

## Full-time Research Assistant

Professor Grant Miller is seeking a full-time Research Assistant for Academic Year (AY) 2022-2023, with the possibility of an extension to AY 2023-2024. The job will involve close collaboration on a variety of research projects at the intersection of applied microeconomics, global health, and human rights (in particular, human trafficking). The Research Assistant will be based at Stanford in the Department of Health Policy, located next to the Departments of Economics and Political Science and the Graduate School of Business.

The ideal candidate will have the following qualifications:

- Strong quantitative background
- Strong programming skills
- Long-term interest in pursuing research in the social sciences
- Excellent academic record
- Prior experience as a research assistant in the social sciences is a plus but not required

**TO APPLY:** Please email a single PDF document named “[Lastname, Firstname] NBER\_RA\_2022” containing the following materials to [ngmiller@stanford.edu](mailto:ngmiller@stanford.edu):

1. A cover letter describing
  - a. Your interest in this position
  - b. Your familiarity with programming languages (Stata, R, etc.)
  - c. Your prior experience as a research assistant and/or with independent research projects (if applicable)
  - d. Names, e-mail addresses, and phone numbers of 2-3 references
  - e. Your earliest and preferred start dates
2. A current CV, including the following information
  - a. Your undergraduate degree
  - b. Your undergraduate institution
  - c. Your undergraduate GPA
  - d. The highest degree you will have obtained before your start date, and the institution
3. A transcript (unofficial is fine)
4. An original research paper (if available).

Please ask your references to send a letter of recommendation to Professor Miller at [ngmiller@stanford.edu](mailto:ngmiller@stanford.edu).

Applications will be considered on a rolling basis. Applicants whose backgrounds and experience would contribute to the diversity (broadly defined) of the Department and University are particularly encouraged to apply. Short-listed applicants will be asked to complete a technical exercise and may be called for an interview.
