Prefatory Note

This volume contains revised versions of the papers and discussion presented at the Conference on Research in Income and Wealth entitled Labor Statistics Measurement Issues, held in Washington, D.C., on 15–16 December 1994. Conference participants also attended a preconference at the National Bureau of Economic Research in August 1994.

Funds for the Conference on Research in Income and Wealth are provided to the National Bureau of Economic Research by the Bureau of the Census, the Bureau of Economic Analysis, the Bureau of Labor Statistics, the Internal Revenue Service, the National Science Foundation, and Statistics Canada; we are indebted to them for their support. The Labor Statistics Measurement Issues conference was supported under National Science Foundation grant SBR 9410038.

We also thank John Haltiwanger, Marilyn E. Manser, and Robert Topel, who served as conference organizers and editors of this volume.
