## PREFATORY NOTE

THE papers appearing in this Supplement were presented before the Exploratory Conference on Capital Investment in Human Beings, held at the Carnegie Endowment International Center in New York City on December 1 and 2, 1961. The project was aided by a grant from the Carnegie Corporation of New York. The comments were prepared at the invitation of the Universities–National Bureau Committee for Economic Research, which sponsored the conference.

George P. Shultz was chairman of an exploratory committee that recommended the conference and suggested the initial outline of the program. Other members were Gary S. Becker, Frederick H. Harbison, Theodore W. Schultz, Robert M. Solow, and Charles D. Stewart.

Theodore W. Schultz was chairman of the program committee; Gary S. Becker was secretary. They consulted with others in preparing the program. The many suggestions and help received are gratefully acknowledged.

This is the fifteenth report in the National Bureau's Special Conference Series growing out of the work of the Universities–National Bureau Committee for Economic Research.

The editor of the Supplement was Theodore W. Schultz.

### RELATION OF NATIONAL BUREAU DIRECTORS TO PUBLICATIONS REPORTING CONFERENCE PROCEEDINGS

Since the present volume is a record of conference proceedings, it has been exempted from the rules governing submission of manuscripts to, and critical review by, the Board of Directors of the National Bureau. It has, however, been reviewed and accepted for publication by the Director of Research.

*(Resolution adopted July 6, 1948, as revised November 21, 1949)*

UNIVERSITIES-NATIONAL BUREAU COMMITTEE  
FOR ECONOMIC RESEARCH

This Committee is a co-operative venture of universities and the National Bureau. Its guiding objective is the encouragement of economic research on problems susceptible of objective treatment and of sufficiently broad scope to merit attention by institutions serving a scientific and public interest.
