

This PDF is a selection from a published volume from the National Bureau of Economic Research

Volume Title: Economic Analysis of the Digital Economy

Volume Author/Editor: Avi Goldfarb, Shane M. Greenstein, and Catherine E. Tucker, editors

Volume Publisher: University of Chicago Press

Volume ISBN: 0-226-20684-X; 978-0-226-20684-4

Volume URL: <http://www.nber.org/books/gree13-1>

Conference Date: June 6–7, 2013

Publication Date: April 2015

Chapter Title: List of contributors, indexes

Chapter Author(s): Avi Goldfarb, Shane M. Greenstein, Catherine E. Tucker

Chapter URL: <http://www.nber.org/chapters/c13873>

Chapter pages in book: (p. 481 – 497)

Contributors

Ajay Agrawal
Rotman School of Management
University of Toronto
105 St. George Street
Toronto, ON M5S 3E6 Canada

Ashish Arora

Subject Index

Page numbers followed by *f* or *t* refer to figures or tables, respectively.

- Activity bias, 205–9
Axiom, 316
Adam Smith marketplace, 311–12
Ad exchanges, 201
Advertising, 191; activity bias and, 205–9; case study of large-scale experiment, 202–5; challenges in measuring, 192–95; computational, advances in, 211–13; computational methods for improving effectiveness of, 195–99; evolution of metrics for, 199–202; measuring long-run returns to, 209–11; study of online, 10; targeted, 3, 195, 199; untargeted, 199n14. *See also* Digital advertising
Agency model, Apple's, 160
Airbnb, 11
Amazon, 140, 316
Amazon Coins, 257
American Time Use Survey (ATUS), 7, 56, 59–71; computer use for leisure, 61–62, 62t; demographics of online leisure time, 65–70; ways Americans spend their time, 62–63, 63f, 64f, 65f
Antipiracy enforcement efforts, impact of, 472–74
Apple: agency model, 160; iBookstore, 160; platform-specific currencies of, 259
Appliances, home, predicting demand for, 100–101
Arrow-Debreu “complete” market, 312
Attribution problem, 201–2
ATUS. *See* American Time Use Survey (ATUS)
Authors, payments to, 357–60; data, 361–65; income from profit sharing, 371–73; lump sum, 365–71; total income to, 373–77. *See also* Copyrights
Automated targeting, 195, 199
Barnes & Noble, 140, 141; top search terms leading users to, 145–47, 146t
Barnesandnoble.com, 140
Basic structural model, 120–21
Bayesian model averaging, 123. *See also* Variable selection
Bayesian Structural Time Series (BSTS), 120, 124, 129, 130
Beckford v. Hood, 361
Berners-Lee, Tim, 27
Bitcoin, 258, 259, 272
Book industry, 138–39; current retail, 140; data sets for, 143–44; overview of, 140–44
Book industry, online: literature on, 139–40; price dispersion and, 139
Book-oriented platforms, search activity on, 150–51, 152t
Book-related searches: combining data from comScore and Google Trends, 152–55;

- Book-related searches (*cont.*)
 dynamics of, 151–52; for specific titles, 155–59
- Books: booksellers' sites for finding, 148–49; online sales of, 137–38; online searching for, 144–51; price comparison sites for, 144. *See also* E-books; Print books
- Books, searching for, 144–51
- Book searches, 9
- Booksellers, searching for, 144–51
- Booksellers' sites: activities of searchers after visiting, 149–50, 149t; for finding books, 148–49
- Bookstores, online, for book searches, 144
- Bookstores, revenue of leading, 143, 143t
- Borders, 140
- Boundaries, firm, online contract labor markets and, 239–40
- Brick-and-mortar books stores: retail sales of, 142–43, 142f
- BSTS. *See* Bayesian Structural Time Series (BSTS)
- Business Software Alliance (BSA), 449
- Case-Shiller index, 91–92
- Cerf, Vint, 26
- CERN. *See* European Organization for Nuclear Research (CERN)
- ChoicePoint, 316
- Clark, David, 26
- Click-through rate (CTR), 192, 199–200
- Communications costs, effect of low, 2
- Complementaries, between display and search advertising, 201–2
- Complete-markets framework, 311–12; atomistic interaction among players and, 316–17; frictionless markets and, 315; full information and, 315; trade-offs and, 315; violating, 312–14
- Computational advertising, advances in, 211–13. *See also* Advertising
- “Computer use for leisure,” 62–63, 64f
- Computing market segments: platforms and, 5
- comScore, 152–55
- Consumer research behavior, literature on, 139
- Consumer sentiment: nowcasting, 124–27; University of Michigan monthly survey of, 124
- Contract labor, demand for, 228
- Contract labor markets: influence of information frictions on matching outcomes in, 220–23; introduction to, 219–22; patterns of trade in, 220
- Contract labor markets, online: boundaries of the firm and, 239–40; demand for contract labor in, 228; design of, 240–43; digitization and, 11; economics of, 226–30; geographic distribution of work and, 230–35; growth in, 221–22; income distribution and, 235–39; labor supply and, 227–28; platforms and, 229–30, 240–43; social welfare implications of, 243–45
- Copyrights, 357; data for analysis of, 361–65; digitization and, 13–14; evidence on effects of stronger, 357–58; example of Sir Walter Scott, 373–77; income from profit sharing and, 371–73; lump sum payments to authors and, 365–71; in romantic period Britain, 360–61
- CTR. *See* Click-through rate (CTR)
- Currencies: platform-specific, 258–59; private, 11. *See also* Private digital currencies
- Customer acquisition, 200–201
- Data, online, potential of, 8
- Data breaches: cross-border, 330–33; discipline by equity markets and, 339–41; discipline by equity markets and, literature review of, 347; disclosure of, 317; frameworks for analyzing, 310–20; probability distribution of, 318–19; at Target, 318n8; trends in business costs of, 335–39. *See also* Information loss
- Data holders, 316
- Data security, digitization and, 12–13
- Data subjects, 316
- Dell key (Sarah), 454
- Digital advertising, 191–92; data reporting for, 192. *See also* Advertising
- Digital books. *See* E-books
- Digital currencies. *See* Private digital currencies
- Digital information: challenges of privacy and security and, 2
- Digital media, studies of: case 1: effect of graduated response antipiracy law on digital music sales, 387–90; case 2: effect of Megaupload shutdown on dig-

- ital movie sales, 391–94; case 3: effect of digital distribution of television on piracy and DVD sales, 394–96
- Digital movie sales, effect of Megaupload shutdown on, 391–94
- Digital music sales, effect of graduated response antipiracy law on, 387–90
- Digital news. *See* News, online
- Digital piracy, 357; defined, 444
- Digital Rights Management (DRM), 141–42
- Digital technology, 1; demand for, 6; role of growth of digital communication in rise of, 1–2; search costs and, 8–9
- Digitization: economic impact of, 1; economic transactions and, 7–8; frictions and, 11; government policy and, 12–15; markets changed by, 10; markets enabled by, 10–11; online labor markets and, 11; online sales and, 137; personal information and, 3; private currencies and, 11; ways markets function and, 8–9
