RESEARCH PROFESSIONAL

The Fama-Miller Center for Research in Finance is looking for a highly skilled and motivated individual to work as a full-time research professional for multiple finance faculty. This position is expected to last two years and our preferred start date is June 2023, although we are willing to accommodate a later start. Applications will be evaluated on a rolling basis, there are a total of five open positions. Short-listed applicants will be asked to complete a technical exercise.

The ideal candidate will: (i) have a strong quantitative background; (ii) have strong computer skills including programming; (iii) be able to work independently and creatively to solve problems; and (iv) have a strong long-term interest in pursuing a PhD in economics, finance or related field. Background in economics is a plus, but not necessary – we welcome candidates with strong technical backgrounds who are looking for more exposure to economics and finance.
