	<u>.00</u>
c) Medicaid Graduate Medical Education (GME) payments		<u>.00</u>
d) Medicaid Disproportionate Share Hospital Payments (DSH).....		<u>.00</u>
e) Medicaid Supplemental Payments (not including Medicaid DSH Payments)		<u>.00</u>
f) Other Medicaid		<u>.00</u>
g) Total (a thru f)	<u>.00</u>	<u>.00</u>
(3) Other government		
	<u>.00</u>	<u>.00</u>

c) Total third-party payers (a + b)	<u>.00</u>	<u>.00</u>
(3) All other nongovernment.....		
	<u>.00</u>	<u>.00</u>
*c. TOTAL	<u>.00</u>	<u>.00</u>

(Total gross should equal 4c on page 13. Total net should equal 3a on page 12.)

	(1) Inpatient	(2) Outpatient
*d. If you report Medicaid Supplemental Payments on line 6.a(2)e, please break the payment total into inpatient and outpatient care.	<u>.00</u>	<u>.00</u>
*e. If you are a government owned facility (control codes 12-16), does your facility participate in the Medicaid intergovernmental transfer or certified public expenditures program?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
	(1) Gross	(2) Net
*f. If yes, please report gross and net revenue.	<u>.00</u>	<u>.00</u>

Are the financial data on pages 12-14 from your audited financial statement?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
---	------------------------------	-----------------------------

E. TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING (continued)

7. FINANCIAL PERFORMANCE – MARGIN

- *a. Total Margin _____ %
- *b. Operating Margin _____ %
- *c. EBITDA Margin _____ %
- *d. Medicare Margin _____ %
- *e. Medicaid Margin _____ %

8. FIXED ASSETS

- a. Property, plant and equipment at cost..... _____ .00
- b. Accumulated depreciation..... _____ .00
- c. Net property, plant and equipment (a–b)..... _____ .00
- d. Total gross square feet of your physical plant used for or in support of your healthcare activities..... _____

9. TOTAL CAPITAL EXPENSES

Include all expenses used to acquire assets, including buildings, remodeling projects, equipment, or property _____ .00

10. INFORMATION TECHNOLOGY AND CYBERSECURITY

- a. IT operating expense _____ .00
- b. IT capital expense _____ .00
- c. Number of employed IT staff (in FTEs) _____
- d. Number of outsourced IT staff (in FTEs) _____
- *e. What percentage of your IT budget is spent on security? _____ %

*f. Which of the following cybersecurity measures does your hospital or health system currently deploy? (check all that apply)

- 1. Annual risk assessment.....
- 2. Incident response plan
- 3. Intrusion detection systems
- 4. Mobile device encryption
- 5. Mobile device data wiping.....
- 6. Penetration testing to identify security vulnerabilities
- 7. Strong password requirements
- 8. Two-factor authentication

*g. Does your hospital or health system board oversight of risk management and reduction specifically include consideration of cybersecurity risk? Yes No Unsure

*h. Does your hospital or health system have cybersecurity insurance? Yes No Unsure

*i. Is your hospital or health system participating in cybersecurity information-sharing activities with an outside information sharing and analysis organization to identify threats and vulnerabilities? Yes No Unsure

* These data will be treated as confidential and not released without written permission. AHA will however, share these data with your respective state hospital association and, if requested, with your appropriate metropolitan/regional association.

For members of the Catholic Health Association of the United States (CHA), AHA will also share these data with CHA unless there are objections expressed by checking this box

The state/metropolitan/regional associations and CHA may not release these data without written permission from the hospital.

E. TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING (continued)

11. STAFFING

Report full-time (35 hours or more) and part-time (less than 35 hours) personnel who were on the hospital/facility **payroll at the end of your reporting period**. Include members of religious orders for whom dollar equivalents were reported. Exclude private-duty nurses, volunteers, and all personnel whose salary is financed entirely by outside research grants. Exclude physicians and dentists who are paid on a fee basis. **FTE** is the total number of hours **worked** (excluding non-worked hours such as PTO, etc.) by all employees over the full (12 month) reporting period divided by the normal number of hours worked by a full-time employee for that same time period. For example, if your hospital considers a normal workweek for a full-time employee to be 40 hours, a total of 2,080 would be worked over a full year (52 weeks). If the total number of hours worked by all employees on the payroll is 208,000, then the number of Full-Time Equivalents (FTE) is 100 (employees). The FTE calculation for a specific occupational category such as registered nurses is exactly the same. The calculation for each occupational category should be based on the number of hours worked by staff employed in that specific category.

For each occupational category, please report the number of staff vacancies as of the last day of your reporting period. A vacancy is defined as a budgeted staff position which is unfilled as of the last day of the reporting period and for which the hospital is actively seeking either a full-time or part-time permanent replacement. Personnel who work in more than one area should be included only in the category of their primary responsibility and should be counted only once.

	(1) Full-Time (35 hr/wk or more) On Payroll (Headcount)	(2) Part-Time (Less than 35hr/wk) On Payroll (Headcount)	(3) FTE	(4) Vacancies (Headcount)
a. Physicians	_____	_____	_____	_____
b. Dentists	_____	_____	_____	_____
c. Medical residents/interns.....	_____	_____	_____	_____
d. Dental residents/interns.....	_____	_____	_____	_____
e. Other trainees	_____	_____	_____	_____
f. Registered nurses	_____	_____	_____	_____
g. Licensed practical (vocational) nurses.....	_____	_____	_____	_____
h. Nursing assistive personnel.....	_____	_____	_____	_____
i. Radiology technicians	_____	_____	_____	_____
j. Laboratory technicians	_____	_____	_____	_____
k. Pharmacists licensed	_____	_____	_____	_____
l. Pharmacy technicians	_____	_____	_____	_____
m. Respiratory therapists	_____	_____	_____	_____
n. All other personnel	_____	_____	_____	_____
o. Total facility personnel (add 11a through 11n).....	_____	_____	_____	_____
(Total facility personnel (a-n) should include hospital and nursing home type unit/facility, if applicable.				
Nursing home type unit/facility personnel should also be reported separately in 11p and 11q.)				
p. Nursing home type unit/facility registered nurses.....	_____	_____	_____	_____
q. Total nursing home type unit/facility personnel	_____	_____	_____	_____
r. For your employed RN FTEs reported above (E.11.f, column 3) please report the number of full-time equivalents who are involved in direct patient care.			_____	Number of direct patient care FTEs
s. For your medical residents/interns reported above (E.11c. column 1) please indicate the number of full-time on payroll.by specialty.			Full-Time (35 hr/wk or more) On Payroll	
1. Primary care (general practitioner, general internal medicine, family practice, general pediatrics, geriatrics)			_____	
2. Other specialties			_____	

E. TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING (continued)

12. PRIVILEGED PHYSICIANS

Report the total number of physicians with privileges at your hospital by type of relationship with the hospital. The sum of the physicians reported in 12a-12g should equal the total number of privileged physicians (12h) in the hospital.

	(1) Total Employed	(2) Total Individual Contract	(3) Total Group Contract	(4) Not Employed or Under Contract	(5) Total Privileged (add columns 1-4)
a. Primary care (general practitioner, general internal medicine, family practice, general pediatrics).....	_____	_____	_____	_____	_____
b. Obstetrics/gynecology	_____	_____	_____	_____	_____
c. Emergency medicine	_____	_____	_____	_____	_____
d. Hospitalist.....	_____	_____	_____	_____	_____
e. Intensivist	_____	_____	_____	_____	_____
f. Radiologist/pathologist/anesthesiologist	_____	_____	_____	_____	_____
g. Other specialist.....	_____	_____	_____	_____	_____
h. Total (add 12a-12g).....	_____	_____	_____	_____	_____

13. HOSPITALISTS

- a. Do hospitalists provide care for patients in your hospital? (if no, please skip to 14)..... Yes No (If yes, please report in E.12d)
- b. If yes, please report the total number of full-time equivalent (FTE) hospitalists _____ FTE

14. INTENSIVISTS

- a. Do intensivists provide care for patients in your hospital? (if no, please skip to 15)..... Yes No (If yes, please report in E.12.e)
- b. If yes, please report the total number of FTE intensivists and assign them to the following areas. Please indicate whether the intensive care area is closed to intensivists. (Meaning that only intensivists are authorized to care for ICU patients.)

	FTE	Closed to Intensivists
1. Medical-surgical intensive care	_____	<input type="checkbox"/>
2. Cardiac intensive care	_____	<input type="checkbox"/>
3. Neonatal intensive care	_____	<input type="checkbox"/>
4. Pediatric intensive care	_____	<input type="checkbox"/>
5. Other intensive care	_____	<input type="checkbox"/>
6. Total	_____	

15. ADVANCED PRACTICE REGISTERED NURSES/PHYSICIAN ASSISTANTS

- a. Do advanced practice nurses/physician assistants provide care for patients in your hospital? (If no, please skip to 16) YES NO
- b. If yes, please report the number of full time, part time and FTE advanced practice nurses and physician assistants who provide care for patients in your hospital.
- Advanced Practice Registered Nurses _____ Full-time _____ Part-time _____ FTE
- Physician Assistants _____ Full-time _____ Part-time _____ FTE
- c. If yes, please indicate the type of service provided. (check all that apply)
1. Primary care 2. Anesthesia services (Certified registered nurse anesthetist) 3. Emergency department care
4. Other specialty care 5. Patient education 6. Case management 7. Other

16. FOREIGN EDUCATED NURSES

- a. Did your facility hire more foreign-educated nurses (including contract or agency nurses) to help fill RN vacancies in 2019 vs. 2018?
- More Less Same Did not hire foreign nurses
- b. From which countries/continents are you recruiting foreign-educated nurses? (check all that apply)
- África South Korea Canada Philippines China India Other

F. SUPPLEMENTAL INFORMATION

1a. Does your hospital provide services through satellite outpatient departments? Yes No

1b. Please indicate the clinical families of outpatient services offered along with the number of hospital outpatient sites by location.

		Number of on-campus sites	Number of off-campus sites
1. Airway endoscopy	<input type="checkbox"/>	_____	_____

2. Does the hospital participate in a group purchasing arrangement? YES NO

If yes, please provide the name, city, and state of the group purchasing organization(s).

Name: _____ City: _____ State: _____

Name: _____ City: _____ State: _____

Name: _____ City: _____ State: _____

3. Does the hospital purchase medical/surgical supplies directly through a distributor? YES NO

If yes, please provide the name of the distributor(s).

Name: _____

Name: _____

Name: _____

SECTION A
REPORTING PERIOD
Instructions

INSTRUCTIONS AND DEFINITIONS FOR THE 2018 ANNUAL SURVEY OF HOSPITALS.

For purposes of this survey, a hospital is defined as the organization or corporate entity licensed or registered as a hospital by a state to provide diagnostic and therapeutic patient services for a variety of medical conditions, both surgical and nonsurgical.

1. **Reporting period used (beginning and ending date):** Record the beginning and ending dates of the reporting period in an eight-digit number: for example, January 1, 2019 should be shown as 01/01/2019. Number of days should equal the time span between the two dates that the hospital was open. If you are reporting for less than 365 days, utilization and finances should be presented for days reported only.
2. **Were you in operation 12 full months at the end of your reporting period?** If you are reporting for less than 365 days, utilization and finances should be presented for days reported only.
3. **Number of days open during reporting period:** Number of days should equal the time span between the two dates that the hospital was open.

SECTION B
ORGANIZATIONAL STRUCTURE
Instructions and Definitions

1. CONTROL

Check the box to the left of the type of organization that is responsible for establishing policy for overall operation of the hospital.

Government, nonfederal.

State. Controlled by an agency of state government.

County. Controlled by an agency of county government.

City. Controlled by an agency of municipal government.

City-County. Controlled jointly by agencies of municipal and county governments.

Hospital district or authority. Controlled by a political subdivision of a state, county, or city created solely for the purpose of establishing and maintaining medical care or health-related care institutions.

Nongovernment, not for profit. Controlled by not-for-profit organizations, including religious organizations (Catholic hospitals, for example), community hospitals, cooperative hospitals, hospitals operated by fraternal societies, and so forth.

Investor owned, for profit. Controlled on a for profit basis by an individual, partnership, or a profit making corporation.

Government, federal. Controlled by an agency or department of the federal government.

2. SERVICE

Indicate the ONE category that best describes the type of service that your hospital provides to the majority of patients.

General medical and surgical. Provides diagnostic and therapeutic services to patients for a variety of medical conditions, both surgical and nonsurgical.

Hospital unit of an institution. Provides diagnostic and therapeutic services to patients in an institution.

Hospital unit within a facility for persons with intellectual disabilities. Provides diagnostic and therapeutic services to persons with intellectual disabilities.

Surgical. An acute care specialty hospital where 2/3 or more of its inpatient claims are for surgical/diagnosis related groups.

Psychiatric. Provides diagnostic and therapeutic services to patients with mental or emotional disorders.

Tuberculosis and other respiratory diseases. Provides medical care and rehabilitative services to patients for whom the primary diagnosis is tuberculosis or other respiratory diseases.

Cancer. Provides medical care to patients for whom the primary diagnosis is cancer.

Heart. Provides diagnosis and treatment of heart disease.

Obstetrics and gynecology. Provides medical and surgical treatment to pregnant women and to mothers following delivery. Also provides diagnostic and therapeutic services to women with diseases or disorders of the reproductive organs.

Eye, ear, nose, and throat. Provides diagnosis and treatment of diseases and injuries of the eyes, ears, nose, and throat.

Rehabilitation. Provides a comprehensive array of restoration services for people with disabilities and all support services necessary to help them attain their maximum functional capacity.

Orthopedic. Provides corrective treatment of deformities, diseases, and ailments of the locomotive apparatus, especially affecting the limbs, bones, muscles, and joints.

Chronic disease. Provides medical and skilled nursing services to patients with long-term illnesses who are not in an acute phase, but who require an intensity of services not available in nursing homes.

Intellectual disabilities. Provides health-related care on a regular basis to patients with developmental or intellectual disabilities who cannot be treated in a skilled nursing unit.

Acute long-term care hospital. Provides high acuity interdisciplinary services to medically complex patients that require more intensive recuperation and care than can be provided in a typical nursing facility.

Alcoholism and other chemical dependency. Provides diagnostic and therapeutic services to patients with alcoholism or other drug dependencies.

3. OTHER

a. **Children admissions.** A hospital whose primary focus is the health and treatment of children and adolescents.

b. **Subsidiary.** A company that is wholly controlled by another or one that is more than 50% owned by another organization.

c. **Contract managed.** General day-to-day management of an entire organization by another organization under a formal contract. Managing organization reports directly to the board of trustees or owners of the managed organization; managed organization retains total legal responsibility and ownership of the facility's assets and liabilities.

d. **Physician group.** Cooperative practice of medicine by a group of physicians, each of whom as a rule specializes in some particular field.

f. **Co-located hospitals.** Co-location refers to two or more entities, with separate CMS Certification Numbers occupying the same building, or conjoined buildings.

SECTION C
FACILITIES AND SERVICES
Definitions

Owned/provided by the hospital or its subsidiary. All patient revenues, expenses and utilization related to the provision of the service are reflected in the hospital's statistics reported elsewhere in this survey.

Provided by my health system (in my local community). Another health care provider in the same system as your hospital provides the service and patient revenue, expenses, and utilization related to the provision of the service are recorded at the point where the service was provided and would not be reflected in your hospital's statistics reported elsewhere in this survey. (A system is a corporate body that owns, leases, religiously sponsors and/or manages health providers)

Provided through a partnership or joint venture with another provider that is not in my system. All patient revenues and utilization related to the provision of the service are recorded at the site where the service was provided and would not be reflected in your hospital statistics reported elsewhere in this survey. (A joint venture is a contractual arrangement between two or more parties forming an unincorporated business. The participants in the arrangement remain independent and separate outside of the venture's purpose.)

1. **General medical-surgical care.** Provides acute care to patients in medical and surgical units on the basis of physicians' orders and approved nursing care plans.
2. **Pediatric medical-surgical care.** Provides acute care to pediatric patients on the basis of physicians' orders and approved nursing care plans.
3. **Obstetrics.** For service owned or provided by the hospital, level should be designated: (1) unit provides services for uncomplicated maternity and newborn cases; (2) unit provides services for uncomplicated cases, the majority of complicated problems, and special neonatal services; and (3) unit provides services for all serious illnesses and abnormalities and is supervised by a full-time maternal/fetal specialist.
4. **Medical-surgical intensive care.** Provides patient care of a more intensive nature than the usual medical and surgical care, on the basis of physicians' orders and approved nursing care plans. These units are staffed with specially trained nursing personnel and contain monitoring and specialized support equipment for patients who because of shock, trauma or other life-threatening conditions require intensified comprehensive observation and care. Includes mixed intensive care units.
5. **Cardiac intensive care.** Provides patient care of a more specialized nature than the usual medical and surgical care, on the basis of physicians' orders and approved nursing care plans. The unit is staffed with specially trained nursing personnel and contains monitoring and specialized support or treatment equipment for patients who, because of heart seizure, open-heart surgery, or other life-threatening conditions, require intensified, comprehensive observation and care. May include myocardial infarction, pulmonary care, and heart transplant units.
6. **Neonatal intensive care.** A unit that must be separate from the newborn nursery providing intensive care to all sick infants including those with the very lowest birth weights (less than 1500 grams). NICU has potential for providing mechanical ventilation, neonatal surgery, and special care for the sickest infants born in the hospital or transferred from another institution. A full-time neonatologist serves as director of the NICU.
7. **Neonatal intermediate care.** A unit that must be separate from the normal newborn nursery and that provides intermediate and/or recovery care and some specialized services, including immediate resuscitation, intravenous therapy, and capacity for prolonged oxygen therapy and monitoring.
8. **Pediatric intensive care.** Provides care to pediatric patients that is of a more intensive nature than that usually provided to pediatric Patients. The unit is staffed with specially trained personnel and contains monitoring and specialized support equipment for treatment of patients who, because of shock, trauma, or other life-threatening conditions, require intensified, comprehensive observation and care.
9. **Burn care.** Provides care to severely burned patients. Severely burned patients are those with any of the following: (1) second-degree burns of more than 25% total body surface area for adults or 20% total body surface area for children; (2) third-degree burns of more than 10% total body surface area; (3) any severe burns of the hands, face, eyes, ears, or feet; or (4) all inhalation injuries, electrical burns, complicated burn injuries involving fractures and other major traumas, and all other poor risk factors.
10. **Other special care.** Provides care to patients requiring care more intensive than that provided in the acute area, yet not sufficiently intensive to require admission to an intensive care unit. Patients admitted to this area are usually transferred here from an intensive care unit once their condition has improved. These units are sometimes referred to as definitive observation, step-down or progressive care units.
11. **Other intensive care.** A specially staffed, specialty equipped, separate section of a hospital dedicated to the observation, care, and treatment of patients with life-threatening illnesses, injuries, or complications from which recovery is possible. It provides special expertise and facilities for the support of vital function and utilizes the skill of medical nursing and other staff experienced in the management of these problems.
12. **Physical rehabilitation.** Provides care encompassing a comprehensive array of restoration services for people with disabilities and all support services necessary to help patients attain their maximum functional capacity.
13. **Alcoholism-chemical dependency care.** Provides diagnosis and therapeutic services to patients with alcoholism or other drug dependencies. Includes care for inpatient/residential treatment for patients whose course of treatment involves more intensive care than provided in an outpatient setting or where patient requires supervised withdrawal.
14. **Psychiatric care.** Provides acute or long-term care to patients with mental or emotional disorders, including patients admitted for diagnosis and those admitted for treatment of psychiatric disorders, on the basis of physicians' orders and approved nursing care plans. Long-term care may include intensive supervision to persons with chronic/severe mental illness.
15. **Skilled nursing care.** Provides non-acute medical and skilled nursing care services, therapy, and social services under the supervision of a licensed registered nurse on a 24-hour basis.
16. **Intermediate nursing care.** Provides health-related services (skilled nursing care and social services) to residents with a variety of physical conditions or functional disabilities. These residents do not require the care provided by a hospital or skilled nursing facility, but do need supervision and support services.
17. **Acute long-term care.** Provides specialized acute hospital care to medically complex patients who are critically ill, have multisystem complications and/or failure, and require hospitalization averaging 25 days, in a facility offering specialized treatment programs and therapeutic intervention on a 24-hour/7 days a week basis.
18. **Other long-term care.** Provision of long-term care other than skilled nursing care or intermediate care for those who do not require daily medical or nursing services, but may requires some assistance in the activities of daily living. This can include residential care, elderly care, or care facilities for those with developmental or intellectual disabilities.
19. **Other care.** (specify) Any type of care other than those listed above.
The sum of the beds reported in Section C 1-19 should equal what you have reported in Section E(1b) for beds set up and staffed.
20. **Adult day care program.** Program providing supervision, medical and psychological care, and social activities for older adults who live at home or in another family setting, but cannot be alone or prefer to be with others during the day. May include intake assessment, health monitoring, occupational therapy, personal care, noon meal, and transportation services.
21. **Airborne infection isolation room.** A single-occupancy room for patient care where environmental factors are controlled in an effort to minimize the transmission of those infectious agents, usually spread person to person by droplet nuclei associated with coughing and inhalation. Such rooms typically have specific ventilation requirements for controlled ventilation, air pressure and filtration.

22. Alcoholism-chemical dependency care services.

a. Alcoholism-chemical dependency pediatric care services. Provides diagnosis and therapeutic services to pediatric patients with alcoholism or other drug dependencies. Includes care for inpatient/residential treatment for patients whose course of treatment involves more intensive care than provided in an outpatient setting or where patient requires supervised withdrawal. Please report staffed beds. The beds reported here should also be reported under 13, alcoholism-chemical dependency care. This line item should be a breakout of the pediatric beds only.

b. Alcoholism-chemical dependency outpatient services. Organized hospital services that provide medical care and/or rehabilitative treatment services to outpatients for whom the primary diagnosis is alcoholism or other chemical dependency.

c. Alcoholism-chemical dependency partial hospitalization services. Organized hospital services providing intensive day/evening outpatient services of three hour or more duration, distinguished from other outpatient visits of one hour.

23. Alzheimer center. Facility that offers care to persons with Alzheimer's disease and their families through an integrated program of clinical services, research, and education.

24. Ambulance services. Provision of ambulance service to the ill and injured who require medical attention on a scheduled and unscheduled basis.

25. Air ambulance services. Aircraft and especially a helicopter equipped for transporting the injured or sick. Most air ambulances carry critically ill or injured patients, whose condition could rapidly change for the worse.

26. Ambulatory surgery center. Facility that provides care to patients requiring surgery that are admitted and discharged on the same day. Ambulatory surgery centers are distinct from same day surgical units within the hospital outpatient departments for purposes of Medicare payment.

27. Arthritis treatment center. Specifically equipped and staffed center for the diagnosis and treatment of arthritis and other joint disorders.

28. Auxiliary. A volunteer community organization formed to assist the hospital in carrying out its purpose and to serve as a link between the institution and the community.

29. Bariatric/weight control services. The medical practice of weight reduction.

30. Birthing room/LDR room/LDRP room. A single-room type of maternity care with a more homelike setting for families than the traditional three-room unit (labor/delivery/recovery) with a separate postpartum area. A birthing room combines labor and delivery in one room. An LDR room accommodates three stages in the birthing process--labor, delivery, and recovery. An LDRP room accommodates all four stages of the birth process--labor, delivery, recovery, and postpartum.

31. Blood donor center. A facility that performs, or is responsible for the collection, processing, testing or distribution of blood and components.

32. Breast cancer screening/mammograms. Mammography screening - The use of breast x-ray to detect unsuspected breast cancer in asymptomatic women. Diagnostic mammography - The x-ray imaging of breast tissue in symptomatic women who are considered to have a substantial likelihood of having breast cancer already.

33. Cardiology and cardiac surgery services. Services which include the diagnosis and treatment of diseases and disorders involving the heart and circulatory system.

a-b. Cardiology services. An organized clinical service offering diagnostic and interventional procedures to manage the full range of heart conditions.

c-d. Diagnostic catheterization. (also called coronary angiography or coronary arteriography) is used to assist in diagnosing complex heart conditions. Cardiac angiography involves the insertion of a tiny catheter into the artery in the groin then carefully threading the catheter up into the aorta where the coronary arteries originate. Once the catheter is in place, a dye is injected which allows the cardiologist to see the size, shape, and distribution of the coronary arteries. These images are used to diagnose heart disease and to determine, among other things, whether or not surgery is indicated.

e-f. Interventional cardiac catheterization. Nonsurgical procedure that utilizes the same basic principles as diagnostic catheterization and then uses advanced techniques to improve the heart's function. It can be a less invasive alternative to heart surgery.

g-h. Cardiac surgery. Includes minimally invasive procedures that include surgery done with only a small incision or no incision at all, such as through a laparoscope or an endoscope and more invasive major surgical procedures that include open chest and open heart surgery.

i-j. Cardiac electrophysiology. Evaluation and management of patients with complex rhythm or conduction abnormalities, including diagnostic testing, treatment of arrhythmias by catheter ablation or drug therapy, and pacemaker/defibrillator implantation and follow-up.

k. Cardiac rehabilitation. A medically supervised program to help heart patients recover quickly and improve their overall physical and mental functioning. The goal is to reduce risk of another cardiac event or to keep an already present heart condition from getting worse. Cardiac rehabilitation programs include: counseling to patients, an exercise program, helping patients modify risk factors such as smoking and high blood pressure, providing vocational guidance to enable the patient to return to work, supplying information on physical limitations and lending emotional support.

34. Case management. A system of assessment, treatment planning, referral and follow-up that ensures the provision of comprehensive and continuous services and the coordination of payment and reimbursement for care.

35. Chaplaincy/pastoral care services. A service ministering religious activities and providing pastoral counseling to patients, their families, and staff of a health care organization.

36. Chemotherapy. An organized program for the treatment of cancer by the use of drugs or chemicals.

37. Children's wellness program. A program that encourages improved health status and a healthful lifestyle of children through health education, exercise, nutrition and health promotion.

38. Chiropractic services. An organized clinical service including spinal manipulation or adjustment and related diagnostic and therapeutic services.

39. Community outreach. A program that systematically interacts with the community to identify those in need of services, alerting persons and their families to the availability of services, locating needed services, and enabling persons to enter the service delivery system.

40. Complementary and alternative medicine services. Organized hospital services or formal arrangements to providers that provide care or treatment not based solely on traditional western allopathic medical teachings as instructed in most U.S. medical schools. Includes any of the following: acupuncture, chiropractic, homeopathy, osteopathy, diet and lifestyle changes, herbal medicine, massage therapy, etc.

41. Computer assisted orthopedic surgery (CAOS). Orthopedic surgery using computer technology, enabling three-dimensional graphic models to visualize a patient's anatomy.

42. Crisis prevention. Services provided in order to promote physical and mental wellbeing and the early identification of disease and ill health prior to the onset and recognition of symptoms so as to permit early treatment.

43. Dental services. An organized dental service or dentists on staff, not necessarily involving special facilities, providing dental or oral services to inpatients or outpatients.

44. Diabetes prevention program. Program to prevent or delay the onset of type 2 diabetes by offering evidence-based lifestyle changes based on research studies, which showed modest behavior changes helped individuals with prediabetes reduce their risk of developing type 2 diabetes.

45. Emergency services. Health services that are provided after the onset of a medical condition that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a prudent layperson, who possesses an average knowledge of health and medicine, to result in placing the patient's health in serious jeopardy.

a. On-campus emergency department. Hospital facilities for the provision of unscheduled outpatient services to patients whose conditions require immediate care.

b. Off-campus emergency department. A facility owned and operated by the hospital but physically separate from the hospital for the provision of unscheduled outpatient services to patients whose conditions require immediate care. A freestanding ED is not physically connected to a hospital but has all the necessary emergency staffing and equipment on site.

- c. Pediatric emergency department.** A recognized hospital emergency department capable of identifying those pediatric patients who are critically ill or injured, stabilizing pediatric patients, including the management of airway, breathing and circulation and providing an appropriate transfer to a definitive care facility.
- d. Trauma center (certified).** A facility to provide emergency and specialized intensive care to critically ill and injured patients. For service owned or provided by the hospital, please specify trauma level. Level 1: A regional resource trauma center, which is capable of providing total care for every aspect of injury and plays a leadership role in trauma research and education. Level 2: A community trauma center, which is capable of providing trauma care to all but the most severely injured patients who require highly specialized care. Level 3: A rural trauma hospital, which is capable of providing care to a large number of injury victims and can resuscitate and stabilize more severely injured patients so that they can be transported to level 1 or 2 facilities.
- 46. Enabling services.** A program that is designed to help the patient access health care services by offering any of the following: transportation services and/or referrals to local social services agencies.
- 47. Endoscopic services.**
- a. Optical colonoscopy.** An examination of the interior of the colon using a long, flexible, lighted tube with a small built-in camera.
 - b. Endoscopic ultrasound.** Specially designed endoscope that incorporates an ultrasound transducer used to obtain detailed images of organs in the chest and abdomen. The endoscope can be passed through the mouth or the anus. When combined with needle biopsy the procedure can assist in diagnosis of disease and staging of cancer.
 - c. Ablation of Barrett's esophagus.** Premalignant condition that can lead to adenocarcinoma of the esophagus. The nonsurgical ablation of premalignant tissue in Barrett's esophagus by the application of thermal energy or light through an endoscope passed from the mouth into the esophagus.
 - d. Esophageal impedance study.** A test in which a catheter is placed through the nose into the esophagus to measure whether gas or liquids are passing from the stomach into the esophagus and causing symptoms.
 - e. Endoscopic retrograde cholangiopancreatography (ERCP).** A procedure in which a catheter is introduced through an endoscope into the bile ducts and pancreatic ducts. Injection of contrast material permits detailed x-ray of these structures. The procedure is used diagnostically as well as therapeutically to relieve obstruction or remove stones.
- 48. Enrollment (insurance) assistance services.** A program that provides enrollment assistance for patients who are potentially eligible for public health insurance programs such as Medicaid, State Children's Health Insurance, or local/state indigent care programs. The specific services offered could include explanation of benefits, assist applicants in completing the application and locating all relevant documents, conduct eligibility interviews, and/or forward applications and documentation to state/local social service or health agency.
- 49. Employment support services.** Services designed to support individuals with significant disabilities to seek and maintain employment.
- 50. Extracorporeal shock wave lithotripter (ESWL).** A medical device used for treating stones in the kidney or urethra. The device disintegrates kidney stones noninvasively through the transmission of acoustic shock waves directed at the stones.
- 51. Fertility clinic.** A specialized program set in an infertility center that provides counseling and education as well as advanced reproductive techniques such as: injectable therapy, reproductive surgeries, treatment for endometriosis, male factor infertility, tubal reversals, in vitro fertilization (IVF), donor eggs, and other such services to help patients achieve successful pregnancies.
- 52. Fitness center.** Provides exercise, testing, or evaluation programs and fitness activities to the community and hospital employees.
- 53. Freestanding outpatient care center.** A facility owned and operated by the hospital that is physically separate from the hospital and provides various medical treatments and diagnostic services on an outpatient basis only. Laboratory and radiology services are usually available.
- 54. Geriatric services.** The branch of medicine dealing with the physiology of aging and the diagnosis and treatment of disease affecting the aged. Services could include: adult day care; Alzheimer's diagnostic-assessment services; comprehensive geriatric assessment; emergency response system; geriatric acute care unit; and/or geriatric clinics.
- 55. Health fair.** Community health education events that focus on the prevention of disease and promotion of health through such activities as audiovisual exhibits and free diagnostic services.
- 56. Community health education.** Education that provides health information to individuals and populations as well as support for personal, family and community health decisions with the objective of improving health status.
- 57. Genetic testing/counseling.** A service equipped with adequate laboratory facilities and directed by a qualified physician to advise patients on potential genetic diagnosis of vulnerabilities to inherited diseases. A genetic test is the analysis of human DNA, RNA, chromosomes, proteins, and certain metabolites in order to detect heritable disease-related genotypes, mutations, phenotypes, or karyotypes for clinical purposes. Genetic tests can have diverse purposes, including the diagnosis of genetic diseases in newborns, children, and adults; the identification of future health risks; the prediction of drug responses; and the assessment of risks to future children.
- 58. Health screening.** A preliminary procedure such as a test or examination to detect the most characteristic sign or signs of a disorder that may require further investigation.
- 59. Health research.** Organized hospital research program in any of the following areas: basic research, clinical research, community health research, and/or research on innovative health care delivery.
- 60. Hemodialysis.** Provision of equipment and personnel for the treatment of renal insufficiency on an inpatient or outpatient basis.
- 61. HIV/AIDS services.** Diagnosis, treatment, continuing care planning, and counseling services for HIV/AIDS patients and their families. Could include: HIV/AIDS unit, special unit or designated team, general inpatient care, or specialized outpatient program.
- 62. Home health services.** Service providing nursing, therapy, and health-related homemaker or social services in the patient's home.
- 63. Hospice.** A program providing palliative care, chiefly medical relief of pain and supportive services, addressing the emotional, social, financial, and legal needs of terminally ill patients and their families. Care can be provided in a variety of settings, both inpatient and at home.
- 64. Hospital-based outpatient care center-services.** Organized hospital health care services offered by appointment on an ambulatory basis. Services may include outpatient surgery, examination, diagnosis, and treatment of a variety of medical conditions on a nonemergency basis, and laboratory and other diagnostic testing as ordered by staff or outside physician referral.
- 65a. Assisted living.** A special combination of housing, supportive services, personalized assistance and health care designed to respond to the individual needs of those who need help in activities of daily living and instrumental activities of daily living. Supportive services are available, 24 hours a day, to meet scheduled and unscheduled needs, in a way that promotes maximum independence and dignity for each resident and encourages the involvement of a resident's family, neighbor and friends.
- 65b. Retirement housing.** A facility that provides social activities to senior citizens, usually retired persons, who do not require health care but some short-term skilled nursing care may be provided. A retirement center may furnish housing and may also have acute hospital and long-term care facilities, or it may arrange for acute and long-term care through affiliated institutions.
- 65c. Supportive housing services.** A hospital program that provides decent, safe, affordable, community-based housing with flexible support services designed to help the individual or family stay housed and live a more productive life in the community.
- 66. Immunization program.** Program that plans, coordinates and conducts immunization services in the community.
- 67. Indigent care clinic.** Health care services for uninsured and underinsured persons where care is free of charge or charged on a sliding scale. This would include "free clinics" staffed by volunteer practitioners, but could also be staffed by employees with the sponsoring health care organization subsidizing the cost of service.
- 68. Linguistic/translation services.** Services provided by the hospital designed to make health care more accessible to non-English speaking patients and their physicians.

- 69. Meal delivery services.** A hospital sponsored program which delivers meals to people, usually the elderly, who are unable to prepare their own meals. Low cost, nutritional meals are delivered to individuals' homes on a regular basis.
- 70. Mobile health services.** Vans and other vehicles used for delivery of primary care services.
- 71. Neurological services.** Services provided by the hospital dealing with the operative and nonoperative management of disorders of the central, peripheral, and autonomic nervous systems.
- 72. Nutrition programs.** Services within a health care facility which are designed to provide inexpensive, nutritionally sound meals to patients.
- 73. Occupational health services.** Includes services designed to protect the safety of employees from hazards in the work environment.
- 74. Oncology services.** Inpatient and outpatient services for patients with cancer, including comprehensive care, support and guidance in addition to patient education and prevention, chemotherapy, counseling and other treatment methods.
- 75. Orthopedic services.** Services provided for the prevention or correction of injuries or disorders of the skeletal system and associated muscles, joints and ligaments.
- 76. Outpatient surgery.** Scheduled surgical services provided to patients who do not remain in the hospital overnight. The surgery may be performed in operating suites also used for inpatient surgery, specially designated surgical suites for outpatient surgery, or procedure rooms within an outpatient care facility.
- 77. Pain management program.** A recognized clinical service or program providing specialized medical care, drugs or therapies for the management of acute or chronic pain and other distressing symptoms, administered by specially trained physicians and other clinicians, to patients suffering from acute illnesses of diverse causes.
- 78. Palliative care program.** An organized program providing specialized medical care, drugs or therapies for the management of acute or chronic pain and/or the control of symptoms administered by specially trained physicians and other clinicians; and supportive care services, such as counseling on advanced directives, spiritual care, and social services, to patients with advanced diseases and their families.
- 79. Palliative care inpatient unit.** An inpatient palliative care ward is a physically discreet, inpatient nursing unit where the focus is palliative care. The patient care focus is on symptom relief for complex patients who may be continuing to undergo primary treatment. Care is delivered by palliative medicine specialists.
- 80. Patient controlled analgesia (PCA).** Intravenously administered pain medicine under the patient's control. The patient has a button on the end of a cord than can be pushed at will, whenever more pain medicine is desired. This button will only deliver more pain medicine at predetermined intervals, as programmed by the doctor's order.
- 81. Patient education center.** Written goals and objectives for the patient and/or family related to therapeutic regimens, medical procedures, and self-care.
- 82. Patient representative services.** Organized hospital services providing personnel through whom patients and staff can seek solutions to institutional problems affecting the delivery of high quality care and services.
- 83. Physical rehabilitation services.** Program providing medical, health-related, therapy, social, and/or vocational services to help people with disabilities attain or retain their maximum functional capacity.
- a. Assistive technology center.** A program providing access to specialized hardware and software with adaptations allowing individuals greater independence with mobility, dexterity, or increased communication options.
 - b. Electrodiagnostic services.** Diagnostic testing services for nerve and muscle function such as nerve conduction studies and needle electromyography.
 - c. Physical rehabilitation outpatient services.** Outpatient program providing medical, health-related, therapy, social, and/or vocational services to help people with disabilities attain or retain their maximum functional capacity.
 - d. Prosthetic and orthotic services.** Services providing comprehensive prosthetic and orthotic evaluation, fitting, and training.
 - e. Robot-assisted walking therapy.** A form of physical therapy that uses a robotic device to assist patients who are relearning how to walk.
 - f. Simulated rehabilitation environment.** Rehabilitation focused on retraining functional skills in a contextually appropriate environment (simulated home and community settings) or in a traditional setting (gymnasium) using motor learning principles.
- 84. Primary care department.** A unit or clinic within the hospital that provides primary care services (e.g., general pediatric care, general internal medicine, family practice, gynecology) through hospital-salaried medical and/or nursing staff, focusing on evaluating and diagnosing medical problems and providing medical treatment on an outpatient basis.
- 85. Psychiatric services.** Services provided by the hospital that offer immediate initial evaluation and treatment to patients with mental or emotional disorders.
- a. Psychiatric consultation-liaison services.** Provides organized psychiatric consultation/liaison services to nonpsychiatric hospital staff and/or departments on psychological aspects of medical care that may be generic or specific to individual patients.
 - b. Psychiatric pediatric services.** The branch of medicine focused on the diagnosis, treatment and prevention of mental, emotional and behavioral disorders in pediatric patients. Please report the number of staffed beds. The beds reported here should be included in the staffed bed count for 14 psychiatric care.
 - c. Psychiatric geriatric services.** Provides care to elderly patients with mental or emotional disorders, including those admitted for diagnosis and those admitted for treatment. Please report the number of staffed beds. The beds reported here should be included in the staffed bed count for 14 psychiatric care.
 - d. Psychiatric education services.** Provides psychiatric educational services to community agencies and workers such as schools, police, courts, public health nurses, welfare agencies, clergy, and so forth. The purpose is to expand the mental health knowledge and competence of personnel not working in the mental health field and to promote good mental health through improved understanding, attitudes, and behavioral patterns.
 - e. Psychiatric emergency services.** Services of facilities available on a 24-hour basis to provide immediate unscheduled outpatient care, diagnosis, evaluation, crisis intervention, and assistance to persons suffering acute emotional or mental distress.
 - f. Psychiatric outpatient services.** Provides medical care, including diagnosis and treatment, of psychiatric outpatients.
 - g. Psychiatric intensive outpatient services.** A prescribed course of treatment in which the patient receives outpatient care no less than three times a week (which might include more than one service/day)
 - h-i. Psychiatric partial hospitalization program – adult/pediatric.** Organized hospital services providing intensive day/evening outpatient services of three hours or more duration, distinguished from other outpatient visits of one hour.
 - j-k. Psychiatric residential treatment – adult/pediatric.** Overnight psychiatric care in conjunction with an intensive treatment program in a setting other than a hospital.
- 86. Radiology, diagnostic.** The branch of radiology that deals with the utilization of all modalities of radiant energy in medical diagnoses and therapeutic procedures using radiologic guidance. This includes, but is not restricted to, imaging techniques and methodologies utilizing radiation emitted by x-ray tubes, radionuclides, and ultrasonographic devices and the radiofrequency electromagnetic radiation emitted by atoms.
- a. CT Scanner.** Computed tomographic scanner for head or whole body scans.
 - b. Diagnostic radioisotope facility.** The use of radioactive isotopes (Radiopharmaceuticals) as tracers or indicators to detect an abnormal condition or disease.
 - c. Electron beam computed tomography (EBCT).** A high tech computed tomography scan used to detect coronary artery disease by measuring coronary calcifications. This imaging procedure uses electron beams which are magnetically steered to produce a visual of the coronary artery and the images are produced faster than conventional CT scans.

- d. **Full-field digital mammography (FFDM).** Combines the x-ray generators and tubes used in analog screen-film mammography (SFM) with a detector plate that converts the x-rays into a digital signal.
- e. **Magnetic resonance imaging (MRI).** The use of a uniform magnetic field and radio frequencies to study tissue and structure of the body. This procedure enables the visualization of biochemical activity of the cell in vivo without the use of ionizing radiation, radioisotopic substances or high-frequency sound.
- f. **Intraoperative magnetic resonance imaging.** An integrated surgery system which provides an MRI system in an operating room. The system allows for immediate evaluation of the degree to tumor resection while the patient is undergoing a surgical resection. Intraoperative MRI exists when a MRI (low-field or high-field) is placed in the operating theater and is used during surgical resection without moving the patient from the operating room to the diagnostic imaging suite.
- g. **Magnetoencephalography (MEG).** A noninvasive neurophysiological measurement tool used to study magnetic fields generated by neuronal activity of the brain. MEG provides direct information about the dynamics of evoked and spontaneous neural activity and its location in the brain. The primary uses of MEG include assisting surgeons in localizing the source of epilepsy, sensory mapping, and the study of brain function. When it is combined with structural imaging, it is known as *magnetic source imaging* (MSI).
- h. **Multi-slice spiral computed tomography (<64+slice CT).** A specialized computed tomography procedure that provides three-dimensional processing and allows narrower and multiple slices with increased spatial resolution and faster scanning times as compared to a regular computed tomography scan.
- i. **Multi-slice spiral computed tomography (64+ slice CT).** Involves the acquisition of volumetric tomographic x-ray absorption data expressed in Hounsfield units using multiple rows of detectors. 64+ systems reconstruct the equivalent of 64 or more slices to cover the imaged volume.
- j. **Positron emission tomography (PET).** A nuclear medicine imaging technology which uses radioactive (positron emitting) isotopes created in a cyclotron or generator and computers to produce composite pictures of the brain and heart at work. PET scanning produces sectional images depicting metabolic activity or blood flow rather than anatomy.
- k. **Positron emission tomography/CT (PET/CT).** Provides metabolic functional information for the monitoring of chemotherapy, radiotherapy and surgical planning.
- l. **Single photon emission computerized tomography (SPECT).** A nuclear medicine imaging technology that combines existing technology of gamma camera imaging with computed tomographic imaging technology to provide a clearer and more precise image.
- m. **Ultrasound.** The use of acoustic waves above the range of 20,000 cycles per second to visualize internal body structures.
- 87. **Radiology, therapeutic.** The branch of medicine concerned with radioactive substances and using various techniques of visualization, with the diagnosis and treatment of disease using any of the various sources of radiant energy. Services could include: megavoltage radiation therapy; radioactive implants; stereotactic radiosurgery; therapeutic radioisotope facility; X-ray radiation therapy.
 - a. **Image-guided radiation therapy (IGRT).** Automated system for image-guided radiation therapy that enables clinicians to obtain high-resolution x-ray images to pinpoint tumor sites, adjust patient positioning when necessary, and complete a treatment, all within the standard treatment time slot, allowing for more effective cancer treatments.
 - b. **Intensity-Modulated Radiation Therapy (IMRT).** A type of three-dimensional radiation therapy which improves treatment delivery by targeting a tumor in a way that is likely to decrease damage to normal tissues and allows for varying intensities.
 - c. **Proton beam therapy.** A form of radiation therapy which administers proton beams. While producing the same biologic effects as x-ray beams, the energy distribution of protons differs from conventional x-ray beams: proton beams can be more precisely focused in tissue volumes in a three-dimensional pattern, resulting in less surrounding tissue damage than conventional radiation therapy, permitting administration of higher doses.
 - d. **Shaped beam radiation system.** A precise, noninvasive treatment that involves targeted beams of radiation that mirror the exact size and shape of a tumor at a specific area to shrink or destroy cancerous cells. This procedure delivers a therapeutic dose of radiation that conforms precisely to the shape of the tumor, thus minimizing the risk to nearby tissues.
 - e. **Stereotactic radiosurgery.** A radiotherapy modality that delivers a high dosage of radiation to a discrete treatment area in as few as one treatment session. Includes Gamma Knife, Cyberknife, etc.
- 88. **Robotic surgery.** The use of mechanical guidance devices to remotely manipulate surgical instrumentation.
- 89. **Rural health clinic.** A clinic located in a rural, medically under-served area in the United States that has a separate reimbursement structure from the standard medical office under the Medicare and Medicaid programs.
- 90. **Sleep center.** Specially equipped and staffed center for the diagnosis and treatment of sleep disorders.
- 91. **Social work services.** Could include: organized services that are properly directed and sufficiently staffed by qualified individuals who provide assistance and counseling to patients and their families in dealing with social, emotional, and environmental problems associated with illness or disability, often in the context of financial or discharge planning coordination.
- 92. **Sports medicine.** Provision of diagnostic screening, assessment, clinical and rehabilitation services for the prevention and treatment of sports-related injuries.
- 93. **Support groups.** A hospital sponsored program that allows a group of individuals with common experiences or issues who meet periodically to share experiences, problems, and solutions in order to support each other.
- 94. **Swing bed services.** A hospital bed that can be used to provide either acute or long-term care depending on community or patient needs. To be eligible a hospital must have a Medicare provider agreement in place, have fewer than 100 beds, be located in a rural area, not have a 24-hour nursing service waiver in effect, have not been terminated from the program in the prior two years, and meet various service conditions.
- 95. **Teen outreach services.** A program focusing on the teenager which encourages an improved health status and a healthful lifestyle including physical, emotional, mental, social, spiritual and economic health through education, exercise, nutrition and health promotion.
- 96. **Tobacco treatment/cessation program.** Organized hospital services with the purpose of ending tobacco-use habits of patients addicted to tobacco/nicotine.
- 97. **Telehealth.** A broad variety of technologies and tactics to deliver virtual medical, public health, health education delivery and support services using telecommunications technologies. Telehealth is used more commonly as it describes the wide range of diagnosis and management, education, and other related fields of health care. This includes, but are not limited to: dentistry, counseling, physical and occupational therapy, home health, chronic disease monitoring and management, disaster management and consumer and professional education.
 - b. **eICU.** An electronic intensive care unit (eICU), also referred to as a tele-ICU, is a form of telemedicine that uses state of the art technology to provide an additional layer of critical care service. The goal of an eICU is to optimize clinical experience and facilitate 24-hour a day care by ICU caregivers.
 - c. **Stroke care.** Stroke telemedicine is a consultative modality that facilitates the care of patients with acute stroke by specialists at stroke centers.
 - d. **Psychiatric and addiction treatment.** Telepsychiatry can involve a range of services including psychiatric evaluations, therapy, patient education, and medication management.
 - e. **Remote patient monitoring.** The use of digital technologies to collect medical and other forms of health data from individuals in one location and electronically transmit the information securely to health care providers in a different location for assessment and recommendation.
- 98. **Transplant services.** The branch of medicine that transfers an organ or tissue from one person to another or from one body part to another, to replace a diseased structure or to restore function or to change appearance. Services could include: Bone marrow, heart, lung, kidney, intestine, or tissue transplant. Please include heart/lung or other multi-transplant surgeries in 'other'.

- 99. Transportation to health facilities. (non-emergency)** A long-term care support service designed to assist the mobility of the elderly. Some programs offer improved financial access by offering reduced rates and barrier-free buses or vans with ramps and lifts to assist the elderly or people with disabilities; others offer subsidies for public transport systems or operate mini-bus services exclusively for use by senior citizens.
- 100. Urgent care center.** A facility that provides care and treatment for problems that are not life threatening but require attention over the short term.
- 101. Violence Prevention**
- Workplace.** A violence prevention program with goals and objectives for preventing workplace violence against staff and patients.
 - Community.** An organized program that attempts to make a positive impact on the type(s) of violence a community is experiencing. For example, it can assist victims of violent crimes, e.g., rape, or incidents, e.g., bullying, to hospital or to community services to prevent further victimization or retaliation. A program that targets the underlying circumstances that contribute to violence such as poor housing, insufficient job training, and/or substance abuse through means such direct involvement and support, education, mentoring, anger management, crisis intervention and training programs would also qualify.
- 102. Virtual colonoscopy.** Noninvasive screening procedure used to visualize, analyze and detect cancerous or potentially cancerous polyps in the colon.
- 103. Volunteer services department.** An organized hospital department responsible for coordinating the services of volunteers working within the institution.
- 104. Women's health center/services.** An area set aside for coordinated education and treatment services specifically for and promoted to women as provided by this special unit. Services may or may not include obstetrics but include a range of services other than OB.
- 105. Wound management services.** Services for patients with chronic wounds and nonhealing wounds often resulting from diabetes, poor circulation, improper seating and immunocompromising conditions. The goals are to progress chronic wounds through stages of healing, reduce and eliminate infections, increase physical function to minimize complications from current wounds and prevent future chronic wounds. Wound management services are provided on an inpatient or outpatient basis, depending on the intensity of service needed.
- 106.** Integration ranges from co-located physical and behavioral health providers, with some screening and treatment planning, to fully integrated care where behavioral and physical health providers function as a true team in a shared practice.
- 107a-b. Physician arrangements.** An integrated healthcare delivery program implementing physician compensation and incentive systems for managed care services. Please report the number of physicians and ownership percentage for each arrangement.
- Independent practice association (IPA).** A legal entity that holds managed care contracts. The IPA then contracts with physicians, usually in solo practice, to provide care either on a fee-for-service or capitated basis. The purpose of an IPA is to assist solo physicians in obtaining managed care contracts.
 - Group practice without walls.** Hospital sponsors the formation of, or provides capital to physicians to establish, a "quasi" group to share administrative expenses while remaining independent practitioners.
 - Open physician-hospital organization (PHO).** A joint venture between the hospital and all members of the medical staff who wish to participate. The PHO can act as a unified agent in managed care contracting, own a managed care plan, own and operate ambulatory care centers or ancillary services projects, or provide administrative services to physician members.
 - Closed physician-hospital organization (PHO).** A PHO that restricts physician membership to those practitioners who meet criteria for cost effectiveness and/or high quality.
 - Management services organization (MSO).** A corporation, owned by the hospital or a physician/hospital joint venture, that provides management services to one or more medical group practices. The MSO purchases the tangible assets of the practices and leases them back as part of a full-service management agreement, under which the MSO employs all non-physician staff and provides all supplies/administrative systems for a fee.
 - Integrated salary model.** Physicians are salaried by the hospital or another entity of a health system to provide medical services for primary care and specialty care.
 - Equity model.** Allows established practitioners to become shareholders in a professional corporation in exchange for tangible and intangible assets of their existing practices.
 - Foundation.** A corporation, organized either as a hospital affiliate or subsidiary, which purchases both the tangible and intangible assets of one or more medical group practices. Physicians remain in a separate corporate entity but sign a professional services agreement with the foundation.
- 107c-e.** Report the number of physicians and specialty breakdown for physician practices wholly owned by the hospital.
- 108.** Of all physician arrangements listed in question 107a. (1-9), indicate the total number of physicians (count each physician only once) that are engaged in an arrangement with your hospital that allows for joint contracting with payers or shared responsibility for financial risk or clinical performance between the hospital and physician (arrangement may be any type of ownership). *Joint contracting* does not include contracting between physicians participating in an independent practice.
- 109a-d. Joint venture.** A contractual arrangement between two or more parties forming an unincorporated business. The participants in the arrangement remain independent and separate outside of the venture's purpose.

SECTION D
INSURANCE AND ALTERNATIVE PAYMENT MODELS
Definitions

4. Insurance Products

- a. Medicare Advantage.** Health Insurance program within Part C of Medicare. Medicare Advantage plans provide a managed health care plan (typically a health maintenance organization (HMO) but also often a preferred provider organization (PPO) or another type of managed care arrangement) that is paid based on a monthly capitated fee. This Part of Medicare provides beneficiaries an alternative to "Original Medicare" Parts A and B Medicare, which provides insurance for the same medical services but pays providers a fee for service (FFS) directly rather than through managed care plans.
- b. Medicaid Managed Care.** Services in through an arrangement between a state Medicaid agency and managed care organizations (MCOs) that accept a set payment – "capitation" – for these services.
- c. Health Insurance Marketplace.** Also called health exchanges, are organizations set up to facilitate the purchase of health insurance in each state in accordance with Patient Protection and Affordable Care Act. Marketplaces provide a set of government-regulated and standardized health care plans from which individuals may purchase health insurance policies eligible for federal subsidies.
- d. Other Individual Market.** Health insurance coverage offered to individuals other than in connection with a group health plan.
- e. Small Group.** A group health plan that covers employees of an employer that has less than 50 employees.
- f. Large Group.** A group health plan that covers employees of an employer that has 51 or more employees.
- 8. Self-administered health plan.** A health plan in which the employer assumes the financial risk for providing health care benefits to its employees. The employer may or may not also be responsible for claims processing and the provider network.
- 9. Capitation.** An at-risk payment arrangement in which an organization receives a fixed prearranged payment and in turn guarantees to deliver or arrange all medically necessary care required by enrollees in the capitated plan. The fixed amount is specified within contractual agreements between the payer and the involved organization. The fixed payment amount is based on an actuarial assessment of the services required by enrollees and the costs of providing these services, recognizing enrollees' adjustment factors such as age, sex, and family size.
- 10. Bundling.** Bundling is a payment mechanism whereby a provider entity receives a single payment for services provided across one or parts of the care continuum. For example, an entity might receive a single payment for the hospital and physician services provided as part of an inpatient stay or might receive a single payment for the post-acute care services involved in a single episode of care. The entity then has responsibility for compensating each of the individual providers involved in the episode of care.
- 12. Shared risk payments.** A payment arrangement in which a hospital and a managed care organization share the risk of adverse claims experience. Methods for sharing risk could include: capitation with partial refunds or supplements if billed hospital charges or costs differ from capitated payments, and service or discharge-based payments with withholds and bonus payouts that depend on expenditure targets
- 15. Accountable Care Organization (ACO) Contract.** An ACO contract has two essential elements: (1) accountability for the total costs of care for the population of patients attributed to the primary care physicians in the organization; (2) financial incentives that link the magnitude of bonus payments to performance on quality measures (which could include technical quality, patient experience and/or health outcome measures) This will generally involve a contract where the payer establishes a target budget for one or more years for the total costs of care for the agreed-upon patient population, the payer tracks actual spending and performance on quality; and the provider receives bonus payments that could include a share of savings that are (or are not) contingent on meeting quality targets, with (or without) additional bonuses related to performance on those quality measures.
- 15c. Traditional Medicare ACO Programs**
 - MSSP.** Medicare Shared Savings Program. For fee-for-service beneficiaries. The Shared Savings Program has different tracks that allow ACOs to select an arrangement that makes the most sense for their organization.
 - NextGen.** The Next Generation ACO Model is an initiative for ACOs that are experienced in coordinating care for populations of patients. It allows these provider groups to assume higher levels of financial risk and reward.
 - Comprehensive ESRD Care.** The model is designed to identify, test, and evaluate new ways to improve care for Medicare beneficiaries with End-Stage Renal Disease (ESRD.)
- 19. Patient-Centered Medical Home.** The medical home concept refers to the provision of comprehensive primary care services that facilitates communication and shared decision-making between the patient, his/her primary care providers, other providers, and the patient's family.
- 20. Clinically integrated network.** A clinically integrated network is a collection of healthcare providers, such as physicians, hospitals, and post-acute care treatment providers, that come together to improve patient care and reduce overall healthcare costs. Clinically integrated networks rely on evidence-based care guidelines to provide high-quality care across participating providers.

SECTION E
TOTAL FACILITY BEDS, UTILIZATION, FINANCES, AND STAFFING
Instructions and Definitions

For the purposes of this survey, a nursing home type unit/facility provides **long-term care for the elderly or other patients requiring chronic care** in a non-acute setting in any of the following categories: *Skilled nursing care *Intermediate care *Other long-term care (see page 21) The nursing home type unit/facility is to be owned and operated by the hospital. Only one legal entity may be vested with title to the physical property or operate under the authority of a duly executed lease of the physical property.

1.
 - a. **Total licensed beds.** Report the total number of beds authorized by the state licensing (certifying) agency.
 - b. **Beds set up and staffed.** Report the number of beds regularly available (those set up and staffed for use) at the end of the reporting period. Report only operating beds, not constructed bed capacity. Include all bed facilities that are set up and staffed for use by inpatients that have no other bed facilities, such as pediatric bassinets, isolation units and quiet rooms. Exclude newborn bassinets and bed facilities for patients receiving special procedures for a portion of their stay and who have other bed facilities assigned to or reserved for them. Exclude, for example, labor room, post anesthesia, or postoperative recovery room beds, psychiatric holding beds, observation beds, and beds that are used only as holding facilities for patients prior to their transfer to another hospital.
 - c. **Bassinets set up and staffed.** Report the number of normal newborn bassinets. Do not include neonatal intensive care or intermediate care bassinets. These should be reported on page 3, C6 and C7 and included in E1b. beds set up and staffed.
 - d. **Births.** Total births should exclude fetal deaths.
 - e. **Admissions.** Include the number of adult and pediatric admissions (exclude births). This figure should include all patients admitted during the reporting period, including neonatal and swing admissions.
 - f. **Inpatient days.** Report the number of adult and pediatric days of care rendered during the entire reporting period. Do not include days of care rendered for normal infants born in the hospital, but do include those for their mothers. Include days of care for infants born in the hospital and transferred into a neonatal care unit. Also include swing bed inpatient days. An inpatient day of care (also commonly referred to as a patient day or a census day, or by some federal hospitals as an occupied bed day) is a period of service between the census-taking hours on two successive calendar days, the day of discharge being counted only when the patient was admitted the same day.
 - g. **Emergency department visits.** Should reflect the number of visits to the emergency unit. Emergency outpatients can be admitted to the inpatient areas of the hospital, but they are still counted as emergency visits and subsequently as inpatient admissions.
 - h. **Total outpatient visits.** A visit by a patient who is not lodged in the hospital while receiving medical, dental, or other services. Each appearance of an outpatient in each unit constitutes one visit regardless of the number of diagnostic and/or therapeutic treatments that the patient receives. Total outpatient visits should include all clinic visits, referred visits, observation services, outpatient surgeries (also reported on line E1k), home health service visits, and emergency department visits (also reported on line E1g).
Clinic visits should reflect total number of visits to each specialized medical unit that is responsible for the diagnosis and treatment of patients on an outpatient, nonemergency basis. (e.g., alcoholism, dental, gynecology.) Visits to the satellite clinics and primary group practices should be included if revenue is received by the hospital.
Referred visits should reflect total number of outpatient ancillary visits to each specialty unit of the hospital established for providing technical aid used in the diagnosis and treatment of patients. Examples of such units are diagnostic radiology, EKG, and pharmacy.
Observation services are those services furnished on a hospital's premises, including use of a bed and periodic monitoring by a hospital's nursing or other staff, which are reasonable and necessary to evaluate an outpatient's condition or determine the need for a possible admission to the hospital as an inpatient. Observation services usually do not exceed 24 hours; however, there is no hourly limit on the extent to which they may be used.
Home health service visits are visits by home health personnel to a patient's residence.
 - i. **Inpatient surgical operations.** Count each patient undergoing surgery as one surgical operation regardless of the number of surgical procedures that were performed while the patient was in the operating or procedure room.
 - j. **Operating room.** A unit/room of a hospital or other health care facility in which surgical procedures requiring anesthesia are performed.
 - k. **Outpatient surgical operations.** For outpatient surgical operations, please record operations performed on patients who do not remain in the hospital overnight. Include all operations whether performed in the inpatient operating rooms or in procedure rooms located in an outpatient facility. Include an endoscopy only when used as an operative tool and not when used for diagnosis alone. Count each patient undergoing surgery as one surgical operation regardless of the number of surgical procedures that were performed while the patient was in the operating or procedure room.
- 2a2. **Managed Care Medicare Discharges.** A discharge day where a Medicare Managed Care Plan is the source of payment.
- 2b2. **Managed Care Medicare Inpatient Days.** An inpatient day where a Medicare Managed Care Plan is the source of payment.
- 2c2. **Managed Care Medicaid Discharges.** A discharge day where a Medicaid Managed Care Plan is the source of payment.
- 2d2. **Managed Care Medicaid Inpatient Days.** An inpatient day where a Medicaid Managed Care Plan is the source of payment.
- 3a. **Net patient revenue.** Reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.
- 3b. **Tax appropriations.** A predetermined amount set aside by the government from its taxing authority to support the operation of the hospital.
- 3c. **Other operating revenue.** Revenue that arises from the normal day-to-day operations from services other than health care provided to patients. Includes sales and services to nonpatients, and revenue from miscellaneous sources (rental of hospital space, sale of cafeteria meals, gift shop sales). Also include operating gains in this category.
- 3d. **Nonoperating revenue.** Includes investment income, extraordinary gains and other nonoperating gains.
- 3e. **Total revenue.** Add net patient revenue, tax appropriations, other operating revenue and nonoperating revenue.
- 3f. **Payroll expenses.** Include payroll for all personnel including medical and dental residents/interns and trainees.
- 3g. **Employee benefits.** Includes social security, group insurance, retirement benefits, workman's compensation, unemployment insurance, etc.
- 3h. **Depreciation expense (for reporting period only).** Report only the depreciation expense applicable to the reporting period. The amount should also be included in accumulated depreciation (E8b).
- 3i. **Interest expense.** Report interest expense for the reporting period only.
- 3j. **Pharmacy Expense.** Includes the cost of drugs and pharmacy supplies requested to patient care departments and drugs charged to patients.
- 3k. **Supply expense.** The net cost of all tangible items that are expensed including freight, standard distribution cost, and sales and use tax minus rebates. This would exclude labor, labor-related expenses and services as well as some tangible items that are frequently provided as part of labor costs.
- 3l. **All other expenses.** Any total facility expenses not included in E3f-E3k.
- 3m. **Total expenses.** Add 3f-3l. Includes all payroll and non-payroll expenses as well as any nonoperating losses (including extraordinary losses). **Treat bad debt as a deduction from gross patient revenue and not as an expense.**

- 4a. Total gross inpatient revenue.** The hospital's full-established rates (charges) for all services rendered to inpatients.
- 4b. Total gross outpatient revenue.** The hospital's full-established rates (charges) for all services rendered to outpatients.
- 4c. Total gross patient revenue.** Add total gross inpatient revenue and total gross outpatient revenue.
- 5. Uncompensated care.** Care for which no payment is expected or no charge is made. It is the sum of bad debt and charity care absorbed by a hospital or other health care organization in providing medical care for patients who are uninsured or are unable to pay.
- 5a. Bad debt.** The provision for actual or expected uncollectibles resulting from the extension of credit. Report as a deduction from gross revenue. **For Question 6 (Revenue by payer), if you cannot break out your bad debt by payer, deduct the amount from self-pay.**
- 5b. Financial Assistance (Includes charity care).** Financial assistance and charity care refer to health services provided free of charge or at reduced rates to individuals who meet certain financial criteria. **For purposes of this survey, charity care is measured on the basis of revenue forgone, at full-established rates.**
- 5d. Medicaid Provider Tax, Fee or Assessment.** Dollars paid as a result of a state law that authorizes collecting revenue from specified categories of providers. Federal matching funds may be received for the revenue collected from providers and some or all of the revenues may be returned directly or indirectly back to providers in the form of a Medicaid payment.
- 6. REVENUE BY PAYER**
- 6a1. Medicare.** Should agree with the Medicare utilization reported in questions E2a1-E2b2.
- 6a1a. Fee for service patient revenue.** Include traditional Medicare fee-for-service.
- 6a1c. Total.** Medicare revenue (add Medicare fee for service patient revenue and Medicare managed care revenue).
- 6a2. Medicaid.** Should agree with Medicaid utilization reported in questions E2c1-E2d2.
- 6a2a. Fee for service patient revenue.** Do not include Medicaid disproportionate share payments (DSH) or other Medicaid supplemental payments.
- 6a2c. Medicaid Graduate Medical Education (GME) payments.** Payments for the cost of approved graduate medical education (GME) programs. Report in 'net' column only.
- 6a2d. Medicaid disproportionate share payment (DSH).** DSH minus associated provider taxes or assessments. Report in 'Net' column only.
- 6a2e. Medicaid supplemental payments.** Supplemental payments the Medicaid program pays the hospital that are NOT Medicaid DSH, minus associated provider taxes or assessments. Report in 'Net' column only.
- 6a2f. Other Medicaid.** Any Medicaid payments such as delivery system reform incentive program (DSRIP) payments that are not included in lines 6a2a-e. Report in 'net' column only.
- 6e. Medicaid Intergovernmental Transfers (IGT) or certified public expenditure program.** Exchange of public funds between different levels of government (e.g., county, city, or another state agency) to the state Medicaid agency.
- 7. FINANCIAL PERFORMANCE – MARGIN**
- 7a. Total Margin.** Total income over total revenue. Nonoperating income is included in revenue in the total margin.
- 7b. Operating Margin.** Measure of profit per dollar of revenue calculated by dividing net operating income by operating revenues.
- 7c. EBITDA Margin.** Earnings before interest, tax depreciation and amortization (EBITDA) divided by total revenue.
- 7d. Medicare margin.** (Medicare revenue-Medicare expenses)/Medicare revenue.
 Medicare revenue = Patient revenue received from the Medicare program including traditional Medicare, Medicare Advantage, and any ACO, Bundled Payment, or other pilot program (net of disallowances)
 Medicare expenses = Cost of patient care for Medicare beneficiaries in traditional Medicare, Medicare Advantage and any ACO, Bundled Payment, or other pilot program. If actual costs cannot be obtained, use cost-to-charge ratios to estimate based on Medicare charges.
- 7e. Medicaid margin.** (Medicaid revenue-Medicaid expenses)/Medicaid revenue.
 Medicaid revenue = Patient revenue received from the Medicaid program including traditional Medicaid, Medicaid Managed Care, and any ACO, Bundled Payment, or other pilot program (net of disallowances)
 Medicaid expenses = Cost of patient care for Medicaid beneficiaries in traditional Medicaid, Medicaid Managed Care and any ACO, Bundled Payment, or other pilot program. If actual costs cannot be obtained, use cost-to-charge ratios to estimate based on Medicaid charges.
- 8. Fixed Assets.** Represent land and physical properties that are consumed or used in the creation of economic activity by the health care entity. The historical or acquisition costs are used in recording fixed assets. Net plant, property, and equipment represent the original costs of these items less accumulated depreciation and amortization.
- 8d. Gross Square Footage.** Include all inpatient, outpatient, office, and support space used for or in support of your health care activities. Exclude exterior, roof, and garage space in the figure.
- 9. Capital Expenses.** Expenses used to acquire assets, including buildings, remodeling projects, equipment, or property.
- 10. Information Technology and Cybersecurity.**
- a. IT Operating expense.** Exclude department depreciation and operating dollars paid against capital leases.
- b. IT Capital expense.** Include IT capital expense for the current year only. Any capital expense that is carried forward from the previous year should be excluded from this figure. Include IT related capital included in the budget of other departments. (e.g., lab, radiology) if known or can be reasonably estimated. Include the total value of capital leases to be signed in the current year.
- c. Number of Employed IT staff (in FTEs).** Number of full-time equivalent (FTE) staff employed in the IT department/organization and on the hospital payroll.
- d. Total number of outsourced IT staff (in FTEs).** i.e., contracted staff.
- e. Cybersecurity.** Measures taken to protect against the criminal or unauthorized use of electronic data.

STAFFING

- 11. Full-Time Equivalent (FTE)** is the total number of hours worked (excluding all non-worked hours such as PTO, etc.) by all employees over the full 12-month reporting period, divided by the normal number of hours worked by a full-time employee for that same time period. For example, if your hospital considers a normal workweek for a full-time employee to be 40 hours, a total of 2,080 would be worked over a full year (52 weeks). If the total number of hours worked by all employees on the payroll is 208,000, then the number of full-time equivalents (FTE) is 100 (employees). The FTE calculation for a specific occupational category such as registered nurses is exactly the same. The calculation for each occupational category should be based on the number of hours worked by staff employed in that specific category.
- a-b. Physicians and dentists.** Include only those physicians and dentists engaged in clinical practice and on the payroll. Those who hold administrative positions should be reported in all other personnel. (11n)
- e. Other trainees.** A trainee is a person who has not completed the necessary requirements for certification or met the qualifications required for full salary under a related occupational category. Exclude medical and dental residents/interns who should be reported on line 11c-d.
- f. Registered nurses.** Nurses who have graduated from approved schools of nursing and who are currently registered by the state. They are responsible for the nature and quality of all nursing care that patients receive. Do not include any registered nurses more appropriately reported in other occupational categories, such as facility administrators, and therefore listed under all other personnel. (11n)
- g. Licensed practical (vocational) nurses.** Nurses who have graduated from an approved school of practical (vocational) nursing who work under the supervision of registered nurses and/or physicians.
- h. Nursing assistive personnel.** Certified nursing assistant or equivalent unlicensed staff who assist registered nurses in providing patient care related services as assigned by and under the supervision of a registered nurse.
- i. Radiology technicians.** Technical positions in imaging fields, including, but not limited to, radiology, sonography, nuclear medicine, radiation therapy, CT, MRI.

- j. **Laboratory technicians.** Professional and technical positions in all areas of the laboratory, including, but not limited to, histology, phlebotomy, microbiology, pathology, chemistry, etc.
- k. **Pharmacists, licensed.** Persons licensed within the state who are concerned with the preparation and distribution of medicinal products.
- l. **Pharmacy technicians.** Persons who assist the pharmacist with selected activities, including medication profile reviews for drug incompatibilities, typing labels and prescription packaging, handling of purchase records and inventory control.
- m. **Respiratory Therapists.** An allied health professional who specializes in scientific knowledge and theory of clinical problems of respiratory care. Duties include the collection and evaluation of patient data to determine an appropriate care plan, selection and assembly of equipment, conduction of therapeutic procedures, and modification of prescribed plans to achieve one or more specific objectives.
- n. **All other personnel.** This should include all other personnel not already accounted for in other categories.
- o. **Total facility personnel.** Add 11a-11n. Includes the total facility personnel - hospital plus nursing home type unit/facility personnel (for those hospitals that own and operate a nursing home type unit/facility.)
- p-q. **Nursing home type unit/facility personnel.** These lines should be filled out only by hospitals that own and operate a nursing home type unit/facility, where only one legal entity is vested with title to the physical property or operates under the authority of a duly executed lease of the physical property. If nursing home type unit/facility personnel are reported on the total facility personnel lines (11a-n), but cannot be broken out, please leave blank.
- r. **Direct patient care RN.** Registered nurses providing care directly to patients. Direct patient care responsibilities are patient-centered nursing activities carried out in the presence of the patient (such as admission, transfer/discharge, patient teaching, patient communication, treatments, counseling, and administration of medication.)
- 12. **Privileged Physicians.** Report the total number of physicians (by type) on the medical staff with privileges except those with courtesy, honorary and provisional privileges. Do not include residents or interns. Physicians that provide only non-clinical services (administrative services, medical director services, etc.) should be excluded.
 - Employed by your hospital.** Physicians that are either direct hospital employees or employees of a hospital subsidiary corporation.
 - Individual contract.** An independent physician under a formal contract to provide services at your hospital including at outpatient facilities, clinics and offices
 - Group contract.** A physician that is part of a group (group practice, faculty practice plan or medical foundation) under a formal contract to provide services at your hospital including at inpatient and outpatient facilities, clinics and offices.
 - Not employed or under contract.** Other physicians with privileges that have no employment or contractual relationship with the hospital to provide services.

The sum of the physicians reported in 12a-12g should equal the total number of privileged physicians in the hospital.

 - a. **Primary care.** A physician that provides primary care services including general practice, general internal medicine, family practice, general pediatrics and geriatrics.
 - b. **Obstetrics/gynecology.** A physician who provides medical and surgical treatment to pregnant women and to mothers following delivery. Also provides diagnostic and therapeutic services to women with diseases or disorders of the reproductive organs.
 - c. **Emergency medicine.** Physicians who provide care in the emergency department.
 - d. **Hospitalist.** Physicians whose primary professional focus is the care of hospitalized medical patients (through clinical, education, administrative and research activity).
 - e. **Intensivist.** A physician with special training to work with critically ill patients. Intensivists generally provided medical-surgical, cardiac, neonatal, pediatric and other types of intensive care.
 - f. **Radiologist/pathologist/anesthesiologist. Radiologist.** A physician who has specialized training in imaging, including but not limited to radiology, sonography, nuclear medicine, radiation therapy, CT, MRI. **Pathologist.** A physician who examines samples of body tissues for diagnostic purposes. **Anesthesiologist.** A physician who specializes in administering medications or other agents that prevent or relieve pain, especially during surgery.
 - g. **Other specialist.** Other physicians not included in the above categories that specialize in a specific type of medical care.
- 15. **Advanced Practice Registered Nurses/Physician Assistants.** Registered nurses with advanced didactic and clinical education, knowledge, skills, and scope of practice. **Physician assistant.** A healthcare professional licensed to practice medicine with supervision of a licensed physician. Includes: **Nurse practitioner.** A registered nurse with at least a master's degree in nursing and advanced education in primary care, capable of independent practice in a variety of settings. **Clinical nurse specialist (CNS).** A registered nurse who, through a formal graduate degree (masters or doctorate) CNS education program, has expertise in a specialty area of nursing practice. CNSs are clinical experts in the diagnosis and treatment of illness, and the delivery of evidence-based nursing interventions.
- 15c. **Primary care.** Medical services including general practice, general internal medicine, family practice, general pediatrics, obstetrics/gynecology. **Emergency department care.** The provision of unscheduled outpatient services to patients whose conditions require immediate care in the emergency department setting. **Other specialty care.** A clinic that provides specialized medical care beyond the scope of primary care. **Patient education.** Goals and objectives for the patient and/or family related to therapeutic regimens, medical procedures and self-care. **Case management.** A system of assessment, treatment planning, referral and follow-up that ensures the provision of comprehensive and continuous services and the coordination of payment and reimbursement for care. **Other.** Any type of care other than those listed above.
- 16. **Foreign-educated nurses.** Individuals who are foreign born and received basic nursing education in a foreign country. In general many of these nurses come to the US on employment-based visas which allow them to obtain a green card.

SECTION F. SUPPLEMENTAL INFORMATION DEFINITIONS

- 1a. **Satellite facility.** Services are available at a facility geographically remote from the hospital campus.
- 1b. Report the number of sites for outpatient services on the hospital campus and off-campus (satellite) sites owned and operated by the hospital.
 - 1. **Airway endoscopy.** Introduction of an instrument into the air passage while breathing spontaneously or under controlled ventilation. The airway is illuminated to look for any abnormalities under magnification and/or to perform a procedure in the upper or lower air passage.
 - 2. **Ambulatory surgery.** Operations performed on patients who do not stay overnight at the facility (admitted and discharged on the same day.) Include endoscopy only when used as an operative tool and not when used for diagnosis alone.
 - 3. **Blood product exchange.** Transfusion services or other blood product exchange procedures. Does not include general lab work.
 - 4. **Cardiac/pulmonary rehabilitation.** A medically supervised program to help heart patients recover quickly and improve their overall physical and mental functioning. The goal is to reduce risk of another cardiac event or to keep an already present heart condition from getting worse. Cardiac rehabilitation programs include: counseling to patients, an exercise program, helping patients modify risk factors such as smoking and high blood pressure, providing vocational guidance to enable the patient to return to work, supplying information on physical limitations and lending emotional support.
 - 5. **Diagnostic/screening test and related procedures.** A preliminary test or examination to detect the most characteristic signs of a disorder than may require further investigation. Examples include mammography, EKG, CBC, colonoscopy, bone density, diabetes, or cholesterol test.

6. **Drug administration and clinical oncology.** E.g., infusion therapies, chemotherapy.
 7. **Ear, Nose, Throat (ENT).** Services for conditions of the ear, nose, throat, and related structures of the head and neck, such as sinus and nasal allergies, audiology, and speech/voice care.
 8. **General surgery and related procedures.** Operations performed on patients who do not stay overnight at the facility (admitted and discharged on the same day.) Include endoscopy only when used as an operative tool and not when used for diagnosis alone.
 9. **Gastrointestinal (GI).** Services for conditions of the GI tract, including both functional and structural gastrointestinal disorders.
 10. **Gynecology.** Services and treatments dealing with the health of the female reproductive system. Services may or may not include obstetrics but include a range of services other than OB.
 11. **Laboratory.** A medical or clinical laboratory where tests are usually done on clinical specimens in order to obtain information about the health of a patient as pertaining to diagnosis, treatment and prevention of disease.
 12. **Major imaging.** Includes advanced breast imaging, MRI, PET, CT with contrast.
 13. **Minor imaging.** Includes basic x-ray, nuclear medicine studies, CT without contrast.
 14. **Musculoskeletal surgery.** Surgical procedures that aim to improve, manage or treat disorders, diseases, injuries or congenital conditions of the musculoskeletal system. The musculoskeletal system involves bones, joints, tendons, ligaments, and muscles, and is responsible for providing form and support, ensuring stability and allowing movement to the human body.
 15. **Nervous system procedures.** Services dealing with the operative and nonoperative management of disorders to the central, peripheral and autonomic nervous systems.
 16. **Ophthalmology.** Consulting, diagnostic and treatment services for all conditions affecting the eyes.
 17. **Pathology.** The medical practice dedicated to the general study of disease and its processes as well as the specific diagnosis of disease. Pathology procedures are performed by a physician clinical pathologist. Services may be performed after outpatient surgical procedures.
 18. **Primary care.** Provision of primary care services (e.g., general pediatric care, general internal medicine, family practice, gynecology) focusing on evaluating and diagnosing medical problems and providing medical treatment on an outpatient basis.
 19. **Psychiatric care.** Medical care, including diagnosis and treatment, of psychiatric outpatients.
 20. **Radiation oncology.** The controlled use of radiation to treat cancer either to cure, or to reduce pain and other symptoms caused by cancer.
 21. **Rehabilitation.** Services providing medical, health-related, therapy, social, and/or vocational services to help people attain or retain maximum functional capacity.
 22. **Skilled nursing.** Provision of non-acute medical and skilled nursing care services, therapy, and social services under the supervision of a registered nurse.
 23. **Substance abuse/chemical dependency.** Provision of medical care and/or rehabilitation treatment services to outpatients for whom the primary diagnosis is alcoholism or other chemical dependency.
 24. **Urgent care.** Provision of care and treatment for illnesses or injuries that require prompt attention but are typically not of such seriousness as to require the services of a traditional emergency room.
 25. **Urology.** Services that focus on surgical and medical diseases of the urinary tract system.
 26. **Vascular/endovascular/cardiovascular.** Medical services for preventing, diagnosing and managing arterial, venous and lymphatic disorders.
 27. **Visits and related services.** An outpatient clinic visit. Includes both new and established patients; visits of all intensity.
2. **Group Purchasing Organization.** An organization whose primary function is to negotiate contracts for the purpose of purchasing for members of the group or has a central supply site for its members.
 3. **Distributor.** An entity that typically does not manufacture most of its own products but purchases and re-sells these products. Such a business usually maintains an inventory of products for sales to hospitals and physician offices and others.
5. **Types of Partnerships:**
 - a. Health care providers outside your system (Include other hospitals health care systems, FQHCs, community clinics)
 - b. Local or state public health organizations (Include public health departments, institutes, etc.)
 - c. Local or state human/social service organizations (Include food, housing/rental assistance, energy assistance, transportation assistance)
 - d. Other local or state government (Include municipal, city or county government, including public safety and policy/legislative initiatives at a local level)
 - e. Non-profit organizations (Include National health associations, United Way, YMCA, Service leagues, healthy communities coalitions)
 - f. Faith-based organizations
 - g. Health insurance companies
 - h. Schools (Include childhood, primary and secondary schools and colleges/universities)
 - i. Local businesses or chambers of commerce
 - j. National businesses or chambers of commerce
 - k. Other (list)
- Scale of partnerships:**
- Not involved. No current partnerships with this type of organization
 - Collaboration. Exchange information and share resources for a similar mission to enhance the capacity of the other partner
 - Formal Alliance. Formalized partnership (binding agreement) among multiple organizations with merged initiatives, common goals and metrics
6. **Patient and family advisory council.** Advisory council dedicated to the improvement of quality in patient and family care. The advisory council is comprised of past/present patients, family members, and hospital staff.

This glossary is provided for your convenience. Field labels are shown in brackets. See the AHA Annual Survey file layout for complete identification of all fields in the Database; and the AHA Annual Survey questionnaire for additional information.

A

Ablation of Barrett's esophagus:

Premalignant condition that can lead to adenocarcinoma of the esophagus. The nonsurgical ablation of premalignant tissue in Barrett's esophagus by the application of thermal energy or light through an endoscope passed from the mouth into the esophagus. [ENDOAHOS].

Accountable Care Organization (ACO)

Contract: An ACO contract has two essential elements: (1) accountability for the total costs of care for the population of patients attributed to the primary care physicians in the organization; (2) financial incentives that link the magnitude of bonus payments to performance on quality measures (which could include technical quality, patient experience and/or health outcome measures). This will generally involve a contract where the payor establishes a target budget for one or more years for the total costs of care for the agreed-upon patient population, the payor tracks actual spending and performance on quality; and the provider receives bonus payments that could include a share of savings that are (or are not) contingent on meeting quality targets, with (or without) additional bonuses related to performance on those quality measures. [ACO].

Accumulated depreciation: The total amount of depreciation for land and physical properties consumed or used in the creation of economic activity by the health care entity. [ADEPRA].

Acute long term care: Provides specialized acute hospital care to medically complex patients who are critically ill, have multisystem

complications and/or failure, and require hospitalization averaging 25 days, in a facility offering specialized treatment programs and therapeutic intervention on a 24 hour/7 day a week basis. [ACUHOS].

Adjusted admissions: An aggregate measure of workload reflecting the sum of admissions and equivalent admissions attributed to outpatient services. The number of equivalent admissions attributed to outpatient services is derived by multiplying admissions by the ratio of outpatient revenue to inpatient revenue. [ADJADM].

$$\text{Admissions} + (\text{Admissions} * (\text{Outpatient Revenue}/\text{Inpatient Revenue}))$$

Adjusted average daily census: An estimate of the average number of patients (both inpatients and outpatients) receiving care each day during the reporting period, which is usually 12 months. The figure is derived by dividing the number of inpatient day equivalents (also called adjusted inpatient days) by the number of days in the reporting period. [ADJADC].

Adjusted inpatient days: An aggregate measure of workload reflecting the sum of inpatient days and equivalent patient days attributed to outpatient services. The number of equivalent patient days attributed to outpatient services is derived by multiplying inpatient days by the ratio of outpatient revenue to inpatient revenue. *Value provided for total facility* [ADJPD] *and for the hospital unit* [ADJPDH].

$$\text{Inpatient Days} + (\text{Inpatient Days} * (\text{Outpatient Revenue}/\text{Inpatient Revenue}))$$

Admissions: The number of patients, excluding newborns, accepted for inpatient service during the reporting period; the number includes patients who visit the emergency room and are later admitted for inpatient service. [ADMTOT].

Adult cardiac electrophysiology: See *Cardiac electrophysiology*. [ADTEHOS].

Adult cardiac surgery: Includes minimally invasive procedures that include surgery done with only a small incision or no incision at all, such as through a laparoscope or an endoscope and more invasive major surgical procedures that include open chest and open heart surgery. [ADTCHOS].

Adult cardiology services: An organized clinical service offering diagnostic and interventional procedures to manage the full range of adult heart conditions. [ACARDHOS].

Adult day care program: Program providing supervision, medical and psychological care, and social activities for older adults who live at home or in another family setting, but cannot be alone or prefer to be with others during the day. May include intake assessment, health monitoring, occupational therapy, personal care, noon meal, and transportation services. [ADULTHOS].

Adult diagnostic catheterization: (Also called coronary angiography or coronary arteriography) is used to assist in diagnosing complex heart conditions. It involves the insertion of a tiny catheter into the artery in the groin then carefully threading the catheter up into the aorta where the coronary arteries originate. Once the catheter is in place, a dye is injected which allows the cardiologist to see the size, shape, and distribution of the coronary arteries. Images are used to diagnose heart disease and to determine, whether or not surgery is indicated. [ACLABHOS].

Adult interventional cardiac catheterization: Non surgical procedure that utilizes the same basic principles as diagnostic catheterization and then uses advanced techniques to improve the heart's function. It can be a less-invasive alternative to heart surgery. [ICLABHOS].

Advanced practice nurses: Registered nurses with advanced didactic and clinical education, knowledge, skills, and scope of practice. Includes: Physician assistant; nurse practitioner; clinical nurse specialist. [APRN].

AHA ID: AHA assigned unique identification number. [ID].

Air ambulance services: Aircraft and especially a helicopter equipped for transporting the injured or sick. Most air ambulances carry critically ill or injured patients, whose condition could rapidly change for the worse. [AMBAHOS].

Airborne infection isolation room: A single-occupancy room for patient care where environmental factors are controlled in an effort to minimize the transmission of those infectious agents, usually spread person to person by droplet nuclei associated with coughing or inhalation. Such rooms typically have specific ventilation requirements for controlled ventilation, air pressure and filtration. [AIRBHOS].

Alcohol/drug abuse or dependency inpatient care: Provides diagnosis and therapeutic services to patients with alcoholism or other drug dependencies. Includes care for inpatient/residential treatment for patients whose course of treatment involves more intensive care than provided in an outpatient setting or where patient requires supervised withdrawal. [ALCHHOS].

Alcohol-chemical dependency outpatient services: Organized hospital services that provide medical care and/or rehabilitative treatment services to outpatients for whom the primary diagnosis is alcoholism or other chemical dependency. [ALCOPHOS].

Alcohol-chemical dependency partial hospitalization services: Organized hospital services providing intensive day/evening outpatient services of three hour or more duration, distinguished from other outpatient visits of one hour. [ACLPRHOS].

Alcohol-chemical dependency pediatric hospitalization services: Provides diagnosis and therapeutic services to

pediatric patients with alcoholism or other drug dependencies. Includes care for inpatient/residential treatment for patients whose course of treatment involves more intensive care than provided in an outpatient setting or where patient requires supervised withdrawal. [ALCPDHOS].

Alzheimer Center: Facility that offers care to persons with Alzheimer's disease and their families through an integrated program of clinical services, research, and education. [ALZHOS].

Ambulance services: Provision of ambulance services to the ill and injured who require medical attention on a scheduled or unscheduled basis. [AMBHOS].

Ambulatory surgery center: Facility that provides care to patients requiring surgery who are admitted and discharged on the same day. Ambulatory surgery centers are distinct from same day surgical units within the hospital outpatient departments for purposes of Medicare payments. [AMBSHOS].

Arthritis treatment center: Specifically equipped and staffed center for the diagnosis and treatment of arthritis and other joint disorders. [ARTHCHOS].

Assisted living: A special combination of housing, supportive services, personalized assistance and health care designed to respond to the individual needs of those who need help in activities of daily living and instrumental activities of daily living. Supportive services are available, 24 hours a day, to meet scheduled and unscheduled needs, in a way that promotes maximum independence and dignity for each resident and encourages the involvement of a resident's family, neighbor and friends. [ASSTLHOS].

Assistive technology center: A program providing access to specialized hardware and software with adaptations allowing individuals greater independence with mobility, dexterity, or increased communication options. [RASTHOS].

Auxiliary: A volunteer community organization formed to assist the hospital in carrying out its purpose and to serve as a link between the institution and the community. [AUXHOS].

Average daily census: The average number of people served on an inpatient basis on a single day during the reporting period; the figure is calculated by dividing the number of inpatient days by the number of days in the reporting period. [ADC].

B

Bad debt: The provision for actual or expected uncollectibles resulting from the extension of credit. Report as a deduction from revenue.

Bariatric / weight control services: Bariatrics is the medical practice of weight reduction. [BWHTHOS].

Bassinets set up and staffed: Beds for babies, either normal newborns or those receiving special care in a neonatal intensive or intermediate care unit. Bassinets for normal newborns are not counted as inpatient beds, but as a separate count. Bassinets in neonatal intensive and intermediate care units are counted as part of the hospital's overall staffed and/or licensed bed count. [BASSIN].

Bed-size category: Hospitals are categorized by the number of beds set-up and staffed for use at the end of the reporting period. The eight categories are: 6-24 beds, 25-49, 50-99, 100-199, 200-299, 300-399, 400-499, 500+ [BSC].

Beds (total facility): Number of beds regularly maintained (set up and staffed for use) for inpatients as of the close of the reporting period. If the hospital owns and operates a nursing home type unit/facility then total facility beds is a combined total of hospital plus nursing home unit beds. Excludes newborn bassinets. [BDTOT].

Birthing room/LDR room/LDRP room: A single-room type of maternity care with a more homelike setting for families than the traditional three-room unit (labor/delivery/recovery) with a separate postpartum area. A birthing room combines labor and delivery in one room. An LDR room accommodates all four stages of the birth process—labor, delivery, recovery, and postpartum. [BROOMHOS].

Births: Total number of infants born in the hospital during the reporting period. Births do not include infants transferred from other institutions, and are excluded from admission and discharge figures. [BIRTHS].

Blood donor center: A facility that performs, or is responsible for the collection, processing, testing or distribution of blood and components. [BLDOHOS].

Bone marrow transplant: The branch of medicine that transfers healthy bone marrow from one person to another or from one part to another to replace a diseased structure or to restore function. [OTBONHOS].

Breast cancer screening /

mammograms: Provides mammography screening--the use of breast x-ray to detect unsuspected breast cancer in asymptomatic women. Diagnostic mammography-- the x-ray imaging of breast tissue in symptomatic women who are considered to have a substantial likelihood of having breast cancer already. [MAMMSHOS].

Bundled payment: Bundling is a payment mechanism whereby a provider entity receives a single payment for services provided across one or parts of the care continuum. For example, an entity might receive a single payment for the hospital and physician services provided as part of an inpatient stay or might receive a single payment for the post-acute care services involved in a single episode of care. The entity then has the responsibility for compensating each of the individual providers involved in the episode of care. [BNDPAY].

Burn care: Provides care to severely burned patients. Severely burned patients are those with any of the following: (1) second-degree burns of more than 25% total body surface area for adults or 20% total body surface area for children; (2) third-degree burns of more than 10% total body surface area; (3) any severe burns of the hands, face, eyes, ears, or feet; or (4) all inhalation injuries, electrical burns, complicated burn injuries involving fractures and other major traumas, and all other poor risk factors. [BRNHOS].

C

Capitation: An at-risk payment arrangement in which an organization receives a fixed prearranged payment and in turn guarantees to deliver or arrange all medically necessary care required by enrollees in the capitated plan. The fixed amount is specified within contractual agreements between the payor and the involved organization. The fixed payment amount is based on an actuarial assessment of the services required by enrollees and the costs of providing these services, recognizing enrollees' adjustment factors such as age, sex, and family size.

Cardiac electrophysiology: Evaluation and management of patients with complex rhythm or conduction abnormalities, including diagnostic testing, treatment of arrhythmias by catheter ablation or drug therapy, and pacemaker/defibrillator implantation and follow-up. [ADTEHOS].

Cardiac intensive care: Provides patient care of a more specialized nature than the usual medical and surgical care, on the basis of physicians' orders and approved nursing care plans. The unit is staffed with specially trained nursing personnel and contains monitoring and special support or treatment equipment for patients who, because of heart seizure, open-heart surgery, or other life-threatening conditions, require intensified, comprehensive observation and care.

May include myocardial infarction, pulmonary care, and heart transplant units. [CICHOS].

Cardiac rehabilitation: A medically supervised program to help heart patients recover quickly and improve their overall physical and mental functioning. The goal is to reduce risk of another cardiac event or to keep an already present heart condition from getting worse. Cardiac rehabilitation programs include: counseling to patients, an exercise program, helping patients modify risk factors such as smoking and high blood pressure, providing vocational guidance to enable the patient to return to work, supplying information on physical limitations and lending emotional support. [CHABHOS].

Case management: A system of assessment, treatment planning, referral and follow-up that ensures the provision of comprehensive and continuous services and the coordination of payment and reimbursement for care. [CMNGTHOS].

CBSA name: The term Core-Based Statistical Area (CBSA) is a collective term for both Metropolitan and Micropolitan areas. A metropolitan area has a population of more than 50,000; while a micropolitan area has a population between 10,000 and 50,000. [CBSANAME].

CBSA type: Type of Core-based statistical Area (CBSA). The Metro type designates a Metropolitan Statistical Area. The Micro type designates a Micropolitan Statistical Area. *Also see Census Division Type.* [CBSATYPE].

Census Bureau codes: FIPS State and County Code. [FCOUNTY].

Certified trauma center: A facility certified to provide emergency and specialized intensive care to critically ill and injured patients. [TRAUMHOS].

Chaplaincy/pastoral care services: A service ministering religious activities and providing

pastoral counseling to patients, their families, and staff of a health care organization. [CHAPHOS].

Chemotherapy: An organized program for the treatment of cancer by the use of drugs or chemicals. [CHTHHOS].

Children's wellness program: A program that encourages improved health status and a healthful lifestyle of children through health education, exercise, nutrition and health promotion. [CWELLHOS].

Chiropractic services: An organized clinical service including spinal manipulation or adjustment and related diagnostic and therapeutic services. [CHIHOS].

Clinically integrated network: A collection of healthcare providers, such as physicians, hospitals, and post-acute evidence-based care guidelines to provide high-quality care across participating providers. [CINHSP].

Closed cardiac intensive care: Are only intensivists authorized to care for ICU patients in medical-surgical intensive care? [CLSCIC].

Closed medical surgical intensive care: Are only intensivists authorized to care for ICU patients in medical-surgical intensive care? [CLSMSI].

Closed neonatal intensive care: Are only intensivists authorized to care for patients in neonatal intensive care? [CLSNIC].

Closed other intensive care: Are only intensivists authorized to care for patients in other intensive care? [CLSOIC].

Closed pediatric intensive care: Are only intensivists authorized to care for patients in pediatric intensive care? [CLSPIC].

Closed physician-hospital

organization (Closed PHO): A joint venture between the hospital and physicians who have been selected on the basis of cost-effectiveness and/or high quality. The PHO can act as a unified agent in managed care contracting, own a managed care plan, own and operate ambulatory care centers or ancillary services projects, or provide administrative services to physician members. [CPHOHOS] [CPHOSYS].

Co-located hospitals: Co-location refers to two or more entities, with separate CMS Certification Numbers (CCNs) occupying the same building, or conjoined buildings.

Combined Statistical Area name: The name of a Combined Statistical Area (CSA). A CSA is composed of adjacent Metropolitan and Micropolitan Statistical areas as defined by the U.S. Census Bureau. [CSANAME].

Combined Statistical Area code: The code for a Combined Statistical Area (CSA). A CSA is composed of adjacent Metropolitan and Micropolitan Statistical areas as defined by the U.S. Census Bureau. [CSACODE].

Community health education: Education that provides information to individuals and populations, support to personal, family and community health decisions with the objective of improving health status. [HLTHCHOS].

Community hospital designation: Community hospitals are designated as all nonfederal, short-term general, and special hospitals, including special childrens hospitals, whose facilities and services are available to the public. [CHC] [COMMTY].

Community outreach: A program that systematically interacts with the community to identify those in need of services, alerting persons and their families to the availability of services, locating needed services, and enabling persons to enter the service delivery system. [COUTRHOS].

Complementary and alternative

medicine services: Organized hospital services or formal arrangements to providers that provide care or treatment not based solely on traditional western allopathic medical teachings as instructed in most U.S. medical schools. Includes any of the following: acupuncture, chiropractic, homeopathy, osteopathy, diet and lifestyle changes, herbal medicine, massage therapy, etc. [COMPHOS].

Computed-tomography (CT) scanner: Computed tomographic scanner for head or whole body scans. [CTSCNHOS].

Computer assisted orthopedic surgery: Orthopedic surgery using computer technology, enabling three-dimensional graphic models to visualize a patient's anatomy. [CAOSHOS].

Contract managed hospital: Indicates whether hospital is contract managed. General day-to-day management of an entire organization by another organization under a formal contract. Managing organization reports directly to the board of trustees or owners of the managed organization; managed organization retains total legal responsibility and ownership of the facility's assets and liabilities. [MNGT].

Control/Ownership type: The type of organization responsible for establishing policy concerning the overall operation of the hospital. The three major categories are government (including federal, state, and local); nongovernment (nonprofit); and investor-owned (for-profit). [CNTRL].

Crisis prevention: Services provided in order to promote physical and mental well-being and the early identification of disease and ill health prior to the onset and recognition of symptoms so as to permit early treatment. [CPREXHOS].

D

Dental services: An organized dental service or dentists on staff, not necessarily involving special facilities, providing dental or oral services to inpatients or outpatients. [DENTSHOS].

Diabetes prevention program: Program to prevent or delay the onset of type 2 diabetes by offering evidence-based lifestyle changes based on research studies, which showed modest behavior changes helped individuals with prediabetes reduce their risk of developing type 2 diabetes. [DPPHOS].

Depreciation expense: The cost of wear and tear, inadequacy, obsolescence, etc. on buildings and equipment, expressed as an expense for a given reporting period. [DPEXA].

Diagnostic radioisotope facility: The use of radioactive isotopes (radiopharmaceuticals) as tracers or indicators to detect an abnormal condition or disease. [DRADFHOS].

Direct patient care RNs: Registered nurses providing care directly to patients. Direct patient care responsibilities are patient-centered nursing activities carried out in the presence of the patient (such as admission, transfer/discharge, patient teaching, patient communication, treatments, counseling, and administration of medication). [ERNFTE].

Distributor: An entity that typically does not manufacture most of its own products but purchases and re-sells these products. Such a business usually maintains an inventory of products for sales to hospitals and physician offices and others. [SUPPLY].

E

Electrodiagnostic services: Diagnostic testing services for nerve and muscle function

including services such as nerve conduction studies and needle electromyography. [REDSHOS].

Electron Beam Computed

Tomography (EBCT): A high tech computed tomography scan used to detect coronary artery disease by measuring coronary calcifications. This imaging procedure uses electron beams which are magnetically steered to produce a visual of the coronary artery and the images are produced faster than conventional CT scans. [EBCTHOS].

Emergency room visits: Number of emergency room visits reported by the hospital. An emergency room visit is defined as a visit to the emergency unit. When an emergency outpatient is admitted to the inpatient area of the hospital, he or she is counted as an emergency room visit and subsequently, as inpatient admissions. [VEM].

Emergency services: Health services that are provided after the onset of a medical condition that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a prudent layperson, who possesses an average knowledge of health and medicine, to result in placing the patient's health in serious jeopardy.

- **On-campus emergency department:** Hospital facilities for the provision of unscheduled outpatient services to patients whose conditions require immediate care. [EMDEPHOS].
- **Off-campus emergency department:** A facility owned and operated by the hospital but physically separate from the hospital for the provision of unscheduled outpatient services to patients whose conditions require immediate care. A freestanding ED is not physically connected to a hospital but has all the necessary

emergency staffing and equipment on site. [FSERHOS].

Employment services: Services designed to support individuals with significant disabilities to seek and maintain employment. [EMSSHOS].

Enabling services: A program that is designed to help the patient access health care services by offering any of the following linguistic services, transportation services, and/or referrals to local social services agencies. [ENBHOS].

Endoscopic retrograde

cholangiopancreatography (ERCP): A procedure in which a catheter is introduced through an endoscope into the bile ducts and pancreatic ducts. Injection of contrast material permits detailed x-ray of these structures. The procedure is used diagnostically as well as therapeutically to relieve obstruction or remove stones. [ENDORHOS].

Endoscopic ultrasound: Specially designed endoscope that incorporates an ultrasound transducer used to obtain detailed images of organs in the chest and abdomen. The endoscope can be passed through the mouth or the anus. When combined with needle biopsy the procedure can assist in diagnosis of disease and staging of cancer. [ENDOUHOS].

Enrollment (insurance) assistance

program: A program that provides enrollment assistance for patients who are potentially eligible for public health insurance programs such as Medicaid, State Children's Health Insurance, or local/state indigent care programs. The specific services offered could include explanation of benefits, assist applicants in completing the application and locating all relevant documents, conduct eligibility interviews, and/or forward applications and documentation to state/local social service or health agency. [ENRHOS].

Equity model: An arrangement that allows established practitioners to become shareholders in a professional corporation in exchange for tangible

and intangible assets of their existing practices. [EQMODHOS] [EQMODSYS].

Esophageal impedance study: A test in which a catheter is placed through the nose into the esophagus to measure whether gas or liquids are passing from the stomach into the esophagus and causing symptoms. [ENDOEHOS].

Expenses: See *Total facility expenses*.

Extracorporeal shock waved

lithotripter (ESWL): A medical device used for treating stones in the kidney or urethra. The device disintegrates kidney stones noninvasively through the transmission of acoustic shock waves directed at the stones. [ESWLHOS].

F

Fertility clinic: A specialized program set in an infertility center that provides counseling and education as well as advanced reproductive techniques such as: injectable therapy, reproductive surgeries, treatment for endometriosis, male factor infertility, tubal reversals, in vitro fertilization (IVF), donor eggs, and other such services to help patients achieve successful pregnancies. [FRTCHOS].

Fitness center: Provides exercise, testing, or evaluation programs and fitness activities to the community and hospital employees. [FITCHOS].

Fixed assets: Represent land and physical properties that are consumed or used in the creation of economic activity by the health care entity. The historical or acquisition costs are used in recording fixed assets. Net plant, property, and equipment represent the original costs of these items less accumulated depreciation and amortization.

Foundation: A corporation, organized as a hospital affiliate or subsidiary, that purchases both tangible and intangible assets of one or more

medical group practices. Physicians remain in a separate corporate entity but sign a professional services agreement with the foundation. [FOUNDHOS] [FOUNDSYS].

Freestanding outpatient care center:

A facility owned and operated by the hospital, but physically separate from the hospital, that provides various medical treatments on an outpatient basis only. In addition to treating minor illnesses or injuries, the center will stabilize seriously ill or injured patients before transporting them to a hospital. Laboratory and radiology services are usually available. [OPCENHOS].

Full-field digital mammography:

Combines the x-ray generators and tubes used in analog screen-film mammography (SFM) with a detector plate that converts the x-rays into a digital signal. [FFDMHOS].

Full time equivalent employees (FTE):

Full time personnel on payroll plus one half of the part-time personnel on payroll.

G

General medical/surgical adult care:

Provides acute care to adult patients in medical and surgical units on the basis of physicians' orders and approved nursing care plans. [GENHOS].

General medical/surgical pediatric

care: Provides acute care to pediatric patients on the basis of physicians' orders and approved nursing care plans. [PEDHOS].

Genetic testing / counseling: A service equipped with adequate laboratory facilities and directed by a qualified physician to advise parents and prospective parents on potential problems in cases of genetic defects. A genetic test is the analysis of human DNA, RNA, chromosomes, proteins, and certain metabolites in order to detect heritable disease-related genotypes, mutations, phenotypes, or karyotypes for clinical purposes.

Genetic tests can have diverse purposes, including the diagnosis of genetic diseases in newborns, children, and adults; the identification of future health risks; the prediction of drug responses; and the assessment of risks to future children. [GNTCHOS].

Geriatric services: The branch of medicine dealing with the physiology of aging and the diagnosis and treatment of disease affecting the aged. Services could include: adult day care; Alzheimer's diagnostic-assessment services; comprehensive geriatric assessment; emergency response system; geriatric acute care unit; and/or geriatric clinics. [GERSVHOS].

Group practice without walls: In this organization, the hospital sponsors the formation of a physician group or provides capital to physicians to establish one. The group shares administrative expenses, although the physicians remain independent practitioners. [GPWWHOS] [GPWWSYS].

Group Purchasing Organization (GPO):

An organization whose primary function is to negotiate contracts for the purpose of purchasing for members of the group or has a central supply site for its members. [GROUP].

H

Health fair: Community health education events that focus on the prevention of disease and promotion of health through such activities as audiovisual exhibits and free diagnostic services. [HLTHFHOS].

Health research: Organized hospital research program in any of the following areas: basic research, clinical research, community health research, and/or research on innovative health care delivery. [HLTRHOS].

Health screenings: A preliminary procedure such as a test or examination to detect the most

characteristic sign or signs of a disorder that may require further investigation. [HLTHSHOS].

Health system taxonomy: A health system is assigned to one of five categories based on how much they differentiate and centralize their hospital services, physician arrangements, and provider-based insurance products. Differentiation refers to the number of different products or services that the organization offers. Centralization refers to whether decision-making and service delivery emanates from the system level more so than individual hospitals. [CLUSTER].

Heart transplant: The branch of medicine that transfers a heart organ or tissue from one person to another to replace a diseased structure or to restore function. [HARTHOS].

Hemodialysis: Provision of equipment and personnel for the treatment of renal insufficiency on an inpatient or outpatient basis. [HEMOHOS].

HIV-AIDS services: Special unit or team designated and equipped specifically for diagnosis, treatment, continuing care planning, and counseling services for HIV-AIDS patients and their families. *General inpatient care for HIV-AIDS* - Inpatient diagnosis and treatment for human immunodeficiency virus and acquired immunodeficiency syndrome patients, but dedicated unit is not available. *Specialized outpatient program for HIV-AIDS* - Special outpatient program providing diagnostic, treatment, continuing care planning, and counseling for HIV-AIDS patients and their families. [AIDSSHOS].

Home health services: Service providing nursing, therapy, and health-related homemaker or social services in the patient's home. [HOMEHHOS].

Hospice: A program providing palliative care, chiefly medical relief of pain and supportive services, addressing the emotional, social, financial, and legal needs of terminally ill patients and their families. Care can be provided in a variety

of settings, both inpatient and at home. [HOSPCHOS].

Hospital location: Indicates whether a hospital is in an urban or rural location. [LOCATION].

Hospital total expenses (including bad debt): Includes all payroll and non-payroll expenses (including bad debt) as well as any non-operating losses (including extraordinary losses). [EXPTHA].

Hospital unit beds: Only operating beds, not constructed bed capacity. Includes all bed facilities that are set up and staffed for use by inpatients that have no other bed facilities, such as pediatric bassinets, isolation units, quiet rooms, and reception and observation units assigned to or reserved for them. Exclude newborn bassinets and bed facilities for patients receiving special procedures for a portion of their stay and who have other bed facilities assigned to or reserved for them. Exclude, for example, labor room, post anesthesia, or postoperative recovery room beds, psychiatric holding beds, and beds that are used only as holding facilities for patients prior to their transfer to another hospital. [BDH].

Hospital-base outpatient care center / services: Organized hospital health care services offered by appointment on an ambulatory basis. Services may include outpatient surgery, examination, diagnosis, and treatment of a variety of medical conditions on a non-emergency basis, and laboratory and other diagnostic testing as ordered by staff or outside physician referral. [OPHOSHOS].

Hospitalists provide care: Indicates whether hospitalists provide patient care in the hospital. [HSPTL].

Image-guided radiation therapy:

Automated system for image-guided radiation therapy that enables clinicians to obtain high-resolution x-ray images to pinpoint tumor sites, adjust patient positioning when necessary, and complete a treatment, all within the standard treatment time slot, allowing for more effective cancer treatments. [IGRTHOS].

Immunization program: Program that plans, coordinates and conducts immunization services in the community. [IMPRHOS].

Independent practice association:

Hospital sponsors an independent practice association (IPA), a legal entity that holds managed care contracts. The IPA then contracts with physicians, usually in solo practice, to provide care either on a fee-for-services or capitated basis. The purpose of an IPA is to assist solo physicians in obtaining managed care contracts. [IPAHOS] [IPASYS].

Indigent care clinic: Health care services for uninsured and underinsured persons where care is free of charge or charged on a sliding scale. This would include free clinics staffed by volunteer practitioners, but could also be staffed by employees with the sponsoring health care organization subsidizing the cost of service. [ICARHOS].

Information technology:

- a. **IT operating expense.** [ITEXPA].
- b. **IT capital expense.** [ITBUGT].
- c. **Number of employed IT staff in FTEs.** [ITFTE].
- d. **Total number of outsourced IT staff.** [OSFTE].

Inpatient days: The number of adult and pediatric days of care, excluding newborn days of

care, rendered during the entire reporting period. [IPDTOT].

Inpatient days (hospital unit): The number of adult and pediatric days of care, excluding newborn days of care, rendered during the entire reporting period. [IPDH].

Inpatient palliative care unit: An inpatient palliative care ward is a physically discreet, inpatient nursing unit where the focus is palliative care. The patient care focus is on symptom relief for complex patients who may be continuing to undergo primary treatment. Care is delivered by palliative medicine specialists. [IPALHOS].

Insurance products:

- a. **Medicare Advantage** - Health Insurance program within Part C of Medicare. Medicare Advantage plans provide a managed health care plan (typically a health maintenance organization (HMO) but also often a preferred provider organization (PPO) or another type of managed care arrangement) that is paid based on a monthly capitated fee. This Part of Medicare provides beneficiaries an alternative to "Original Medicare" Parts A and B Medicare, which provides insurance for the same medical services but pays providers a fee for service (FFS) directly rather than through managed care plans. [MEDNP].
- b. **Medicaid Managed Care** - Services through an arrangement between a state Medicaid agency and managed care organizations (MCOs) that accept a set payment – “capitation” – for these services. [MMCNP].
- c. **Health Insurance Marketplace** - Also called health exchanges, are organizations set up to facilitate the purchase of health insurance in each state in accordance with Patient Protection and Affordable Care Act. Marketplaces provide a set of government-regulated and standardized health care plans from which individuals may purchase

- health insurance policies eligible for federal subsidies. [HLINNP].
- d. **Other Individual Market** - Health insurance coverage offered to individuals other than in connection with a group health plan. [OTHINP].
 - e. **Small Group** - A group health plan that covers employees of an employer that has less than 50 employees. [SMGPNP].
 - f. **Large Group** - A group health plan that covers employees of an employer that has 51 or more employees. [LGRPNNP].

Integrated salary model: In this arrangement, physicians are salaried by the hospital or other entity of a health system to provide medical services for primary care and specialty care. [ISMHOS] [ISMSYS].

Intensity-Modulated Radiation

Therapy (IMRT): A type of three-dimensional radiation therapy, which improves the targeting of treatment delivery in a way that is likely to decrease damage to normal tissues and allows varying intensities. [IMRTHOS].

Intensivists provide care: Intensivists are board-certified physicians who are additionally certified in the sub-specialty of critical care medicine; or physicians board-certified in emergency medicine who have completed a critical care fellowship in an ACGME accredited program; or physicians board-certified in Medicine, Anesthesiology, Pediatrics or Surgery who completed training prior to the availability of sub-specialty certification in critical care and who have provided at least six weeks of full-time ICU care annually since 1987. [INTCAR].

Interest expense: Interest payments made by the hospital on bank loans, notes, bonds, and mortgages. [INTEXA].

Intermediate nursing care: Provides health-related services (skilled nursing care and social services) to residents with a variety of physical conditions or functional disabilities. These

residents do not require the care provided by a hospital or skilled nursing facility, but do need supervision and support services. [ICFHOS].

Intraoperative magnetic resonance

imaging: An integrated surgery system which provides an MRI system in an operating room. The system allows for immediate evaluation of the degree to tumor resection while the patient is undergoing a surgical resection. Intraoperative MRI exists when a MRI (low-field or high-field) is placed in the operating theater and is used during surgical resection without moving the patient from the operating room to the diagnostic imaging suite. [IMRIHOS].

J

Joint venture: A contractual arrangement between two or more parties forming an unincorporated business. The participants in the arrangements remain independent and separate outside of the venture purpose.

K

Kidney transplant: The branch of medicine that transfers a kidney organ or tissue from one person to another to replace a diseased structure or to restore function. [KDNYPHOS].

L

Laboratory technicians: Number that represents the professional and technical positions in all areas of the laboratory, including, but not limited to, histology, phlebotomy, microbiology, pathology, chemistry, etc. [FTLAB] [PTLAB].

Latitude: Hospital's Latitude. [LAT].

Length of Stay: Length of Stay (LOS) refers to the average number of days a patient stays at the

facility. Short-term hospitals are those where the average LOS is less than 30 days. Long-term hospitals are those where the average LOS is 30 days or more. The figure is derived by dividing the number of inpatient days by the number of admissions. [LOS].

Licensed beds: Total number of beds authorized by the state licensing (certifying agency). [LBEDSA].

Licensed beds (long term unit): Total number of long term unit beds authorized by the state licensing (certifying agency). [LBEDLA].

Licensed practical or vocational nurses: Number that represents the nurses who graduated from an approved school of practical (vocational) nursing who work under the supervision of registered nurses and/or physicians. [FTLPNTF] [PTLPNTF].

Linguistic/translation services: Services provided by the hospital designed to make health care more accessible to non-English speaking patients and their physicians. [LINGHOS].

Liver transplant: The branch of medicine that transfers a liver organ or tissue from one person to another to replace a diseased structure or to restore function. [LIVRHOS].

Longitude: Hospital's Longitude. [LONG].

Lung transplant: The branch of medicine that transfers a lung organ or tissue from one person to another to replace a diseased structure or to restore function. [LUNGHOS].

M

Magnetic resonance imaging (MRI): The use of a uniform magnetic field and radio frequencies to study tissue and structure of the body. This procedure enables the visualization of biochemical activity of the cell in vivo without the

use of ionizing radiation, radioisotopic substances, or high-frequency sound. [MRIHOS].

Magnetoencephalography: A noninvasive neurophysiological measurement tool used to study magnetic fields generated by neuronal activity of the brain. MEG provides direct information about the dynamics of evoked and spontaneous neural activity and the location of their sources in the brain. The primary uses of MEG include assisting surgeons in localizing the source of epilepsy, sensory mapping, and the study of brain function. When it is combined with structural imaging, it is known as *magnetic source imaging (MSI)*. [MEGHOS].

Management service organization: Hospital maintains a corporation, owned by the hospital or a physician/hospital joint venture, that provides management services to one or more medical group practices. The management services organization (MSO) purchases the tangible assets of the practices and leases them back as part of a full-service management agreement, under which the MSO employs all non-physician staff and provides all supplies/administrative systems for a fee. [MSOHOS] [MSOSYS].

Meal delivery services: A hospital-sponsored program which delivers meals to people, usually the elderly, who are unable to prepare their own meals. Low cost, nutritional meals are delivered to individuals' homes on a regular basis. [MEALSHOS].

Medical/surgical intensive care: Provides patient care of a more intensive nature than the usual medical and surgical care, on the basis of physicians' orders and approved nursing care plans. These units are staffed with specially trained nursing personnel and contain monitoring and specialized support equipment for patients who because of shock, trauma or other life-threatening conditions require intensified comprehensive observation and care. Includes mixed intensive care units. [MSICHOS].

Medicare provider ID: A formal identification number issued by the Medicare program to identify hospitals that are eligible to participate in the Medicare program. Also known as CMS Certification Number (CCN) [MCRNUM].

Metropolitan Division name: Defined by the U.S. Census Bureau. Metropolitan Divisions are small groups of counties within a Metropolitan Statistical Area that comprise a core population.

Metropolitan Division code: Code for an assigned Metropolitan Division as assigned by the U.S. Census Bureau.

Mobile Health Services: Vans and other vehicles used to deliver primary care services. [MOHSHOS].

Modified FIPS County Code: Three-digit Federal Information Processing Standards (FIPS) code assigned by the Census Bureau. County codes generally are odd numbers assigned to an alphabetical listing of the counties within a state. Baltimore City is included in Baltimore County, St Louis City is included in St Louis County, and the independent cities in Virginia are each included in the contiguous counties. Kalawao County, Hawaii is included in Maui County. The four Alaska Judicial Divisions were used as counties. This is an AHA-derived code. [MCNTYCD].

More foreign-educated nurses hired to fill RN vacancies: The facility hired more foreign-educated nurses this year than last year to help fill RN vacancies. Foreign-educated nurses are individuals who are foreign born and received basic nursing education in a foreign country. [FORNRSA].

Multi-slice spiral computed tomography <64 slice: A specialized computer tomography procedure that provides three-dimensional processing and allows narrower and multiple slices with increased spatial resolution

and faster scanning times as compared to a regular computer tomography scan. [MSCTHOS].

Multi-slice spiral computed tomography 64+ slice: Involves the acquisition of volumetric tomographic x-ray absorption data expressed in Hounsfield units using multiple rows of detectors. 64+ systems reconstruct the equivalent of 64 or greater slices to cover the imaged volume. [MSCTGHOS].

N

Neonatal intensive care: A unit that must be separate from the newborn nursery providing intensive care to all sick infants including those with the very lowest birth weights (less than 1500 grams). NICU has potential for providing mechanical ventilation, neonatal surgery, and special care for the sickest infants born in the hospital or transferred from another institution. A full-time neonatologist serves as director of the NICU. [NICHOS].

Neonatal intermediate care: A unit that must be separate from the normal newborn nursery and that provides intermediate and/or recover care and some specialized services, including immediate resuscitation, intravenous therapy, and capacity for prolonged oxygen therapy and monitoring. [NINTHOS].

Net property, plant and equipment: Original cost of fixed assets less accumulated depreciation and amortization. [ASSNET].

Network member: Hospitals participating in a group that may include other hospitals, physicians, other providers, insurers, and/or community agencies that work together to coordinate and deliver a broad spectrum of services to the community. [NETWRK].

Neurological services: Services provided by the hospital dealing with the operative and nonoperative management of disorders of the

central, peripheral, and autonomic nervous system. [NEROHOS].

Number of airborne infection isolation

rooms: Total number of single-occupancy rooms for patient care where environmental factors are controlled in an effort to minimize the transmission of those infectious agents, usually spread person to person by droplet nuclei associated with coughing or inhalation. Such rooms typically have specific ventilation requirements for controlled ventilation, air pressure and filtration. [AIRBROOM].

Nursing assistive personnel: Number that represents the certified nursing assistant or equivalent unlicensed staff assigned to patient care units and reporting to nursing. [FTAST] [PTAST].

Nursing-home-type unit/facility: A unit/facility that primarily offers the following type of services to a majority of all admissions:

- *Skilled nursing:* The provision of medical and nursing care services, health-related services, and social services under the supervision of a registered nurse on a 24-hour basis.
- *Intermediate care:* The provision, on a regular basis, of health-related care and services to individuals who do not require the degree of care or treatment that a skilled nursing unit is designed to provide.
- *Personal care:* The provision of general supervision and direct personal care services for residents who require assistance in activities of daily living but who do not need nursing services or inpatient care. Medical and nursing services are available as needed.
- *Sheltered/residential care:* The provision of general supervision and protective services for residents who do not need nursing services or continuous personal care services in the conduct of daily life. Medical and nursing services are available as needed.

Nutrition program: Those services within a health care facility which are designed to provide inexpensive, nutritionally sound meals to patients. [NUTRPHOS].

O

Obstetric unit care level: Levels should be designated: (1) unit provides services for uncomplicated maternity and newborn cases; (2) unit provides services for uncomplicated cases, the majority of complicated problems, and special neonatal services; and (3) unit provides services for all serious illnesses and abnormalities and is supervised by a full-time maternal/fetal specialist. [OBLEV].

Obstetrics care: Provides care, examination, treatment, and other services to women during pregnancy, labor, and the puerperium. [OBHOS].

Obstetrics/gynecology: A physician who provides medical and surgical treatment to pregnant women and to mothers following delivery. Also provides diagnostic and therapeutic services to women with diseases or disorders of the reproductive organs. [TEOB] [TCOB] [TGOB] [NEOB] [TPOB].

Occupational health services: Includes services designed to protect the safety of employees from hazards in the work environment. [OCCHSHOS].

Oncology services: Inpatient and outpatient services for patients with cancer, including comprehensive care, support and guidance in addition to patient education and prevention, chemotherapy, counseling and other treatment methods. [ONCOLHOS].

Open physician-hospital organization:

A joint venture between the hospital and all members of the medical staff who wish to participate. The open physician-hospital organization (PHO) can act as a unified agent in managed care contracting, own a managed care plan, own and operate ambulatory care centers or ancillary services projects, or provide administrative services to physician members. [OPHOHOS] [OPHOSYS].

Operating room (number of): A unit/room of a hospital or other health care facility in which surgical procedures requiring anesthesia are performed. [OPRA].

Optical colonoscopy: An examination of the interior of the colon using a long, flexible, lighted tube with a small built-in camera. [ENDOCHOS].

Orthopedic services: Services provided for the prevention or correction of injuries or disorders of the skeletal system and associated muscles, joints and ligaments. [ORTOHOS].

Other care: Any type of care other than those previously listed. [OTHCRHOS].

Other intensive care: A specially staffed, specially equipped, separate section of a hospital dedicated to the observation, care, and treatment of patients with life threatening illnesses, injuries, or complications from which recovery is possible. It provides special expertise and facilities for the support of vital function and utilizes the skill of medical nursing and other staff experienced in the management of these problems. [OTHIHOS].

Other long-term care: Provision of long term care other than skilled nursing care or intermediate care. This can include residential care-elderly housing services for those who do not require daily medical or nursing services, but may require some assistance in the activities of daily living, or sheltered care facilities for developmentally disabled. [OTHLTHOS].

Other outpatient visits (non ER): A visit by a patient who is not lodged in the hospital while receiving medical, dental, or other services. Each visit an outpatient makes to a discrete unit constitutes one visit regardless of the number of diagnostic and/or therapeutic treatments that the patient receives. Total outpatient visits should include all clinic visits, referred visits, observation services, outpatient surgeries, and emergency room visits. [VOTH]. *Also see Total outpatient visits.*

Other special care: Provides care to patients requiring care more intensive than that provided in the acute area, yet not sufficiently intensive to require admission to an intensive care unit. Patients admitted to this area are usually transferred here from an intensive care unit once their condition has improved. These units are sometimes referred to as definitive observation, step-down or progressive care units. [SPCICHOS].

Other Transplant - hospital: Other transplant services includes heart/lung, or other multi-transplant surgeries. [OTOTHOS].

Outpatient surgery: Scheduled surgical services provided to patients who do not remain in the hospital overnight. The surgery may be performed in operating suites also used for inpatient surgery, specially designated surgical suites for outpatient surgery, or procedure rooms within an outpatient care facility. [OPSRGHOS].

P

Paid on capitated basis: The percentage of the hospital's net patient revenue that is paid on a capitated base. Capitation is an at-risk payment arrangement in which an organization receives a fixed prearranged payment and in turn guarantees to deliver or arrange all medically necessary care required by enrollers in the capitated plan. The fixed amount is specified within contractual agreements between the payor and the involved organization. [CPPCT].

Paid on shared risk basis: The percentage of the hospital's net patient revenue that is paid on a shared risk basis. A payment arrangement in which a hospital and a managed care organization share the risk of adverse claims experience. Methods for sharing risk could include: capitation with partial refunds or supplements if billed hospital charges or costs differ from capitated payments, and service or discharge-based payments with withholds and bonus payouts that depend on expenditure targets. [CAPRSK].

Pain management program: A recognized clinical service or program providing specialized medical care, drugs or therapies for the management of acute or chronic pain and other distressing symptoms, administered by specially trained physicians and other clinicians, to patients suffering from an acute illness of diverse causes. [PAINHOS].

Palliative care program: An organized program providing specialized medical care, drugs or therapies for the management of acute or chronic pain and/or the control of symptoms administered by specially trained physicians and other clinicians; and supportive care services, such as counseling on advanced directives, spiritual care, and social services, to patients with advanced disease and their families. [PALHOS].

Patient controlled analgesia: Patient-controlled Analgesia (PCA) is intravenously administered pain medicine under the patient's control. The patient has a button on the end of a cord that can be pushed at will, whenever more pain medicine is desired. This button will only deliver more pain medicine at pre-determined intervals, as programmed by the doctor's order. [PCAHOS].

Patient-centered medical home: The medical home concept refers to the provision of comprehensive primary care services that facilitates communication and shared decision-making between the patient, his/her primary care providers, other providers, and the patient's family. [MEDHME].

Patient education center: Written goals and objectives for the patient and/or family related to therapeutic regimens, medical procedures, and self care. [PATEDHOS].

Patient representative services: Organized hospital services providing personnel through whom patients and staff can seek solutions to institutional problems affecting the delivery of high-quality care and services. [PATRPHOS].

Pediatric cardiac electrophysiology: See *Cardiac electrophysiology*. [PEDEHOS].

Pediatric cardiac surgery - hospital: Includes minimally invasive procedures that include surgery done with only a small incision or no incision at all, such as through a laparoscope or an endoscope and more invasive major surgical procedures that include open chest and open heart surgery. [PEDCSHOS].

Pediatric cardiology services: An organized clinical service offering diagnostic and interventional procedures to manage the full range of pediatric heart conditions. [PCARDHOS].

Pediatric diagnostic catheterization: Cardiac angiography, also called coronary angiography or coronary arteriography, is used to assist in diagnosing complex heart conditions. It involves the insertion of a tiny catheter into the artery in the groin then carefully threading the catheter up into the aorta where the coronary arteries originate. Once the catheter is in place, a dye is injected which allows the cardiologist to see the size, shape, and distribution of the coronary arteries. Images are used to diagnose heart disease and to determine, whether or not surgery is indicated. [PCLABHOS].

Pediatric emergency department: A recognized hospital emergency department capable of identifying those pediatric patients who are critically ill or injured, stabilizing pediatric patients, including the management of airway, breathing and circulation and providing an appropriate transfer to a definitive care facility.

Pediatric intensive care: Provides care to pediatric patients that is of a more intensive nature than that usually provided to pediatric patients. The unit is staffed with specially trained personnel and contains monitoring and specialized support equipment for treatment of patients who, because of shock, trauma, or other life-threatening conditions, require intensified, comprehensive observation and care. [PEDICHOS].

Pediatric interventional cardiac

catheterization: Non surgical procedure that utilizes the same basic principles as diagnostic catheterization and then uses advanced techniques to improve the heart's function. It can be a less-invasive alternative to heart surgery. [PELABHOS].

Pharmacists, licensed: Number that represents the persons licensed within the state who are concerned with the preparation and distribution of medicinal products. [FTPHR] [PTPHR].

Pharmacy expense: Includes the cost of drugs and pharmacy supplies requested to patient care departments and drugs charged to patients. [PHREXA].

Pharmacy technicians: Number that represents the persons who assist the pharmacist with selected activities, including medication profile reviews for drug incompatibilities, typing labels and prescription packaging, handling or purchase records and inventory control. [FTPHT] [PTPHT].

Physical rehabilitation care: Provides care encompassing a comprehensive array of restoration services for the disabled and all support services necessary to help patients attain their maximum functional capacity. [REHABHOS].

Physical rehabilitation outpatient

services: Outpatient program providing medical, health-related, therapy, social, and/or vocational services to help disabled persons attain or retain their maximum functional capacity. [RHBOPHOS].

Physicians and dentists: Number that represents the full-time employed physicians and dentists employed directly by the hospital. Includes only those physicians and dentists engaged in clinical practice and on the payroll. Those who hold administrative positions are reported as other personnel. The number excludes those physicians and dentists who are paid on a fee basis and should not be interpreted as representing the size

of the hospital's medical staff. [FTMDTF] [PTMDTF].

Positron emission tomography (PET):

A nuclear medicine imaging technology which uses radioactive (positron emitting) isotopes created in a cyclotron or generator and computers to produce composite pictures of the brain and heart at work. PET scanning produces sectional images depicting metabolic activity or blood flow rather than anatomy. [PETHOS].

Positron emission tomography/CT

(PET/CT): Provides metabolic functional information for the monitoring of chemotherapy, radiotherapy, and surgical planning. [PETCTHOS].

Primary care department: A unit or clinic within the hospital that provides primary care services (e.g. general pediatric care, general internal medicine, family practice, gynecology) through hospital-salaried medical and/or nursing staff, focusing on evaluating and diagnosing medical problems and providing medical treatment on an outpatient basis. [PCDEPHOS].

Primary service: The category best describing the hospital's type of service provided to the majority of admissions. [SERV].

Property, plant & equipment at cost:

Represents land and physical properties that are consumed or used in the creation of economic activity by the health care entity. The historical or acquisition costs are used in recording fixed assets. [PLNTA].

Prosthetic and orthotic services:

Services providing comprehensive prosthetic and orthotic evaluation, fitting, and training. [RPRSHOS].

Proton beam therapy: A form of radiation therapy which administers proton beams. While producing the same biologic effects as x-ray beams, the energy distribution of protons differs from conventional x-ray beams in that they can be

more precisely focused in tissue volumes in a three-dimensional pattern resulting in less surrounding tissue damage than conventional radiation therapy permitting administration of higher doses. [PTONHOS].

Psychiatric care: Provides acute or long-term care to emotionally disturbed patients, including patients admitted for diagnosis and those admitted for treatment of psychiatric problems, on the basis of physicians' orders and approved nursing care plans. Long-term care may include intensive supervision to the chronically mentally ill, mentally disordered, or other mentally incompetent persons. [PSYHOS].

Psychiatric consultation/liaison

services: Provides organized psychiatric consultation/liaison services to nonpsychiatric hospital staff and/or departments on psychological aspects of medical care that may be generic or specific to individual patients. [PSYLSHOS].

Psychiatric education services:

Provides psychiatric educational services to community agencies and workers such as schools, police, courts, public health nurses, welfare agencies, clergy, and so forth. The purpose is to expand the mental health knowledge and competence of personnel not working in the mental health field and to promote good mental health through improved understanding, attitudes, and behavioral patterns. [PSYEDHOS].

Psychiatric emergency services:

Services of facilities available on a 24-hour basis to provide immediate unscheduled outpatient care, diagnosis, evaluation, crisis intervention, and assistance to persons suffering acute emotional or mental distress. [PSYEMHOS].

Psychiatric geriatric services: Provides care to emotionally disturbed elderly patients, including those admitted for diagnosis and those admitted for treatment. [PSYGRHOS].

Psychiatric intensive outpatient

services: A prescribed course of treatment in which the patient receives outpatient care no less than three times a week (which might include more than one service/day). [PSYOIHOS].

Psychiatric outpatient services:

Provides medical care in an outpatient setting, including diagnosis and treatment, of psychiatric outpatients. [PSYOPHOS].

Psychiatric partial hospitalization

program: Organized hospital services of intensive day/evening outpatient services of three hours of more duration, distinguished from other outpatient visits of one hour. [PSYPHHOS].

Psychiatric pediatric care:

Provides care to emotionally disturbed children and adolescents, including those admitted for diagnosis and those admitted for treatment. [PSYCAHOS].

Psychiatric residential treatment:

Overnight psychiatric care in conjunction with an intensive treatment program in a setting other than a hospital. [PSTRTHOS].

R

Radiology technicians:

Number that represents the technical positions in imaging fields, including, but not limited to, radiology, sonography, nuclear medicine, radiation therapy, CT, MRI. [FTRAD] [PTRAD].

Registered nurses:

Number that represents the registered nurses working for the hospital. A nurse who has graduated from an approved school of nursing and who is currently registered by the state. RNs are responsible for the nature and quality of all nursing care that patients receive. The number does not include private duty nurses, and nurses in administrative positions are reported as *other personnel*. [FTRNTF] [PTRNTF].

Respiratory therapists: An allied health professional who specializes in scientific knowledge and theory of clinical problems of respiratory care. [FTRESP][PTRESP].

Retirement housing: A facility that provides social activities to senior citizens, usually retired persons, who do not require health care but some short-term skilled nursing care may be provided. A retirement center may furnish housing and may also have acute hospital and long-term care facilities, or it may arrange for acute and long-term care through affiliated institutions. [RETIRHOS].

Robot-assisted walking therapy: A form of physical therapy that uses a robotic device to assist patients who are relearning how to walk. [RBOHOS].

Robotic surgery: The use of mechanical guidance devices to remotely manipulate surgical instrumentation. [ROBOHOS].

Rural health clinic: A clinic located in a rural, medically under-served area in the United States that has a separate reimbursement structure from the standard medical office under the Medicare and Medicaid programs. [RURLHOS].

S

Self-administered health plan: A health plan in which the employer assumes the financial risk for providing health care benefits to its employees. [SLFPLN].

Separate long-term nursing home: Hospital maintains a separate nursing-home type of long-term care unit. [SUNITS].

Shaped beam radiation system: A precise, non-invasive treatment that involves targeting beams of radiation that mirror the exact size and shape of a tumor at a specific area of a tumor to shrink or destroy cancerous cells. This procedure delivers a therapeutic dose of radiation

that conforms precisely to the shape of the tumor, thus minimizing the risk to nearby tissues. [BEAMHOS].

Shared risk payments: A payment arrangement in which a hospital and a managed care organization share the risk of adverse claims experience. Methods for sharing risk could include: capitation with partial refunds or supplements if billed hospital charges or costs differ from capitated payments, and service or discharge-based payments with withholds and bonus payouts that depend on expenditure targets. [CAPRSK].

Simulated rehabilitation environment: Rehabilitation focused on retraining functional skills in a contextually appropriate environment (simulated home and community settings) or in a traditional setting (gymnasium) using motor learning principles. [RSIMHOS].

Single photon emission computerized tomography (SPECT): A nuclear medicine imaging technology that combines existing technology of gamma camera imaging with computed tomographic imaging technology to provide a more precise and clear image. [SPECTHOS].

Skilled nursing care: Provides non-acute medical and skilled nursing care services, therapy, and social services under the supervision of a licensed registered nurse on a 24-hour basis. [SNHOS].

Sleep center: Specially equipped and staffed center for the diagnosis and treatment of sleep disorders. [SLEPHOS].

Social work services: Organized services that are properly directed and sufficiently staffed by qualified individuals who provide assistance and counseling to patients and their families in dealing with social, emotional, and environmental problems associated with illness or disability, often in the context of financial or discharge planning coordination. [SOCWKHOS].

Sports medicine: Provision of diagnostic screening and assessment and clinical and rehabilitation services for the prevention and treatment of sports-related injuries. [SPORTHOS].

Stereotactic radiosurgery: Stereotactic radiosurgery (SRS) is a radiotherapy modality that delivers a high dosage of radiation to a discrete treatment area in as few as one treatment session. Includes gamma knife, cyberknife, etc. [SRADHOS].

Supplies purchased directly: Indicates whether supplies are purchased directly through distributor. [SUPLY].

Supply expense: The net cost of all tangible items that are expensed including freight, standard distribution cost, and sales and use tax minus rebates. This would exclude labor, labor-related expenses and services as well as some tangible items that are frequently provided as part of labor costs. [SUPEXA].

Support groups: A hospital-sponsored program that allows a group of individuals with the same or similar problems who meet periodically to share experiences, problems, and solutions in order to support each other. [SUPPGHOS].

Surgical operations (inpatient): Surgical services provided to patients who remain in the hospital overnight. A surgical operation involving more than one surgical procedure is considered only one surgical operation. [SUROPIP].

Surgical operations (outpatient): Scheduled surgical services provided to patients who do not remain in the hospital overnight. For the AHA Annual Survey, outpatient surgery may be performed in operating suites also used for inpatient surgery, specially designated surgical suites for outpatient surgery, or procedure rooms within an outpatient care facility. [SUROPOP].

Swing bed services: A hospital bed that can be used to provide either acute or long-term care

depending on community or patient needs. To be eligible a hospital must have a Medicare provider agreement in place, have fewer than 100 beds, be located in a rural area, not have a 24 hour nursing service waiver in effect, have not been terminated from the program in the prior two years, and meet various service conditions. [SWBDHOS].

System member: Hospitals belonging to a corporate body that owns and/or manages health provider facilities or health-related subsidiaries. The system may also own non-health-related facilities. [MHSMEMB].

T

Teen outreach services: A program focusing on the teenager which encourages an improved health status and a healthful lifestyle including physical, emotional, mental, social, spiritual and economic health through education, exercise, nutrition and health promotion. [TEENSHOS].

Telehealth:

Consultation and office visits - A broad variety of technologies and tactics to deliver virtual medical, public health, health education delivery and support services using telecommunications technologies. Telehealth is used more commonly as it describes the wide range of diagnosis and management, education, and other related fields of health care. This includes, but are not limited to: dentistry, counseling, physical and occupational therapy, home health, chronic disease monitoring and management, disaster management and consumer and professional education. [COFVHOS].

eICU – An electronic intensive care unit also referred to as a tele-ICU is a form of telemedicine that uses state of the art technology to provide an additional layer of critical care service. The goal of an eICU is to optimize clinical experience and facilitate 24-hour a day care by ICU caregivers. [EICUHOS].

Stroke care – Stroke telemedicine is a consultative modality that facilitates the care of patients with acute stroke by specialists at stroke centers. [STRCHOS]

Psychiatric and addiction treatment – Telepsychiatry can involve a range of services including psychiatric evaluations, therapy patient education, and medication management. [ADTRTHOS].

Remote patient monitoring – The use of digital technologies to collect medical and other forms of health data from individuals in one location and electronically transmit the information securely to health care providers in a different location for assessment and recommendation. [PDISHOS].

Tissue transplant: The branch of medicine that transfers tissue from one person to another or from one part to another to replace a diseased structure or to restore function or to change appearance. [TISUHOS].

Tobacco treatment/cessation

program: Organized hospital services with the purpose of ending tobacco-use habits of patients addicted to tobacco/nicotine. [TOBHOS].

Total capital expenditures: Expenses used to acquire assets, including buildings, remodeling projects, equipment, or property. [CEAMT].

Total facility employee benefits:

Includes social security, group insurance, retirement benefits, workman's compensation, unemployment insurance, etc. [NPAYBEN].

Total facility expenses (excluding bad

debt): Includes all expenses for the reporting period including payroll, non-payroll, and all operating expenses. *Payroll expenses* include all salaries and wages. *Non-payroll expenses* are all professional fees and those salary expenditures excluded from payroll. *Labor related expenses* are defined as payroll expenses plus employee benefits. *Non-labor related expenses* are all other

non-payroll expenses. Bad debt has been reclassified from an expense to a deduction from revenue in accordance with the revised AICPA Audit Guide. [EXPTOT].

Total facility payroll expenses: Includes all salaries and wages. Dollar value of the facility's total payroll for all personnel, including medical/dental residents and interns and other trainees. The dollar value includes payroll for personnel working in the nursing home unit of a hospital that owns and operates a nursing home-type unit/facility. All professional fees and salary expenditures excluded from payroll, such as employee benefits, are defined as non-payroll expenses and are included in *total expenses*. [PAYTOT].

Total gross square feet: Include all inpatient, outpatient, office, and support space used for or in support of health care activities; exclude exterior, roof, and garage space in the figure. [GFEET].

Total Medicaid days: Inpatient days where a Medicaid Managed Care Plan is the source of payment. [MCDIPD].

Total Medicaid discharges: Discharge days where a Medicaid Managed Care Plan is the source of payment. [MCDDC].

Total Medicare days: Inpatient days where Medicare Managed Care Plan is the source of payment. [MCRIPD].

Total Medicare discharges: Discharge days where a Medicare Managed Care Plan is the source of payment. [MCRDC].

Total outpatient visits: Number of outpatient visits reported by the hospital. An outpatient visit is defined as a visit by a patient who is not lodged in the hospital while receiving medical, dental, or other services. Each visit an outpatient makes to a discrete unit constitutes one visit regardless of the number of diagnostic and/or therapeutic treatments that the patient receives.

Total outpatient visits include all clinic visits, referred visits, observation services, outpatient surgeries, and emergency room visits. [VTOT].

Total full-time personnel (FT): Sum of all categories of full-time personnel working for the hospital, including: physicians and dentists; medical/dental residents and interns; other trainees; registered nurses; licensed practical or vocational nurses; nursing assistive personnel; all other personnel. This number includes those personnel working in the nursing home unit of a hospital that owns and operates a nursing home-type unit/facility. Full-time personnel are defined as those personnel working a minimum of 35 hours a week. [FTTOT].

Total part-time personnel (PT): Sum of all categories of part-time personnel working for the hospital, including: physicians and dentists; medical/dental residents and interns; other trainees; registered nurses; licensed practical or vocational nurses; nursing assistive personnel; all other personnel. This number includes those personnel working in the nursing home unit of a hospital that owns and operates a nursing home-type unit/facility. [PTTOT].

Total surgical operations: Those surgical operations, whether major or minor, performed in the operating room(s). A surgical operation involving more than one surgical procedure is still considered only one surgical operation. [SUROPTOT].

Traditional Medicare ACO Programs:

MSSP: Medicare Shared Savings Program. For fee-for-service beneficiaries. The Shared Savings Program has different tracks that allow ACOs to select an arrangement that makes the most sense for their organization. [MSSPT2] [MSSPT3] [MSSP1P].

NextGen: The Next Generation ACO model is an initiative for ACOs that are experienced in coordinating care for populations of patients. It allows these provider groups to assume higher levels of financial risk and reward. [MSSPNG].

Comprehensive ESRD Care: This model is designed to identify, test, and evaluate new ways to improve care for Medicare beneficiaries with End-Stage Renal Disease (ESRD). [MSSPCE].

Transportation to health services: A long-term care support service designed to assist the mobility of the elderly. Some programs offer improved financial access by offering reduced rates and barrier-free buses or vans with ramps and lifts to assist the elderly or handicapped; others offer subsidies for public transport systems or operate mini-bus services exclusively for use by senior citizens. [TPORTHOS].

Trauma center certified level: Level 1: A regional resource trauma center, which is capable of providing total care for every aspect of injury and plays a leadership role in trauma research and education. Level 2: A community trauma center, which is capable of providing trauma care to all but the most severely injured patients who require highly specialized care. Level 3: A rural trauma hospital, which is capable of providing care to a large number of injury victims and can resuscitate and stabilize more severely injured patients so that they can be transported to level 1 or 2 facilities. Level 4 or greater: Trauma centers are certified by the state in which they are located; sometimes, a hospital will supply the level designation assigned by the state, which may be different than the levels defined by AHA. [TRAUML90].

U

Ultrasound: The use of acoustic waves above the range of 20,000 cycles per second to visualize internal body structures. [ULTSNHOS].

Urgent care center: A facility that provides care and treatment for problems that are not life-threatening but require attention over the short term. These units function like emergency rooms but are separate from hospitals with which they may have backup affiliation arrangements. [URGCCHOS].

V

Violence prevention programs:

Workplace: A violence prevention program with goals and objectives for preventing workplace violence against staff and patients. **Community:** An organized program that attempts to make a positive impact on the type(s) of violence a community is experiencing. For example, it can assist victims of violent crimes, e.g., rape, or incidents, e.g., bullying, to hospital or to community services to prevent further victimization or retaliation. A program that targets the underlying circumstances that contribute to violence such as poor housing, insufficient job training, and/or substance abuse through means such as direct involvement and support, education, mentoring, anger management, crisis intervention and training programs would also qualify. [VWRKHOS][VCMMHOS]

Virtual colonoscopy: Noninvasive screening procedure used to visualize, analyze and detect cancerous or potentially cancerous polyps in the colon. [VRCSHOS].

Volunteer services department: An organized hospital department responsible for coordinating the services of volunteers working within the institution. [VOLSVHOS].

W

Women's health center / services: An area set aside for coordinated education and treatment services specifically for and promoted to women as provided by this special unit. Services may or may not include obstetrics but include a range of services other than obstetrics. [WOMHCHOS].

Wound Management Services -

hospital: Services for patients with chronic wounds and non-healing wounds often resulting

from diabetes, poor circulation, improper seating and immunocompromising conditions. [WMGTHOS].
