# Subject Index

- Accelerated Cost Recovery System, 95  
Accidents, work related, 363–64  
Age: and child support, 480; effect on interfamily transfers, 411, 415  
Aged: concerns of, 69; federal aid to, 11; health insurance, 9; importance of intrafamily transfers, 70n; income realization of, 96; and inflation, 148–49; inflation vulnerability of, 150, 153, 155; and nominal interest rates, 149; real income of, 126; Social Security indexing as protection against inflation, 154; vulnerability of, 147–56  
Aid to Families with Dependent Children, 24, 215, 429, 442, 446, 492, 496, 498  
Air quality, 370; improvements in, 379; standards, 361; as variable in hedonic wage model, 371  
Alimony, 430, 442, 446, 491; and labor force participation, 497  
American Council on Education, 24  
American Institute of Public Opinion, 8  
Assets, preferred, 111  
Atkinson Index, calculation of, 315  
  
Bearer bonds, 121  
Beneficiaries, 101  
Benefit Amounts Survey, 273, 288  
Benefit rules, 274  
Bequests, and earnings inequality, 393  
Blacks. *See* Minorities  
Blind, federal aid to, 11  
  
Capital, human, calculation of, 169–70  
Capital income: relationship to inheritance, 101; and tax shelters, 109  
Carbon monoxide, 362  
Carcinogen exposure, as variable in hedonic wage model, 372  
Carter, Jimmy, 11  
Cash transfer system, horizontal inequity of, 247  
Children: age of, and probability of receiving child support, 485; cost of, 48; financial effect of divorce on, 449  
Child support, 430, 442, 474, 491; effect of race on, 477; empirical analysis of, 476–86; factors affecting amount of, 507; factors affecting payment of, 507; indexing of, 480; and labor force participation, 497; probability of being awarded, 477–81; probability of receiving, 481–86; and probability of remarriage, 498, 507; voluntary vs. court ordered, 485  
Civil rights revolution, 23, 31  
Clean Air Act, 360  
College freshmen, attitudes towards life goals, 24–26  
Consumer Price Index, 125, 135  
Consumption power, 70  
Consumption tax, 95, 114  
Conventional pension plans, 280, 282, 289  
Cost-of-living, 125; index, 342  
Cost recovery, 95

- Crime rate, as variable in hedonic wage model, 371
- Current Population Survey, 304, 360, 474, 506
- Deferred retirement, economic rewards of, 276–85. *See also* Retirement
- Depreciation, 95; need for better measurement of, 114
- Depression, 13
- Disability Insurance, 316
- Disabled: categories of, 305; differences in income between nondisabled, 295–304; and disability insurance, 316; earnings of, 293, 294; educational level of, and income, 296, 320; federal aid to, 11; and federal taxes, 298; income inequality of, 299–302, 309–11; income of white and nonwhite compared, 317–19; income status of, 297–99, 306–9; income uncertainty of, 302–4, 311–13; and railroad retirement, 316; relative economic status of, 314; and Social Security, 316; and Supplemental Security Income, 316
- Divorce: financial effect on men, 449; income level of women following, 434–35, 436; and labor force participation rate for women, 440
- Early retirement, 270. *See also* Retirement
- Economic Report of the President*, 170, 171
- Economic status, perceptions of, 16–18
- Educational level: of disabled, effect on income, 296, 320; effect on comprehensiveness of health insurance, 337; and interfamily transfers, 412, 414; and probability of receiving child support, 484; and remarriage, 448; and savings behavior, 342; as variable in hedonic wage model, 372
- Eisenhower, Dwight, 12, 23
- Elderly. *See* Aged
- Environmental hazards, 4
- Environmental policy, 370
- Environmental Protection Agency (EPA), 361
- Environmental risks, use of wage model in, 387
- EPA, 361
- Equilibrium wage rates, 380
- Equity, horizontal: classification of, 186–88; concept of, 241–44; defined, 182; net, 328; vertical, 182, 186–88
- Equity principle, 183
- European Community, 35
- Families, nonhuman wealth of, 145
- Family income: changes in, with marital instability, 433–36; changes in composition with divorce, 439–40
- Family size, and health insurance coverage, 334, 342
- Family wealth. *See* Household wealth
- Farms, percent of household wealth, 331
- Financial status, perceptions of, 16–18
- Flower children, 31
- Food, price inflation of, 24
- Food stamps, 11; and horizontal inequities, 255–56
